Course Description:

Individual Instruction in voice or guitar. Available to non-majors as well as music majors who wish to study a secondary applied emphasis. Involves one private lesson per week. See practice requirements below. May be repeated for credit.

Prerequisites and/or Corequisites:

None

Course Notes and Instructor Recommendations:

It is highly recommended that the student purchase a guitar for use with this course. Some school guitars may be available for student use but there will not be enough guitars for all students and the student will not be able to take the guitars off-campus, thus limiting practice time. **A nylon string or “classical” guitar will work best** with the music played in this course. Use of a steel string guitar is acceptable but not preferred.

Practice time: During the first three weeks of class students should set aside 30 minutes per day, 6 days per week to practice assigned material. Thereafter students should set aside a minimum of an hour each day to practice assigned material.

Students must also have a FOOTSTOOL. These can be purchased from local music stores for around \$15.00 or online at musiciansfriend.com for \$10.00 or less.

In addition, it is highly recommend that students purchase a metronome. They can be found for anywhere from \$20.00 to \$55.00 at local music stores or online. A \$20.00 metronome will be more than adequate.

Also, an electronic tuner or reliable phone app tuner will be very helpful. It will allow you to tune your guitar quickly before class and every time you practice. You can find a tuner for anywhere from \$20.00 to \$50.00 or more. If you’re not sure about which one to get, call me (299-8258).

PARTICIPATION: The student is expected to actively participate in his or her lesson by asking questions, giving feedback, and performing to the best of his or her ability during the lesson.

PREPAREDNESS: The student is expected to be on time. Practice is essential and nail care is also taken into account. Nails must be taken care of before the lesson.

YOU CANNOT CRAM FOR THIS COURSE. Skills are acquired over time, learning and reinforcing the movements and necessary coordination every day. Don't wait until the day before your lesson to practice!

PRACTICE JOURNAL: The student will keep a practice journal in which daily practice time, material practiced, questions and observations will be logged. The journal will be checked at two-week intervals by the instructor and will be part of the student's semester grade.

JURIES: A jury will be played at the semester's end for the string faculty. This will demonstrate the work done and progress achieved during the semester. At least three pieces will need to be prepared for the jury.

Course Outline or Schedule:

Weekly grades will be given based on the student's progress toward the goals assigned at each weekly lesson. Fourteen 50 minute lessons will be given during the course of the semester. There will be no lesson the first week of classes while student and instructor schedules are put in place. There will not be a lesson during the last week of the semester as it is exam week and the student will have played the equivalent of the guitar lesson exam the week before on jury day.

Programs from five live MCC music department performances will be turned in before the end of the semester. This will count as 10% of the final grade.

A jury will be played at the end of the semester. This will be a short presentation of no more than 10 minutes. The student will play material representative of the study done during the semester. This typically consists of the performance of one or more solo pieces and some technique studies such as scale or arpeggios. The jury performance will count as 14% of the final grade.
