McLennan Community College is committed to providing you with every resource you need to reach your academic goals including your safety. We will continue to monitor the evolving situation with COVID 19 and adjust our safety guidelines to make sure we offer a safe environment for you and our faculty. Course Description:

A study of the

- a) research and theory in the psychology of learning, cognition, and motivation;
- b) factors that impact learning; and
- c), application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners.

Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned.

Course Grading Information:

Your grades are weighted per below. A **weighted** score is the average of a set of **grades**, where each set carries a different amount of importance. For example, as you can see by the chart below, the core activities make up 30% of your grade versus the discussion boards which are worth 5%. This means that you could do all your discussion boards, but that 100% would not be worth even some of your core activities being completed.

| | |
|-------------------|-----|
| Weekly Activities | 30% |
| Discussion Boards | 5% |
| Core Activities | 40% |
| Final Exam | 25% |

| | |
|-------|------|
| Total | 100% |
|-------|------|

Grading Scale:

| Letter Grade | A | B | C | D | F |
|--------------|----------|---------|---------|---------|-------------|
| Total Points | 100 – 90 | 89 – 80 | 79 – 70 | 69 – 60 | 59 or Below |

Late Work, Attendance, and Make Up Work Policies:

Late Work: Late assignments will be docked 5% per day it is late. For example, if it is 2 days late and you would have got a 100, you will now get a 90. Please keep in mind that there are some instances where late work will not be accepted. For example, discussion boards are an online, interactive assignment and completing these late is not allowed. Under certain, documented circumstances (example: documented serious illness/injury of self or immediate relative), late work will be excused. **Communication is VERY important** – if you are experiencing extenuating circumstances, please reach out to me so we can develop a plan for you to be successful despite your circumstances.

Attendance: Attendance is measured through regular participation in this course, which is expected of all students. In an online class this means you must actively participate virtually in all assignments/ activities, utilize all resources posted, complete your work on time, and not miss any deadlines or tasks. An absence is constituted by failure to log into Brightspace two or more times per week to demonstrate you are accessing and working in the course. Students are responsible for all material presented or assigned for a course from the first official day of classes and will be held accountable for such materials in the determination of course grades. It is MCC policy that once you miss 25% of the class, regardless of the reason for the absence, you can be dropped by the professor.

Make Up Work: Students will be permitted to make up work missed due to absences caused by (1) authorized participation in official college functions, (2) personal illness, (3) an illness or a death in the immediate family, or (4) the observance of a religious holy day. It is the student's responsibility to, in a *timely* fashion, inform the instructor of the reason for an absence and/or missed assignment. Be prepared to send the professor documentation (such as a doctor's note or letter from a college official etc.) in order to be permitted to make up work.

While honest discussion and debate of topics is expected and encouraged, such interactions should not involve aggressive, derogatory, or involve hostile behaviors (verbal or otherwise).

The instructor reserves the right to act to protect the decorum of the learning environment and the image of MCC.

If you are using Zoom to meet with the professor and/or other students, please ensure that you are dressed appropriately and are in a location where you can focus on your responsibilities as a student. Example: It is not appropriate to attend a Zoom class while laying in bed and/or half dressed. Please be respectful of others and mute yourself if background noise will be a problem.

Ethics:

Cheating will not be tolerated. Any student found cheating will be subject to grade reduction, receiving a zero on assignments that involve cheating/plagiarism, and/or dismissal from the course.

Examples of cheating include but are not limited to:

- Copying the work of another student
- Seeking excused absences/tardiness under false pretenses
- Plagiarism (claiming as your own work the work of another)

This course will teach you to think critically. Critical thinking is essential for an educator and student. Please maintain your integrity and do your own work – there is no reason to cheat in this, or any other course.
