COLLEGE

WACO, TEXAS

COURSE SYLLABUS

AND

INSTRUCTOR PLAN

VETERINARY ANATOMY AND PHYSIOLOGY

VTHT 1413.75

DENNIS A. CLARK, DVM

NOTE: This is a 16-week course.

NOTE: This is a Blended/Hybrid course.

COVID 19 Notice:

McLennan Community College is committed to providing you with every resource you need to reach your academic goals. We are also concerned for your safety. We are working through COVID-19 guidelines to make sure we offer a safe environment for you and our faculty. This will include smaller class sizes to manage social distancing and proper cleaning techniques. You will have the advantage of a physical classroom experience but may also need to work part of the time online as we adjust to limited classroom capacity. This will also allow us the flexibility to move online if so directed by federal, state and/or local COVID 19 guidelines. Faculty and staff are preparing now to ensure that you have the best experience in the midst of these uncertain times.

VETERINARY ANATOMY & PHYSIOLOGY

VTHT 1413.75

Course Description:

Gross anatomy of domestic animals including physiological explanations of how each organ system functions.

Semester Hours: 4 (3 lec/4 lab)

Prerequisites and/or Corequisites:

Prerequisites: Admission into the Veterinary Technology Program.

Course Notes and Instructor Recommendations:

The objective of this course is to provide the student with a working competency in anatomy and physiology that will be continually reinforced as the student advances in their clinical studies. Before a student can recognize an abnormal condition in an animal or perform a clinical procedure, he/she must be able to recognize where structures are within the body and what is considered to be normal in the animal.

Instructor Information:

Instructor Name: Dennis A. Clark, DVM

MCC Email: dclark@mclennan.edu

Office Phone Number: 254-299-8771

Cell phone/text: 254-715-3258

Office Location: RANC 125

Office/Teacher Conference Hours: Tuesday 1130hrs- 1250hrs; Wednesday 1300hrs- 1500hrs; by appointment on Fridays

Lecture- Monday 1030-1150hrs, Tuesday 0830-0950hrs

Lab- Thursday 0830-1220hrs & 1300-1650hrs

Other Instruction Information: Email is the best way to contact me. **It is essential that you have a fully functioning MCC email account and that you check it often.** This is the primary way that I communicate. You need to use your student email address as this is where emails will be sent

Required Text & Materials:

- A. Clinical Anatomy & Physiology for Veterinary Technicians 3rd Edition. Thomas Colville and Joanna M. Bassert
- B. Clinical Anatomy & Physiology Laboratory Manual for Veterinary Technicians 3rd Edition. Thomas Colville and Joanna M. Bassert
- C. Case Studies in Veterinary Technology. Jody Rockett and Chani Christensen

MCC Bookstore Website: <http://www.mclennan.edu/bookstore/>

TECHNOLOGY REQUIREMENTS

You must have a computer or tablet with a working internet connection. You must be able to receive and send emails on a regular basis. You must be able to use BrightSpace on your computer or tablet. If you **do not** have: 1. a working computer or tablet 2. working email away from campus 3. an internet connection, you may use the computers in the Vet Tech library while at school. This class will have assigns, quizzes, and vital information

Student Support/Resources:

MCC provides a variety of services to support student success in the classroom and in your academic pursuits to include counseling, tutors, technology help desk, advising, financial aid, etc. A listing of these and the many other services available to our students is available at <http://www.mclennan.edu/campus-resource-guide/>

College personnel recognize that food, housing, and transportation are essential for student success. If you are having trouble securing these resources, we encourage you to contact a success coach by calling (254) 299-8226. Students can visit the Completion Center Monday-Friday from 8:00 a.m.-5:00 p.m. to meet with a success coach and receive additional resources and support to help reach academic and personal goals. Paulanne's Pantry (MCC's food pantry) is open 12:00 p.m.-1:00 p.m., Monday-Friday, without an appointment. The Completion Center and pantry are located on the Second Floor of the Student Services Center (SSC).

MCC Foundation Emergency Grant Fund:

Unanticipated expenses, such as car repairs, medical bills, housing, or job loss can affect us all. Should an unexpected expense arise, the MCC Foundation has an emergency grant fund that may be able to assist you. Please go to <https://www.mclennan.edu/foundation/scholarships-and-resources/emergencygrant.html> to find out more about the emergency grant. The application can be found [here](https://www.mclennan.edu/foundation/docs/Emergency_Grant_Application.pdf) (https://www.mclennan.edu/foundation/docs/Emergency_Grant_Application.pdf).

Minimum Technical Skills:

Students should have basic computer skills, knowledge of word processing software, and a basic understanding of how to use search engines and common web browsers.

Backup Plan for Technology:

In the event MCC's technology systems are down, you will be contacted/notified through your MCC student email address. Please note that all assignments and activities will be due on the date specified in the Instructor Plan, unless otherwise noted by the instructor.

*** [Click Here for the Minimum System Requirements to Utilize MCC's D2L|Brightspace](https://www.mclennan.edu/center-for-teaching-and-learning/Faculty%20and%20Staff%20Commons/requirements.html)**
(<https://www.mclennan.edu/center-for-teaching-and-learning/Faculty%20and%20Staff%20Commons/requirements.html>)

Click on the link above for information on the minimum system requirements needed to reliably access your courses in MCC's D2L|Brightspace learning management system.

Email Policy:

McLennan Community College would like to remind you of the policy (<http://www.mclennan.edu/employees/policy-manual/docs/E-XXXI-B.pdf>) regarding college email. All students, faculty, and staff are encouraged to use their McLennan email addresses when conducting college business.

A student's McLennan email address is the preferred email address that college employees should use for official college information or business. Students are expected to read and, if needed, respond in a timely manner to college emails.

Instructional Uses of Email:

Faculty members can determine classroom use of email or electronic communications. Faculty should expect and encourage students to check the college email on a regular basis. Faculty should inform students in the course syllabus if another communication method is to be used and of any special or unusual expectations for electronic communications.

If a faculty member prefers not to communicate by email with her/his students, it should be reflected in the course syllabus and information should be provided for the preferred form of communication.

Email on Mobile Devices:

The College recommends that you set up your mobile device to receive McLennan emails.

Forwarding Emails:

You may forward the emails that come to your McLennan address to alternate email addresses; however, the College will not be held responsible for emails forwarded to an alternate address that may become lost or placed in junk or spam filters.

Methods of Teaching and Learning:

Lecture and Laboratory

VETERINARY ANATOMY & PHYSIOLOGY

VTHT 1413.75

Course Objectives and/or Competencies:

Upon successful completion of this course the student will be able to:

1. Describe the physical and chemical factors that are responsible for the origin, development and progression of life.
2. Detail the anatomy and physiology of the cells, tissues, organs, and systems
3. Explain the interrelationships of body organs and systems
4. Compare the anatomy and physiology in our domestic animals
5. Compare the physiology and various pathophysiologic conditions of animals and relate this to similar conditions in humans
6. Identify various muscles, organs and structures within the body using anatomical models and specimens.
7. Recognize muscles, arteries, veins using a preserved specimen and comparing this in the live animal.

The study of Anatomy and Physiology is the foundation for the recognition of normal and abnormal clinical conditions of animals.

YOU MUST BE ABLE TO DETERMINE THE NORMAL ANATOMY AND PHYSIOLOGY BEFORE YOU CAN RECOGNIZE THE ABNORMAL.

Course Outline or Schedule:

See BrightSpace

Course Grading Information:

LECTURE EXAMS. Lecture exams are objective in format, i.e., multiple choice, true/false, matching, fill-in-the-blank and short answer. The exams will be worth 100 points each. There will be 12 exams in this class. The exams may contain questions from the class assignments, quizzes or word-of-the-day. Any grading errors must be reported to the instructor no later than the end of the week following the exam. The final exam will be worth 200 points and will be **comprehensive over the entire course.**

FINAL EXAM. A comprehensive exam, covering information from the entire course, will be given. This exam will be worth 200 points and administered during finals week. This exam will be objective in format (MC, T/F, etc).

VETERINARY ANATOMY & PHYSIOLOGY

VTHT 1413.75

LABORATORY EXAMS– All laboratory exams will be fill-in-the blank and involve identification of structures within the body or functions of certain structures within the body. There will be a mid-term and final lab exam. Both exams will be worth 100 points. **The final lab exam will be comprehensive over the entire course. Word banks will not be provided for lab exams- Don't ask, the answer will be "no".**

Late Work, Attendance, and Make Up Work Policies:

As stated in the Student attendance policy: Students will be permitted to make up class work and assignments missed due to absences caused by (1) authorized participation in official College functions, (2) personal illness, (3) an illness or a death in the immediate family or (4) the observance of a religious holy day. Also, the instructor has the prerogative of determining whether a student may make up work missed due to absences for other reasons. It is the student's responsibility to inform the instructor of the reason for an absence and to do so in a timely fashion. If the student misses an exam he/she will be allowed to make up the missed exam ONLY IF the absence is caused by one of the 4 causes listed above. Personal illnesses will require a doctor's note before you can make up any missed exams or work. Make up exams and assignments may be Essay in nature and may be taken at the MCC Testing Center. **Missed labs will be made up by scheduling time outside of class with the instructors. LABORATORY EXAMS CANNOT BE MADE UP UNDER ANY CIRCUMSTANCES.**

WEEKLY QUIZZES: Quizzes will cover the reading for that week and will be on BrightSpace. The quizzes will be available from the Monday at 0700hrs until Sunday at 2359hrs. You will have two attempts to take the quiz. There is no make up for missed quizzes. Each quiz is worth 10 points. There will be 15 quizzes in this class. The instructor may use pop-quizzes at any time as a way to measure learning and to take attendance. All pop-quizzes will be worth 10 points.

LABORATORY PARTICIPATION: Attendance and active participation is essential to being successful in this course. These will be graded weekly for a maximum of 10 points per week for a total of 150 points. Additionally, your completion of Kennel Duty will be monitored during this class. Kennel duty will be worth 50 points.

CLASS ASSIGNMENT – ESSAY: A paper is required to be completed and turned in by Thursday **November 12th**. This paper should compare and contrast the rear limb of the horse, the dog and the cow. The paper should give the similarities and the differences of the anatomy of the rear limb of each animal. A discussion of the "Stay Apparatus" of the horse should be included in the paper. This paper is worth 150 points of your total grade. This paper must be typed spaced and turned in electronically. **Handwritten papers will not be accepted.** Computers are available for use in the Vet Tech Library room and in the Main Campus Library. Include a Works Cited page in your paper that includes at least three (3) sources. Only one (1)

source can be in a digital format (website, email, television, video, etc). The other two (2) sources needs to come from a journal, book or other printed material. For more information on how to document your sources in MLA style, go to this website:

http://www.english.uiuc.edu/cws/wworkshop/writer_resources/citation_styles/mla/mla.htm#authors. APA style is also accepted. Papers will not be accepted after November 13th under any circumstances.

LAB SPECIMENS AND CADAVERS: The items are to be studied in the lab and not to be removed from the lab room. The lab can be opened for study at anytime during the school week as long as I am in the building. It is asked that the lab specimens and cadavers be respected at all times. Causing damage to such specimens can lead to disciplinary measures.

GRADE DETERMINATION

- A. Taking the total points earned in lecture and lab will determine your final grade.

For example:

Lecture Exam Grades: 74, 68, 81, 80, 90, 86, 77, 69, 89 ,91, 76, 100 = 981.

Final Exam: 180=180

Lab Exam Grades: 78, 95= 173.

Quiz Grades: 10,8,9,7,10,8,9,10,7,9,6,10,8,9,10=130

Laboratory Participation: 140, 50=190

Class Assignment grades: 135= 135

Course Grade = 981 + 180 + 173 + 130 + 190 + 135 = 1789/1300 (Total points possible from all seven categories) which is a B in the course.

- B. **Final grades are based on:**

2100 to 1890 points = A

1889.9 to 1680 points = B

1679.9 to 1470 points = C

1469.9 to 1365 points = D

1364.9 points and below = F

- C. **You must pass this course with a minimum of 1470 points (70 average). Failure to achieve a minimum of 1470 points (70 average) will result in dismissal from the Veterinary Technology Program.**

INFORMATION

- A. **Anatomy and Physiology can only be learned through repetition.** In order to fully understand and remember the material it is important for you to read the chapters before class and then to spend a certain amount of time reviewing the information each day. The more you review something the easier it is to learn and remember.

VETERINARY ANATOMY & PHYSIOLOGY

VTHT 1413.75

You should plan on spending at the **minimum**, 2 hours of study for every hour of class/lab. **Do not wait until the day before the exam to try to learn everything.**

- B. Please turnoff or silence all cellular phones and place them inside the cell phone basket when entering the classroom or laboratory. The devices are disturbing to your fellow classmates and instructor. If you are expecting an important call, then please inform the instructor ahead of time.
- C. This course is taught on the basis of mutual respect. I respect your desire to learn the material and will do my best to present it in a way to facilitate learning. You need to respect the classroom environment, your fellow students and the instructor.
- D. **Cheating will not be tolerated in this course.** This includes copying answers from another students paper, turning in work that is not your own or copying anything from another source without appropriate credit given to the original author. If suspected, a grade of “0” will be given on the first occurrence and the second occurrence will lead to an “F” in the course and dismissal from the program.

Student Behavioral Expectations or Conduct Policy:

CODE OF STUDENT CONDUCT FOR VETERINARY TECHNOLOGY:

To ensure the greatest possible learning experience and to respect the student’s desire to learn as well as the instructor’s goal to instruct, we have adopted a code of conduct to direct the Veterinary Technology program at McLennan Community College. This code of conduct is not intended to supersede the general conduct policies of the college but rather to augment the general conduct policy and apply it as it pertains to the Veterinary Technology program.

1. **All cell phones and pagers WILL be turned off or silenced during class, labs and field trips.** If you leave the room to answer a cell phone for any reason other than an emergency you will not be allowed to reenter the classroom.
2. It is expected that the students will be on time to all lectures, labs and field trips and if the student arrives late he or she will enter the room as quietly and unobtrusively as possible.
3. It is expected that the student attend every class, lab and/or field trip.

VETERINARY ANATOMY & PHYSIOLOGY

VTHT 1413.75

4. The program encourages students to work together and to discuss academic material. Talking among yourselves during lecture or labs or otherwise disturbing the class will not be tolerated.
5. It is expected that the student will dress in a professional manner when in class and labs, on field trips or other functions while representing the Veterinary Technology program and MCC. The professional dress code is addressed in the section below entitled, "Student Uniforms".
6. **Cheating will not be tolerated in this program.** This includes copying answers from another student's paper, storing/sharing information on cell phones, PDA's, or calculators, turning in work that is not your own, or copying material from another source without appropriate credit given to the original author. If suspected, a grade of "0" will be given on the first occurrence. The second occurrence will lead to an "F" for the course in which the cheating occurred, resulting in immediate dismissal from the program. If cheating is proven, an "F" will be given for the course, and the student will be immediately dismissed from the program.
7. Needles, syringes, and other veterinary drugs or supplies will be used in the instruction of veterinary procedures while at Highlander Ranch and are not for personal use or to be removed from the premises.
8. MCC is a smoke-free, tobacco-free, and vape-free environment effective January 1, 2020.

The policy can be located at <http://www.mclennan.edu/employees/policy-manual/docs/E-XXIII.pdf>. For the purpose of this policy, the term "tobacco and vaping products" includes cigarettes, chew, vape pens, e-cigarettes, cigars, and any other form of tobacco or vaping.

9. All animals will be handled in a humane and caring manner and the amount of restraint used to control the animal will only be used to the extent necessary to perform the procedure or to protect the student or animal.

Professional Expectations

1. All students will dress per Veterinary Technology Professional Dress Code. This is in both the Veterinary Technology Handbook and your syllabus.
2. There will be no profane or vulgar language used at MCC Veterinary Technology. This includes outside of the classroom, during kennel duty, or on field trips.
3. Students will be on time. Tardiness is unacceptable. This includes class, field trips, and kennel duty.

4. Students will be polite and courteous to the public, other students, MCC staff, and MCC faculty.
5. The social media policy for MCC Veterinary Technology will be **strictly** adhered to by all students.
6. There will be no abusive behavior (physical or verbal) towards people, animals, cadavers, supplies, or equipment.
7. All veterinarians will be addressed as Doctor with their last name used:

Example – I am Dr. Clark

All technicians will be addressed as Mr., Ms., or Mrs.

Example – Mrs. Allen
8. Students will clean all laboratory areas at the end of class and will not leave until all lab space, surfaces, equipment, and supplies are properly cleaned, disposed of, or put back in proper working order.
9. Any cheating, stealing, or dishonesty can and will result in dismissal from the program.
10. Students will have all kennel duties, assignments, and other assigned tasks completed on time.

The Veterinary Technician's Oath

"I solemnly dedicate myself to aiding animals and society by providing excellent care and services for animals, by alleviating animal suffering, and promoting public health.

I accept my obligations to practice my profession conscientiously and with sensitivity, adhering to the profession's Code of Ethics, and furthering my knowledge and competence through a commitment to lifelong learning."

Veterinary Technology Academic Integrity Statement:

Students are expected to refrain from academic dishonesty. This includes any conduct aimed at misrepresentation with respect to a student's academic performance or work. Examples of academic dishonesty include: cheating, plagiarism, collaborating with others if contrary to stated guidelines for assignment/activity, providing students who have not completed examinations with information related to the exam, and intentionally assisting another student in any dishonest action. Violations of this policy will be brought to the attention of the student by the instructor. If there is suspicion of wrongdoing without corroborating evidence, the matter will be discussed with the student, and a verbal warning will be issued if warranted. If there is clear evidence that a violation has taken place, the instructor may impose a sanction ranging from a written warning to expulsion from the course with a failing grade.

ATTENDANCE: Attendance at all class lectures and labs is **required and is essential** to your success in this course. Attendance may be taken by, but not limited to, any of the following measures: roll call, quiz, vocabulary word, and/or survey. You must wear closed-toe, non-slip shoes in lab. Scrubs and lab coat are required during lab. **THERE IS A NO FOOD OR DRINK POLICY AT ALL TIMES IN THE LAB.**

You must wear closed-toe non-slip shoes at all times for lecture and lab.

Students may wear the following to class:

**Jeans (clean with no holes, no rips and no tears) Scrub pants (must be worn in all labs) Dress slacks Scrub top (must be worn in all labs)
MCC Vet Tech Polo shirt**

The following is **prohibited** and will result in being dismissed from class for the day, being marked as absence, and a grade of 0 (F) for the day:

**Open toed shoes Shorts Capri Pants Short skirt or kilt
T- Shirt Sleeveless shirt Facial Piercings (one 1 earring allow in each ear)
Any distractive/suggestive clothing, piercing, or body art.**

Visible tattoos and body jewelry (other than earrings confined to the lobes – 1 per ear) are required to be covered up or removed, respectively, when in lecture or laboratory sessions at the Veterinary Technology facility, field trips, class trips to shelters or veterinary facilities, and at all times during your practicum. Disruptive hair styles are discouraged. Acceptable hair colors fall under the normal range of natural color.

PHOTOGRAPH & SOCIAL MEDIA POLICY

No pictures may be taken during this class of other people including instructors and students, patients, exams, tests, homework, or instructional models without the express written consent of the instructor(s) of this class. **Any sharing of photographs of this class on ANY social media sites is strictly forbidden.** No statements that would be considered inflammatory or derogatory towards another

student, instructor, or client will not be allowed on social media. **VIOLATION OF THIS POLICY WILL RESULT IN AUTOMATIC FAILURE OF THIS CLASS.**

(www.mclennan.edu/academic-integrity)

The link above will provide you with information about academic integrity, dishonesty, and cheating.

* **[Click Here for the MCC Attendance/Absences Policy](#)**

(<https://www.mclennan.edu/highlander-guide/policies.html>)

Click on the link above for the college policies on attendance and absences. Your instructor may have guidelines specific to this course.

Accommodations/ADA Statement

Any student who is a qualified individual with a disability may request reasonable accommodations to assist with providing equal access to educational opportunities. Students should contact the Accommodations Coordinator as soon as possible to provide documentation and make necessary arrangements. Once that process is completed, appropriate verification will be provided to the student and instructor. Please note that instructors are not required to provide classroom accommodations to students until appropriate verification has been provided by the Accommodations Coordinator. Instructors should not provide accommodations unless approved by the Accommodations Coordinator. For additional information, please visit mclennan.edu/disability.

Students with questions or who require assistance with disabilities involving physical, classroom, or testing accommodations should contact:

disabilities@mclennan.edu

254-299-8122

Room 319, Student Services Center

* **[Click Here for more information about Title IX](#)**

(www.mclennan.edu/titleix)

We care about your safety, and value an environment where students and instructors can successfully teach and learn together. If you or someone you know experiences unwelcomed behavior, we are here to help. Individuals who would like to report an incident of sexual misconduct are encouraged to immediately contact the Title IX Coordinator at titleix@mclennan.edu or by calling Dr. Drew Canham (Vice President for Student Success) at

299-8645. Individuals also may contact the MCC Police Department at 299-8911 or the MCC Student Counseling Center at MCC by calling 299-8210. The MCC Student Counseling Center is a confidential resource for students. Any student or employee may report sexual harassment anonymously by visiting the following website: <http://www.lighthouse-services.com/mclennan/>.

McLennan's Title IX webpage (<http://www.mclennan.edu/titleix/>) contains more information about definitions, reporting, confidentiality, resources, and what to do if you or someone you know is a victim of sexual misconduct, gender-based violence or the crimes of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence or domestic violence.
