This course is a Blended course. Appox. 80% will be in class and 20% online readings and assignments.

Through the completion of multiple projects throughout the semester students will:

- * Develop an understanding of both visual and verbal communication of the basic elements, principles, theories and language used in two-dimensional art and design and its application.

*Be able to show a proficiency in developing two-dimensional design compositions.

*Develop competency and craftsmanship in the use and exploration of two-dimensional media and materials.

*Develop your skills in thinking and speaking critically about your work, as well as the work of others

*Develop techniques in problem solving and critical thinking

Course Objectives and/or Competencies:

Presents the fundamentals of art with emphasis on two-dimensional concepts; includes line, shape, color, texture, space, and composition. Semester Hours 3 (6 lec/studio plus 3 hours minimum out of class)

Course Outline or Schedule:

Between 8 and 7 projects are scheduled for the semester, roughly two weeks per project. There is no specific order in which they are presented. All projects deal equally with two dimensional design concepts.

Course Grading Information:

The semester's grade is based on the average of all projects completed. Assigned projects will be graded based on execution, craftsmanship, effort and participation. You must turn in your assignments on the due date.

Critiques:

You are expected to contribute in class critiques and discussions. This will factor into your final grade. There will be multiple forms of critique throughout the semester, including group, partner, in-progress, and self-evaluation. Please contribute your observations and suggestions during class critiques and discussions. **DO NOT MISS CRITIQUE, it cannot be made up!**

Factors to consider when looking at your own artwork and the artwork of other students:

*Successful resolution of assigned problem / did you meet the objective?

*Creativity-inventiveness and initiative / did you challenge yourself?

*Craftsmanship, technical execution, and presentation / attention to detail will enhance your project.

Late Work, Attendance, and Make Up Work Policies:

If a student misses 25% of the total class days they will be dropped from the class. For this class that is 7 days. These are the total number of absences allowed: excused and/or unexcused. If a student has 4 unexcused absences their grade will drop 1 letter grade. If they have 5 unexcused absences it will drop 2 letter grades. 3 leaving early/arriving late will equal one absence.

Course Attendance/Participation Guidelines:

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

Before the 60% point of the semester, a student who is absent for 25% or more of a face-to-face or blended course or who misses 25% or more of assigned work for an online course will be withdrawn from the course with a grade of W. A student may also request to be withdrawn with a grade of W before the 60% point of the semester. After the 60% point of the semester, the student may request to be withdrawn if the student is passing, or be assigned the final grade earned at the end of the semester after grades have been updated to reflect missing work.

Student Behavioral Expectations or Conduct Policy:

"Students are expected to maintain classroom decorum that includes respect for other students and the instructor, prompt and regular attendance, and an attitude that seeks to take full advantage of the education opportunity."
