To develop the skills necessary to work as a professional guitarist by learning the following (at the current skill level of the student):

- 1) play a variety of **accompaniment** styles.
- 2) **improvise** using **scales** and **arpeggio** patterns combined with knowledge of chord-scale relationships.
- 3) **read** chord charts and melody lines.
- 4) play a continually expanding repertoire of **songs**.

Course Outline or Schedule:

Weekly grades will be given based on the student's progress toward the goals assigned at each weekly lesson. Fourteen 50 minute lessons will be given during the course of the semester. There will be no lesson the first week of classes while student and instructor schedules are put in place. There will not be a lesson during the last week of the semester as it is exam week and the student will have played the equivalent of the guitar lesson exam the week before on jury day.

Programs from five live MCC music department performances (in which the student did NOT perform) will be turned in before the end of the semester. This will count as 10% of the final grade.

Students are required to practice at least one hour per day. Guitar majors should set aside time to practice at least 2 hours per day.

A jury will be played at the end of the semester. This will be a short presentation of no more than 10 minutes. The student will play material representative of the study done during the semester. This typically consists of the performance of a song or songs and some technique studies. The student will play the melody, chord progression (with proper accompaniment style), and improvise over the chord progression of the song(s) assigned for the jury. Technical studies such as scales and arpeggios may also be assigned for the jury. The jury performance will count as 12% of the final grade.

It is highly recommend that students purchase a metronome or metronome app for their phone. Metronomes can be found for anywhere from \$20.00 to \$55.00 at local music stores or online. A \$20.00 metronome will be more than adequate.

Also, an electronic tuner or reliable phone app tuner will be very helpful. It will allow you to tune your guitar quickly before class and every time you practice. You can find a tuner for anywhere from \$20.00 to \$50.00 or more. If you're not sure about which one to get, call me (299-8258).
