**Email Policy:**

<https://www.mclennan.edu/employees/policy-manual/docs/E-XXXI-B.pdf>

McLennan Community College would like to remind you of the policy regarding college email. All students, faculty, and staff are encouraged to use their McLennan email addresses when conducting college business.

A student's McLennan email address is the preferred email address that college employees should use for official college information or business. Students are expected to read and, if needed, respond in a timely manner to college emails.

All assignments must be uploaded to the course management system to receive a grade. Do not email assignments to the instructor unless directed as assignments emailed to the instructor will not be graded.

All communication regarding this course will be through the course management system or university email. You need to check the course management system and your email at least twice each day, once before class and once in the evening.

General response time for email is 24 hours Monday through Friday. The instructor(s) may or may not answer email on weekends or holidays.

**Email on Mobile Devices:**

The College recommends that you set up your mobile device to receive McLennan emails.

**Forwarding Emails:**

You may forward the emails that come to your McLennan address to alternate email addresses; however, the College will not be held responsible for emails forwarded to an alternate address that may become lost or placed in junk or spam filters. Emails lost or placed in junk mail or caught by spam filters may adversely affect your grade as they may contain pertinent information concerning assignments, exams, or other course assessment activities.

**Methods of Teaching and Learning:**

Students are expected to have read all assigned readings before coming to class or lab. Student progress will be assessed through exercises, homework, online discussions, projects, group work, or exams.

All submitted assignments must be typed (if applicable) as handwritten work will not be accepted.

The exams may include multiple choice, fill-in the blank, short answer, discussion, and problem-solving questions that focus on concept and application. You are responsible for all material in the required textbook chapters and any additional readings as well as any information from class lectures, labs, and assignments. All material covered in class or assigned as homework is fair game for inclusion in an exam.

For work done in teams, each team member may be asked to complete an evaluation of their teammates' contribution to the team assignments. If a team member is not contributing sufficiently, their grade for the team assignment will be reduced accordingly.

---

**Late Work, Attendance, and Make Up Work Policies:**

All assignments are due on the day they are due. Assignments received after the due date may be assessed a penalty of ten percent (10%) per week in which they are late and may not be submitted one (1) week after the due date unless approved by the instructor. Students are responsible for all assignments even if they are absent on the due date.

Online discussions are designed to mimic class discussion on a topic and failure to complete a discussion by the due date will result in an automatic zero for the discussion as that is equivalent to missing a class discussion.

Make-up exams, quizzes and other assignments are only allowed in the event of a college excused absence or as otherwise scheduled with the instructor. It is the student's responsibility to inform the instructor beforehand, or in the event of an emergency, immediately afterward, so that other arrangements can be made. The student must initiate scheduling any make-up exams, quizzes, or any other assignments with the instructor. Exams, quizzes, or other assignment will be assigned an automatic zero (0) unless they are scheduled with the instructor for completion later.

Students who fail to submit any graded assessments for two (2) consecutive weeks, will be dropped from the course.

**Student Behavioral Expectations or Conduct Policy:**

Students are expected to maintain classroom decorum that includes respect for other students and the instructor, prompt and regular attendance, and an attitude that seeks to take full advantage of the education opportunity.

You are encouraged and expected to ask questions and to interact with the instructor regarding relevant issues. However, personal conversations and "chatter" not related to the course will not be tolerated as this practice is very distracting and rude to your fellow students as well as to the instructor.

Students are expected to have reading assignments completed before class or lab.

Turn off cell phones, pagers, or other mobile communication devices when class or lab starts.

**Student Responsibility:**

All students will be treated as adults, which means you are ultimately responsible for your education. Please take note of the following:

- The course instructor(s) may not remind you when assignments are due.
- The course instructor(s) may not request you attend class or lab.
- The course instructor(s) may not tell you what is on an exam. Any material in the book or covered in class or lab is fair game for inclusion in an exam.
- The course instructor(s) expect you to plan accordingly.

However, the instructor will also be the biggest advocate for you in your educational journey.

**MCC Academic Integrity Statement:**

<https://www.mclennan.edu/academic-integrity>

The link above will provide you with information about academic integrity, dishonesty, and cheating.

While collaboration between students is welcome to facilitate learning, each student's work must be their own. Representing another student's work as your own will result in a zero (0) for the assignment and possible "F" for the course.

**MCC Attendance/Absences Policy:**

<https://www.mclennan.edu/highlander-guide/policies.html>

Click on the link above for the college policies on attendance and absences.

Students are expected to be punctual and attend all scheduled class or lab sessions.

Students are responsible for all class or lab work, assignment due dates, and other information given during any regularly scheduled class or lab periods. Students are also responsible for obtaining assignments, instructions, class notes and any other material that was missed due to tardiness or absence, from other students.

Students who are absent from class or lab for a college excused event may make-up exams, quizzes, and other assignments within one week of the excused absence or as scheduled with the instructor.

Students are expected to arrive to class and/or lab on time and to remain in the classroom for the duration of the class or lab. Leaving and re-entering the room after class or lab has started is distracting both to the students and to the instructor.

Students who have missed 25% of the cumulative scheduled classes for the semester or have been absent for two (2) consecutive weeks, will be dropped from the course.

**Accommodations/ADA Statement:**

Any student who is a qualified individual with a disability may request reasonable accommodations to assist with providing equal access to educational opportunities. Students should contact the Accommodations Coordinator as soon as possible to provide documentation and make necessary arrangements. Once that process is completed, appropriate verification will be provided to the student and instructor. Please note that instructors are not required to provide classroom accommodations to students until appropriate verification has been provided by the Accommodations Coordinator. Instructors should not provide accommodations unless approved by the Accommodations Coordinator.
