Grading Policy

GRADE DETERMINATION

A grade of "C" (78) or better in theory is required to pass all nursing courses. Clinical laboratory grades are on a credit/non-credit basis.

The student must pass both theory and clinical to progress in the Vocational Nursing Program.

College Grading System Scale:

The following shall be the system used for reporting and evaluating student grades at McLennan Community College.

| COURSE GRADE | | GRADE POINTS PER SEMESTER HOUR |
|--------------|-----------|-----------------------------------|
| A | EXCELLENT | 4 |
| B | GOOD | 3 |
| C | FAIR | 2 |
| D | POOR | 1 |
| F | FAILURE | 0 |

Grade Determination – Effective with classes entering nursing school starting Fall 2012 to present.

A grade of "C" (78) or better in theory and a grade of SATISFACTORY in clinical is required to pass the course. The grade values are as follows:

A = 90 – 100

B = 80 – 89

C = 78 – 79

D = 65 – 77

F = Below 65

Grade Calculations:

All unit exams are calculated by a percentage computed to two decimal places. Exam grades will be figured to two decimal places. The final exam for the course will be computed to two decimal places. **No grades will be rounded.**

NURSING IN HEALTH & ILLNESS II

VNSG 1509.80

Final Examinations:

A comprehensive exam will be given at the termination of the course. All critical skills for the course must be completed satisfactorily before the final exam can be taken. All regular examination policies apply to the final exam. The final exam **will not** be rounded off.

All students in the first semester of the Vocational Nursing Program were administered a HESI Pharmacology Specialty Exam and will be administered a second HESI Pharmacology Specialty Exam in VNSG 1509. To better enhance the student's overall ability to complete the Vocational Nursing Program and to enhance probability of a successful NCLEX Board Exam result, the grade received for the second HESI Pharmacology Specialty Exam, will be counted towards the student's overall grade average for VNSG 1509. Therefore, the second HESI Pharmacology Specialty Exam will be added to the four (4) content exams and comprehensive exam for a total of six exams. The comprehensive final exam will cover VNSG 1509 material. In order to pass VNSG 1509 and progress to VNSG 1510, the student must have a minimum course average of 78%. Each exam will be weighted differently and it is highly recommended and encouraged that the student spend a minimum of four (4) hours a week in pharmacology remediation offered by HESI.

Student Behavioral Expectations or Conduct Policy:

“Students are expected to maintain classroom decorum that includes respect for other students and the instructor, prompt and regular attendance, and an attitude that seeks to take full advantage of the education opportunity.”

Electronic Communication

This policy applies to all students enrolled at McLennan Community College (MCC) and to all MCC employees. All students, staff, and faculty will use their official college e-mail addresses when conducting college business.

It is MCC’s policy to assign all students, upon registration, an official e-mail address, which may remain in effect up to twelve months after students are no longer enrolled at MCC. MCC student e-mail addresses will be the only e-mail authorized to communicate official college information or business. Students are expected to read and, if needed, respond in a timely manner to college e-mails. It is suggested that students check college e-mail daily to avoid missing time-sensitive or important college messages. Students may forward college e-mails to alternate e-mail addresses; however, MCC will not be held responsible for e-mails forwarded to alternate addresses. A student’s failure to receive or read official communications sent to the student’s assigned e-mail address in a timely manner does not absolve the student from knowing and complying with the content of the official communication.

Privacy and Confidentiality

Official college communications sent by e-mail are subject to public information, privacy, and records-retention requirements and to other policies and procedures.

Instructional Uses of E-mail

Faculty members will determine classroom use of e-mail or electronic communications. Faculty will expect students to check college e-mail on regular bases unless another communication method is indicated in the course syllabus. Faculty should inform students in the course syllabus of any special or unusual expectations for electronic communications. If a faculty member prefers not to communicate by e-mail with her/his students, it should be reflected in the course syllabus and information should be provided for the preferred form of communication.

Appropriate Use of Electronic Communication

The official college e-mail address assigned to students can be revoked if it is determined the student is utilizing it inappropriately. College e-mail must not be used to send offensive or disruptive messages nor to display messages that violate state or federal law.

Liability Statement

McLennan Community College, its staff and/or clinical facility and staff are not financially liable for illness, injury or medical expense that may occur in the Vocational Nursing Program. It is the student's responsibility to provide adequate health care by medical insurance or other means.

“Subject to Change” Disclaimer

The policies, regulations, procedures and fees associated with the Vocational Nursing Program are subject to change without prior notice, if necessary, to keep College and Program policies in compliance with State and Federal laws and/or with rules related to the program’s accrediting agency.

The College and the Vocational Nursing Program reserve the right to change curricula, rules, fees and other requirements, of whatever kind, affecting students in any way. The provisions of this document do not constitute a contract, express or implied, between any applicant, student, faculty or staff member and McLennan Community College or the Vocational Nursing Program.
