### **How Connect (the lab) Works**

- Students will login to BrightSpace and go to this course. They will click on Connect Lab and follow the instructions there to get started. In the lab, students will have thirteen units to complete. Students are expected to complete each of the units by the due dates they will find in the Connect Lab area in BrightSpace.
- Students should try to achieve a 100 on each unit and definitely no less than 70. A unit with less than a 70 grade will not be counted toward having an overall completion grade of 70. Students may work ahead on lab work. Students who do not complete the entire unit need to put in extra time to keep up.

This example (from Connect lab) shows you how to see the progress you've made on a lab assignment. In this case the assignment is "Reading, Vocabulary, and Study Skills" and the student has achieved 97. Please DISREGARD any dates you see in the Connect lab work online.

Late work will not be accepted. Please do not ask to submit work late. If you have an emergency situation that prohibits you from making progress in the course, contact me to discuss the best course of action. Documentation will be required.

### **Student Behavioral Expectations or Conduct Policy**

Students are expected to maintain classroom decorum to include respecting other students and the instructor, exercising prompt and regular attendance, communicating in a polite and respectful manner, and maintaining an attitude that seeks to take full advantage of the education opportunity. These expectations apply to online learning as well (lab). In the face-to-face classroom, discriminatory comments, talking, texting, cell phone usage, profanity, and any type of threatening/disruptive communication will be grounds for an instructor-initiated withdrawal of students and/or referral to McLennan Community College’s discipline officer. These behaviors are unacceptable in an online learning environment as well.

### **Communication**

Students should use MCC email for communication with both instructors. MCC has a spam control and outside email addresses may not get to us. You may also call us at the phone numbers we have shared with you. This message will also go to the lecture instructor’s email. While it is appropriate to wait up to 48 hours for a response to a message, you may receive a response the same day you send your email. After 48 hours, if no response is received, you

should resend the message to make sure it did not go to the spam folder. Email must be written in Standard English, not text messaging language. (We are not grading your email messages, but do expect you to write in such a way that your message is clear and understandable.)

(<https://www.mclennan.edu/highlander-guide/policies.html>)

### **Instructor's Drop Policy**

The college requires instructors to take attendance. A student will be dropped if he or she is absent for 25% or more of the course. For an online course, attendance will be measured by assignments. If students turn in all the assignments by the due date, they will be marked present. If they do not, they will be marked absent. Lab participation is also measured. Students who fail to complete all of the Connect modules by their due dates will be marked absent even if they have done the class assignments and vice versa. If students turn in the work after the due dates, the absence will not be removed. Students, whether present or absent, whether face to face or online, are responsible for all material presented or assigned for a course and will be held accountable for such materials in the determination of course grades and withdrawals.
