	9 hours

Total hours: **9 hours**

Course Descriptions

ITSW 1301 Introduction to Word Processing

Presents an overview of the production of documents, tables, and graphics. Identifies word processing terminology and concepts; creates technical documents; formats and edits documents; uses simple tools and utilities, and prints documents. Presents pagination, merge and storage of documents. Prerequisite: POFT 1393 with a grade of C or better or a keyboarding skill of 30 words a minute using touch method. Semester Hours 3 (2 lec/2 lab)

POFI 2340 Advanced Word Processing

Presents advanced word processing techniques using merging, macros, graphics, and desktop publishing. Includes extensive formatting for technical documents. Emphasis is on business applications. Students will design and create macros, use advanced formatting features, import data, and use graphic and special functions to enhance documents. Emphasizes advanced printing techniques. This course is designed to be repeated multiple times to improve student proficiency. Offered only in fall semester. Prerequisite: ITSW 1301 with a grade of C or better or consent of the program director. Semester Hours 3 (2 lec/2 lab)

ARTC 1313 Digital Publishing I

Introduces the fundamentals of using digital layout as a primary publishing tool and the basic concepts and terminology associated with typography and page layout. Students learn to apply fundamentals of page layout, define typographic terminology and specifications, import text and graphics into page layout programs, and the course discusses file formats and file management. Prerequisite: ITSW 1301 with a grade of C or better. Semester Hours 3 (2 lec/2 lab)
