

McLennan C O M M U N I T Y C O L L E G E

WACO, TEXAS

COURSE SYLLABUS

AND

INSTRUCTOR PLAN

Pharmaceutical Mathematics

PHRA 1309.02

Alyssa Van Vleet

NOTE: This is a 16-week course.

COVID 19 Notice:

McLennan Community College is committed to providing you with every resource you need to reach your academic goals including your safety. We will continue to monitor the evolving situation with COVID 19 and adjust our safety guidelines to make sure we offer a safe environment for you and our faculty. Please make sure to consult your faculty and the MCC website at <https://www.mclennan.edu/crisis-management/coronavirus-updates/index.html> on any changes to these guidelines.

Course Description:

Course topics include reading, interpreting and solving calculation problems encountered in the preparation and distribution of drugs. Conversion of measurements within the apothecary and metric systems with emphasis on the metric system of weight and volume. Topics include ratio and proportion, percentage, dilution and concentration, milliequivalents, units, and solving dosage problems.

Prerequisites and/or Corequisites:

Must have completed Math 0307 or make a passing score on the TSI assessment
Semester hours 3 (3 lec)

Course Notes and Instructor Recommendations:

This course will be taught in a face-to-face format and is designed to focus on the mathematical side of pharmaceutical dosing. Students are expected to attend lectures, actively participate in class, complete/submit homework by the due date and ask questions when understanding is not achieved.

This course isn't your "ordinary" math class. In this course, students will learn simple dosage calculations to better prepare for their future in the health care field. I know math courses can be a scary subject for some, but should you not understand the material we are lecturing or practicing, it is up to you to let me know so I can help you (it's what I'm here for!)

Instructor Information:

Instructor Name: Alyssa Van Vleet

MCC Email: avanvleet@mclennan.edu

Office Phone Number: 254-299-8319

Office Location: HP Bldg. Rm. 129

Office/Teacher Conference Hours: Monday/Wednesday: 2:00 PM-4:00 PM.

Tuesday/Thursday: 1:00 PM-3:00 PM

Friday: 8:00 AM-10:00 AM

Other Instruction Information:

*****INSTRUCTOR NOTE:*****

When contacting your professor by email for this course, you must follow these rules:

- Write using formal English only (as if to the president of the company where you work.) This means no slang, or being “lazy” with your wording. You are in college, preparing for your future, please communicate like it!
- Use your MCC student email address
- I check my email several times a day and try to respond as quickly as possible. However, I still have my own schedule and may not be able to respond instantly.
- I do not respond to emails after 9 PM. If you need to contact me, please do it before then.

Required Text & Materials:

Title: Clinical Calculations Made Easy: Solving Problems Using Dimensional Analysis

Author: Gloria P. Craig

Edition: 7th

Publisher: Wolters Kluwer

ISBN: 978-1-975103-76-7

Additional Required Materials:

You will need to bring a calculator to class everyday. It does not need to be anything “fancy”, a simple, calculator will work. I do not allow students to use the calculator on their phone. You must bring a separate one to use.

MCC Bookstore Website: <http://www.mclennan.edu/bookstore/>

Methods of Teaching and Learning:

- Independent and group work in the classroom
- Homework assignments
- Test/quizzes
- Tutorials videos/media
- Face-to-face class discussions
- Review case studies relating to illnesses, medications and dosage calculations

Course Objectives and/or Competencies:

Chapter 1: Arithmetic Review

1. Express Arabic numbers as Roman numerals

2. Express Roman numerals as Arabic numbers
3. Identify the numerator and denominator in a fraction
4. Multiply and divide fractions
5. Multiply and divide decimals
6. Convert fractions to decimals

Chapter 2: Systems of Measurement and common Equivalents

1. Identify measurements included in the metric, apothecaries, and household systems
2. Calculate intake and output necessary for accurate recording in a medical record
3. Understand abbreviations used in the metric, apothecary, and household systems
4. Differentiate between Fahrenheit and Celsius thermometers used for monitoring temperature
5. Differentiate between standard time and military time necessary for accurate recording in a medical record

Chapter 3: Solving Problems Using Dimensional Analysis

1. Define the terms used in dimensional analysis
2. Explain the step-by-step problem solving method of dimensional analysis
3. Solve problems involving common equivalents using dimensional analysis as a problemsolving method

Chapter 4: One-Factor Medication Problems

1. Interpret medication orders correctly, based on the seven rights of medication administration
2. Identify components from a drug label that are needed for accurate medication administration and documentation
3. Describe the different routes of medication administration: tablets, capsules, liquids given by medicine cup, or syringe, and parenteral injections using different types of syringes
4. Calculate medication problems accurately from the one-factor-given quality to the one factor wanted quality using the sequential or random method of dimensional analysis

Chapter 5: Two-Factor Medication Problems

1. Solve two-factor-given quantity medication problems involving a specific amount of medication ordered based on the weight of the patient
2. Calculate medication problems requiring reconstitution of medications by using information from a Nursing Drug reference, label, or package insert
3. Solve two-factor-given quantity medication problems involving a specific amount of fluid to be delivered over limited time using an intravenous pump delivering milliliters per hour (mL/hr)
4. Solve two-factor-given quantity to two factor wanted quantity medication problems involving problems involving a specific amount of fluid to be delivered over a limited time using different types of intravenous tubing that deliver drops per minute (gtt/min) based on specific drop factor

Chapter 6: Three-Factor Medication Problems

1. Calculates three factor given quantity to one-factor-two-factor- or three factor-wanted quantity medication problems involving a specific amount of medication or intravenous (IV) fluid based weight or the weight of the patient and the time required for safe administration
2. Calculate problems requiring reconstitution or preparation of medications using information from a nursing drug reference, label, or package label

Course Outline or Schedule:

Week 1: Syllabus and Chapter 1: Arithmetic Review

Week 2: Review Chapter 1 and start Chapter 2: Systems of Measurements

Week 3: Chapter 2 Review

Week 4: **Exam #1: Chapters 1 & 2**

Week 5: Chapter 3: Solving Problems Using Dimensional Analysis

Week 6: Chapter 4: One Factor Medication Problems

Week 7: Continue review Chapter 4

Week 8: **Exam #2: Chapters 3 & 4**

Week 9: Chapter 5: Two-Factor Medication Problems

Week 10: Chapter 6: Three-Factor Medication Problems

Week 11: **Exam #3: Chapters 5-6**

Week 12: Case Studies

Week 13: Case Studies

Week 14: **Exam #4: Case Studies**

Week 15: Review for Final Exam

Week 16: **Final Exam**

This schedule is tentative and is subject to change at anytime. Should any necessary changes need to be made, I will notify students ahead of time through email and Brightspace.

Course Grading Information:

It should be noted that enrollment in this course does not guarantee advancement to the next course level. The final responsibility for learning lies with the student. The final class average will be determined by the following guidelines:

Class Participation:	15%
Homework:	20%
Quizzes:	10%
Exams:	25%
Final:	30%

Class Participation:

Class participation includes (but not limited to) being actively involved in the lectures, listening attentively, and completing all assigned work. Points will be deducted should you cause distraction, being on your phone, repeatedly showing up late to class, falling asleep, etc.

Homework:

Homework is assigned from assignments coming from the textbook and papers I hand out. This means you must have your textbook for every class. All homework will be due on the next class day unless told otherwise.

Quizzes:

All missed quizzes will receive a zero, if not submitted during class. ****FYI**** Quizzes can be given at random!

Exams:

There will be 4 exams and a final at the end of the semester.

*****Instructor Note*****

Cheating or plagiarism will not be tolerated in any form. First offence will result in a grade of zero on the said work/exam. Second offence will result in expulsion from the program.

Late Work, Attendance, and Make Up Work Policies:

- All due dates for homework and exams will be clearly communicated.
- Homework can be submitted late with a 10 point deduction. If you miss class you are responsible for making sure your assignment is has been submitted.
- Should you miss a quiz, it **cannot** be made up.
- Makeup on exams will be allowed, but again, it will be your responsibility to contact me to schedule a time as soon as possible. Should you not contact me within a week of missing the exam, the grade for the exam will be a 0. A student may make arrangements to take an exam early if arrangements are made in advance of the absence.
- Attendance will be taken when class begins. Absence from 25 percent of scheduled lecture and/or laboratory meetings (8 days) will be taken as evidence that a student does not intend to complete the course, and the student will be withdrawn from the course with a grade of W. If the student's 25 percent absences are reached after the official drop date, the instructor may assign a W, if the student is passing and requests to be withdrawn. However, if a student who is not passing reaches the 25 percent point after the official drop date, the student will receive an F. Each absence will count toward attendance

Student Behavioral Expectations or Conduct Policy:

Proper student behavior during class is expected. This includes respect for your fellow classmates, your professor, dress codes, language, attitude and respect for the field in which you are entering. Any deviation from these expectations will be dealt with according the general conduct policy stated in the Highlanders guide. During class, you are expected to participate in the lecture. Cell phones are to be placed on silent and put away. If you need to answer a call, please excuse yourself into the hall to answer. Sleeping in class will not be tolerated. If you are caught sleeping, points will be deducted from your participation grade. During exams, you are required to remove all watches and place them along with your phone, books, notes, etc. away in your backpack. Consequences for failure to comply with all class rules/guidelines stated in this syllabus as well as other rules stated in the MCC Student Handbook will have the following consequences:

- (1) The student will be asked to comply with the rules (penalties will stand as stated.)
- (2) If the student fails to comply, the student will be asked to leave the room for the remainder of the class for that day.
- (3) Subsequent incidents will result in a conference with the program director, the campus disciplinary specialist, and/or the dean of workforce education for further disciplinary actions which could include being dropped from the course. It is the student's responsibility to make up any missed work by the original deadline for the work missed due to a disciplinary action.

[Click Here for the MCC Attendance/Absences Policy](https://www.mclennan.edu/highlander-guide/policies.html)

(<https://www.mclennan.edu/highlander-guide/policies.html>)

Click on the link above for the college policies on attendance and absences. Your instructor may have additional guidelines specific to this course.

*****INSTRUCTOR NOTE:*****

Please understand that I care for each of my students, especially when it comes to their safety and well-being. If during the course of our discussions an issue arises in which I feel warrants a referral for Title IX or to our success coaches, I will not hesitate to make the referral. I will do my best to notify you in advance of the referral and will stand by your side as part of your circle of care for as long as you and the college will allow. Should these circumstances arise, please understand that the referral is not disciplinary, but rather an opportunity to intervene early and identify all resources that can help you find academic and personal success.

ACADEMIC RESOURCES/POLICIES

Accommodations/ADA Statement:

Any student who is a qualified individual with a disability may request reasonable accommodations to assist with providing equal access to educational opportunities. Students should contact the Accommodations Coordinator as soon as possible to provide documentation and make necessary arrangements. Once that process is completed, appropriate verification will be provided to the student and instructor. Please note that instructors are not required to provide classroom accommodations to students until appropriate verification has been provided by the Accommodations Coordinator. For additional information, please visit www.mclennan.edu/disability.

Students with questions or who require assistance with disabilities involving physical, classroom, or testing accommodations should contact:

disabilities@mclennan.edu

254-299-8122

Room 319, Student Services Center

Title IX:

We care about your safety, and value an environment where students and instructors can successfully teach and learn together. If you or someone you know experiences unwelcomed behavior, we are here to help. Individuals who would like to report an incident of sexual misconduct are encouraged to immediately contact the Title IX Coordinator at titleix@mclennan.edu or by calling Dr. Drew Canham (Chief of Staff for Diversity, Equity & Inclusion/Title IX) at (254) 299-8645. Individuals also may contact the MCC Police Department at 299-8911 or the MCC Student Counseling Center at MCC at (254) 299-8210. The MCC Student Counseling Center is a confidential resource for students. Any student or employee may report sexual harassment anonymously by visiting <http://www.lighthouse-services.com/mclennan/>.

Go to McLennan's Title IX webpage at www.mclennan.edu/titleix/. It contains more information about definitions, reporting, confidentiality, resources, and what to do if you or someone you know is a victim of sexual misconduct, gender-based violence or the crimes of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence.

Student Support/Resources:

MCC provides a variety of services to support student success in the classroom and in your academic pursuits to include counseling, tutors, technology help desk, advising, financial aid, etc. A listing of these and the many other services available to our students is available at <http://www.mclennan.edu/campus-resource-guide/>

College personnel recognize that food, housing, and transportation are essential for student success. If you are having trouble securing these resources or want to explore strategies for balancing life and school, we encourage you to contact a Success Coach by calling (254) 299-8226 or emailing SuccessCoach@mclennan.edu. Students may visit the Completion Center Monday-Friday from 8 a.m.-5 p.m. to schedule a meeting with a Success Coach and receive additional resources and support to help reach academic and personal goals. Paulanne's Pantry (MCC's food pantry) provides free food by appointment to students, faculty and staff based on household size. Text (254) 870-7573 to schedule a pantry appointment. The Completion Center and pantry are located on the Second Floor of the Student Services Center (SSC).

MCC Foundation Emergency Grant Fund:

Unanticipated expenses, such as car repairs, medical bills, housing, or job loss can affect us all. Should an unexpected expense arise, the MCC Foundation has an emergency grant fund that may be able to assist you. Please go to <https://www.mclennan.edu/foundation/scholarships-and-resources/emergencygrant.html> to find out more about the emergency grant. The application can be found at https://www.mclennan.edu/foundation/docs/Emergency_Grant_Application.pdf.

MCC Academic Integrity Statement:

Go to www.mclennan.edu/academic-integrity for information about academic integrity, dishonesty, and cheating.

Minimum System Requirements to Utilize MCC's D2L|Brightspace:

Go to <https://www.mclennan.edu/center-for-teaching-and-learning/Faculty-and-Staff-Commons/requirements.html> for information on the minimum system requirements needed to reliably access your courses in MCC's D2L|Brightspace learning management system.

Minimum Technical Skills:

Students should have basic computer skills, knowledge of word processing software, and a basic understanding of how to use search engines and common web browsers.

Backup Plan for Technology:

In the event MCC's technology systems are down, you will be notified via your MCC student email address. Please note that all assignments and activities will be due on the date specified in the Instructor Plan, unless otherwise noted by the instructor.

Email Policy:

McLennan Community College would like to remind you of the policy (<http://www.mclennan.edu/employees/policy-manual/docs/E-XXXI-B.pdf>) regarding college email. All students, faculty, and staff are encouraged to use their McLennan email addresses when conducting college business.

A student's McLennan email address is the preferred email address that college employees should use for official college information or business. Students are expected to read and, if needed, respond in a timely manner to college emails. For more information about your student email account, go to www.mclennan.edu/student-email.

Instructional Uses of Email:

Faculty members can determine classroom use of email or electronic communications. Faculty should expect and encourage students to check the college email on a regular basis. Faculty should inform students in the course syllabus if another communication method is to be used and of any special or unusual expectations for electronic communications.

If a faculty member prefers not to communicate by email with their students, it should be reflected in the course syllabus and information should be provided for the preferred form of communication.

Email on Mobile Devices:

The College recommends that you set up your mobile device to receive McLennan emails. If you need assistance with set-up, you may email Helpdesk@mclennan.edu for help.

You can find help on the McLennan website about connecting your McLennan email account to your mobile device:

- [Email Setup for iPhones and iPads](https://support.microsoft.com/en-us/office/set-up-an-outlook-account-in-the-ios-mail-app-b2de2161-cc1d-49ef-9ef9-81acd1c8e234?ui=en-us&rs=en-us&ad=us) (<https://support.microsoft.com/en-us/office/set-up-an-outlook-account-in-the-ios-mail-app-b2de2161-cc1d-49ef-9ef9-81acd1c8e234?ui=en-us&rs=en-us&ad=us>)
- [Email Setup for Androids](https://support.microsoft.com/en-us/office/set-up-email-in-android-email-app-71147974-7aca-491b-978a-ab15e360434c?ui=en-us&rs=en-us&ad=us) (<https://support.microsoft.com/en-us/office/set-up-email-in-android-email-app-71147974-7aca-491b-978a-ab15e360434c?ui=en-us&rs=en-us&ad=us>)

Forwarding Emails:

You may forward emails that come to your McLennan address to alternate email addresses; however, the College will not be held responsible for emails forwarded to an alternate address that may be lost or placed in junk or spam filters.

For more helpful information about technology at MCC, go to [MCC's Tech Support Cheat Sheet](#) or email helpdesk@mclennan.edu.

Disclaimer:

The resources and policies listed above are merely for informational purposes and are subject to change without notice or obligation. The College reserves the right to change policies and other requirements in compliance with State and Federal laws. The provisions of this document do not constitute a contract.
