Course Grading Information:

Exams: There will be three required exams in this class (including the final). All exams are non-cumulative, covering only the material covered in that particular section of the course. Each exam will be comprised of fifty (50) multiple-choice questions chosen at random by the test. Students will take exams in the respective learning units on Brightspace. Test questions will come from the textbook and the learning units. To do well on the exams you need to be familiar with both. Each exam will be worth 200 points of your final course grade, or collectively worth 600 points of your total course grade. You will have approximately two hours to complete each examination.

Quizzes: There will be six chapter quizzes consisting of ten (10) multiple-choice questions throughout the semester to check your progress on the course material before you take the related exams. Students will take quizzes on Brightspace at the end of those learning units. Only your top five chapter quizzes will be counted, each worth thirty points, or collectively worth 150 points of your total course grade. In other words, your lowest quiz grade will be dropped! You will have approximately thirty (30) minutes to complete each chapter quiz.

Discussion Boards: Another portion of your grade (150 total points) will be based off of five discussion board postings that will be given on Brightspace that will allow each student an opportunity to discuss his or her opinion more thoroughly. These postings might be from something in the learning units or something entirely abstract that *relates* to the material being

discussed. While only one posting per discussion board assignment is required for participation, students are encouraged to post frequently. If this is done or in the case where information is provided with sources (both will be highly encouraged)—they might be given potential “bonus” points. Otherwise, opinions will suffice for the most part, but please consider your answer carefully for each discussion posting. While these are designed to encourage discussion among classmates on a topic, they should **NOT** turn into an argument.

Attendance & Participation: Your attendance and participation grade is calculated as the remaining 100 points of your course grade. Essentially, your weekly “participation” on each assignment will contribute to this score. There are a total of fifteen assignments throughout the semester. But there are only fourteen graded assignments, so this will be, how many out of the fourteen assignments that you did, entered numerically. (*i.e.*, 14/14 is a 100, 13/14 is a 93, *etc.*) This is an easy part of your grade to earn—it is also an easy part of your grade to lose!

Reading Assignments: The chapters that you are to read in your textbook are listed on the *tentative* course outline {see last two pages}. You will have the entire week to read the material, familiarize yourself with the relevant chapters in the textbook, and learn the material accordingly. The purpose of assigning reading in the textbook is to help you to better follow the learning units and allow you a way to ask questions on aspects that you are unsure about along the way. While they are not a direct part of your grade, they are a strong indirect part of it!

Grade Breakdown:

Exam 1:	200	A = 900-1000
Exam 2:	200	B = 800-899
Exam 3:	200	C = 700-799
Quizzes (Top 5 @ 30):	150	D = 600-699
Discussion Posts (5 @ 30):	150	F = 599 or less
Attendance/Participation:	100	W or I = as appropriate

THE FIRST TIME YOU RECEIVE A GRADE THAT YOU ARE NOT SATISFIED WITH... GET IN TO SEE ME IMMEDIATELY!

Too frequently students wait until the end of the semester to try to rectify poor grades received throughout the term. I am here to help, so utilize me. However, once all the grades are said and done there is not much that I can do. But if you get with me earlier in the semester, chances are that grades can be rectified. Remember, there is no stupid question!

Late Work, Attendance, and Make-Up Work Policies:

Late quizzes and exams will not be allowed for any reason. However, your lowest quiz grade will be automatically dropped. You can only take exams early if you have an approved absence in advance. Early exams will be given at an agreed upon date, time, and location between the instructor and student. You cannot take an exam after the learning unit has expired, unless it is approved by me in advance in writing (email). In the event that this occurs, you must have a copy of an email granting you permission to do so before you will be given the exam. Therefore, if you cannot take and complete the exam when it is given to the entire class, you will have to take a Make-Up Exam on your own time during the week before finals week. You will need to contact the instructor to receive a password to access the Make-Up Exams. You may **NOT** have more than one make-up exam. Finally, all make-up exams will be comprised of two *essay questions* from the respective section that you missed. So, please do not miss an exam!

Student Behavioral Expectations or Conduct Policy:

Attendance: We will cover a great deal of information in each of the respective learning units. These are lectures that would be similar to what you would hear if this course met in a face-to-face section. I use the learning units to emphasize key areas that you should study for both quizzes and exams. Each week will also have some form of assignment due (*i.e.* discussion posting, quiz, or exam). As a result, students that will not be able to regularly sign in to this course should contact the instructor immediately, so we can make alternate arrangements more suitable for your needs. Since there are fifteen (15) learning units, students that do not complete ***any* four (4)** of these assignments will effectively miss 25% of the total course and will be dropped administratively. Attendance will comprise a portion of ten percent of your total average. Furthermore, given that much of the material for tests is drawn from the learning units, your “attendance” is essential to do well. Finally, it is in your best interest to attend class. Why?

There is a strong correlation with low semester grades and high absenteeism.

Netiquette: There are several classroom policies regarding behavior in an online course that students should be aware of before proceeding with the class. First, all students should treat the instructor as well as other students with respect, just as they would in a face-to-face section. This might be more important here because it can be hard for others to understand your intent and meaning online. Secondly, students should use complete sentences when using the discussion board. Building proper writing is one of the skills that students should constantly be undertaking in any academic course. As a result, students should not use slang, abbreviations, etc. when writing. On a similar note, students should not write with “text message” styles of writing either. For example, do not use “u” when you mean “you” and the like. Similarly, students should not

use all lower case letter or all capital letters. Write as you would if this were an essay for an English class. Finally, students who have complaints about others' disruptive behavior should first talk to me about the problem. I will then speak with the disruptive student privately. Then, if the problem(s) still persist, the classmate who is being disrupted may contact the disruptive student with my permission. If this does not solve the problem, the Division Director of Social Sciences will be contacted immediately. The potential sanctions for persons who disrupt class or their fellow students include (but are not limited to) moving you to a different section, dropping you from the course entirely, to giving you an "F" for the course, at the instructor's discretion. So, please do not interrupt others!
