

WACO, TEXAS

COURSE SYLLABUS AND INSTRUCTOR PLAN

Anatomy and Physiology I

BIOL 2401.0084 and

BIOL 2401.0085

Shannon Thomas

NOTE: This is a 16-week course.

Anatomy and Physiology I BIOL 2401.O084 - O085

Table of Contents:

Course Description:	3
Prerequisites and/or Corequisites:	3
Course Notes and Instructor Recommendations:	3
Instructor Information:	4
Required Text and Materials:	4
Methods of Teaching and Learning:	5
Course Objectives and/or Competencies:	5
Course Attendance/Participation Guidelines:	7
Course Schedule:	8
Course Grading Information:	10
Late Work and Make Up Work Policies:	10
Student Behavioral Expectations or Conduct Policy:	11

Anatomy and Physiology I BIOL 2401.O084 – O085

Course Description:

Anatomy and Physiology I is the first part of a two-course sequence. It is a study of the structure and function of the human body including cells, tissues, and organs of the following systems: integumentary, skeletal, muscular, nervous and special senses. Emphasis is on interrelationships among systems and regulation of physiological functions involved in maintaining homeostasis. The lab provides a hands-on learning experience for exploration of human system components and basic physiology. Systems to be studied include integumentary, skeletal, muscular, nervous, and special senses. Note: Must have passed the reading and writing portion of the TSI Assessment or have credit for INRW 0402. Semester Hours 4 (3 lec/3 lab)

Prerequisites and/or Corequisites:

Must have passed the reading and writing portion of the TSI Assessment or have credit for INRW 0402. Semester Hours 4 (3 lec/3lab)

Course Notes and Instructor Recommendations:

- Ensure your computer meets the required system specifications for online classes.
- Create a study schedule that accommodates your busy routines. It helps to create a
 schedule that allocates time for each of your responsibilities and allows for set times for
 which you may study and meet class requirements. A <u>general recommendation</u> for study
 time is 2-3 hours per week (outside of class) time for every college credit hour enrolled.
 Therefore, you should plan to spend 8-12 hours a week preparing for this class.
- Stay on top of due dates. Review the course calendar and the weekly checklist at the beginning of each week to plan your study time and avoid missing important deadlines.
- Make sure that all course links are working as soon as they are available even if you plan to complete the work later.
- Check your email daily. You must establish and use your MCC student email account.
 Make a habit of checking your student email and announcements daily. I regularly
 communicate crucial details about deadlines and possible opportunities via student
 email. Therefore, neglecting your email could impact your grade. Furthermore, I will only
 share personal or grade-related information within the MCC student email system.
- Reach out to me immediately if you encounter any problems (i.e., personal, technical, etc.) that prevent you from completing a class requirement by the deadline. Always feel free to ask questions and stay in touch. I am here for you and welcome any comments, questions, or concerns that you may have.

BIOL 2401.0084 - 0085

Instructor Information:

o **Instructor Name:** Shannon Thomas (call me Professor Thomas, Ms. Thomas, Shannon)

o **MCC Email:** Sthomas@mclennan.edu

o Office: SB 208

Office Phone Number: 254-299-8167

 Office/Teacher Conference Hours: I will be online Mondays and Wednesdays from 10:00 am – 12:00 pm. Feel free to email any time! I will reply back at my earliest opportunity.

Other communication related information:

- **Email:** For online classes, the preferred method of communication should be through email.
- **Subject line:** Please include the name of your class and your purpose for writing.
- Identify yourself: Please tell me who you are!
- **Response time:** I will respond with 24-hours on weekdays. Emails and phone calls made after business hours on Friday or during the weekend and will be returned during my Monday office hours.
- **Phone calls:** If you call outside of my office hours, please leave a message with your name, the class you are taking, and a phone number and I will return your call during my next scheduled office hours.

**Please send a follow-up email if you have not received a reply within 24-hours on a weekday or by Monday afternoon if you emailed me over the weekend *

Required Text and Materials:

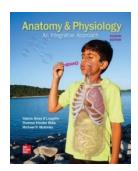

Title: Connect for Anatomy & Physiology **Author:** McKinley, O'Loughlin, and Bidle.

Edition: 4th

Publisher: McGraw Hill Create (Custom Publishing)

ISBN: 9781264780341

Please note that the price of this book has already been included in your course fees and you do NOT need to purchase it!

MCC Bookstore Website: http://www.mclennan.edu/bookstore/

Other Requirements: A webcam and computer mic are required to test online using **Respondus Monitor.**

BIOL 2401.0084 - 0085

Methods of Teaching and Learning:

Methods of instruction will be delivered through weekly assignments, discussions, lab and lecture presentations, instructional videos, and various learning objects. *The following instructional strategies will be employed to help students learn the material:*

- **Assigned Reading:** Reading material will be assigned weekly in the form of your textbook, my lecture notes, and websites that discuss current topics in health, science, and medicine.
- **Online notes:** The online notes consist of various activities, including lecture notes, lecture and lab videos, images, learning activities, and practice exam questions.
- **Chapter assignments:** Chapter Assignments will include both <u>lecture</u> and <u>lab activities</u>. Weekly lessons/assignments will consist of various activities, including Connect assignments, instructional videos, identification exercises, and various learning objects.
- Discussions: Discussions will address current and/or controversial topics in science and
 medicine related to science, ethics, health, and public policy. Students will be required to
 watch educational videos, read the assigned material, and/or seek additional information
 on subjects from credible sources. Group-work will be utilized to break down complex
 issues, work through a set of problems, or come to a consensus on a controversial
 topic.
- **Lecture Tests:** There will be one lecture exam for each of the 5 units. Lecture quizzes consists of 40-50 multiple-choice, matching, true/false, fill-in-the-blank, and essay questions. The breakdown of material covered on each exam may be reviewed below.
 - Test 1: Chapters 1- 5
 - Test 2: Chapters 6 8
 - Test 3: Chapters 9 11
 - o **Test 4:** Chapters 12 16
- **Lab Practicum (Lab Exam):** *Lab Exams* primarily consist of fill-in-the-blank questions that involve identifying structures on models, dissections, line diagrams, or identifying anatomic details of tissues and organs from a histology image. Students may also be required to interpret charts, graphs, or diagrams.
 - o Lab Practicum 1 will cover chapters 1-8.
 - o Lab Practicum 2 will cover Chapters 9 16

Course Objectives and/or Competencies:

- Critical Thinking (CT): to include creative thinking, innovation, inquiry and analysis, evaluation and synthesis of information.
 - Taught through daily discussion and assessed using lecture exams with a coursewide bank of CT questions and laboratory exercises that challenge students to

BIOL 2401.0084 - 0085

answer more complicated real-life questions and predict outcomes using what they have learned in lecture.

- Communication Skill (COM): to include effective written, oral, and visual communication.
 - Taught through formal or information presentation (including oral, written and visual components), class discussion and assessment via common rubric or use of scientific language, clarity, and understanding. Also taught using scientific articles or current events within face-to-face or online discussion groups.
- Empirical and Quantitative Skills (EQS): to include applications of scientific and mathematical concepts.
 - Taught using specific laboratory exercises involving measurements and very basic data collection (for example measuring arm length among each group, tallying the data, and then analyzing it by gender and height.
- Teamwork: To include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
 - Taught using specific laboratory or homework exercises and/or through class or online discussion groups.

Learning Outcomes:

- 1. To be able to read and analyze various printed materials (CT, EQS)
- 2. To demonstrate knowledge of the major issues and problems facing modern science, including issues that touch upon ethics, values, and public policies (CT, COM, TW)
- 3. To demonstrate critical thinking by using both qualitative and quantitative analysis to evaluate strategies and recognize alternative strategies.

Learning Outcomes (Lecture): Upon successful completion of this course, the student should be able to:

- 1. Use anatomical terminology to identify and describe locations of major organs of each system covered.
- 2. Explain interrelationships among molecular, cellular, tissue, and organ functions in each system.
- 3. Describe the interdependency and interactions of the systems.
- 4. Explain contributions of organs and systems to the maintenance of homeostasis.
- 5. Identify causes and effects of homeostatic imbalances.
- 6. Describe modern technology and tools used to study anatomy and physiology.

Learning Outcomes (Lab): Upon successful completion of this course, the student should be able to:

1. Apply appropriate safety and ethical standards

BIOL 2401.0084 - 0085

- 2. Locate and identify anatomical structures
- 3. Appropriately utilize laboratory equipment, such as microscopes, dissection tools, general labware, physiology data acquisition systems, and virtual simulations.
- 4. Work collaboratively to perform experiments
- 5. Demonstrate the steps involved in the scientific method
- 6. Communicate results of scientific investigations, analyze data and formulate conclusions
- 7. Use critical thinking and scientific problem-solving skills, including, but not limited to, inferring, integrating, synthesizing, and summarizing, to make decisions, recommendations and predictions.

Course Attendance/Participation Guidelines:

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be reevaluated accordingly, and the student will only receive funding for those courses attended as of the course census date.

Before the 60% point of the semester, a student who is absent for 25% or more of a face-to-face or blended course or who misses 25% or more of assigned work for an online course will be withdrawn from the course with a grade of W. A student may also request to be withdrawn with a grade of W before the 60% point of the semester. After the 60% point of the semester, the student may request to be withdrawn if the student is passing, or be assigned the final grade earned at the end of the semester after grades have been updated to reflect missing work.

In this class, students will receive an absence if they fail to complete any assignments scheduled for a given week. However, no absence will be recorded if a student manages to complete a portion of the assignments as scheduled. Because this is an 8-week class, you may be withdrawn after 2 weeks of missed work (2 absences). In order to avoid being withdrawn, please BE SURE to contact me if you face any obstacles that prevent you from completing the entire workload scheduled for a particular week. I am here to help you.

Click Here for the MCC Attendance/Absences Policy

(https://www.mclennan.edu/highlander-guide/policies.html)

Click on the link above for the college policies on attendance and absences. Your instructor may have additional guidelines specific to this course.

BIOL 2401.O084 - O085

Course Schedule:

Week 1 (8/21 – 8/27)

- Class Introductions and Orientation
- o Chapter 1: The Human Organism
- o Assignments due by 8/27 at 11:59 PM
- o Discussion 1: Introductions due by Sunday, 8/27 at 11:59 PM.

Week 2 (8/28 – 9/3)

- Chapter 2: Ions, Atoms, and Molecules.
- Chapter 3: Energy and Chemical Reactions
- o Assignments due by Sunday, 9/3 at 11:59 PM.

Week 3 (9/05 – 9/11)

- o Happy Labor Day! (Monday, 9/4)
- o Chapter 4: The Cell
- Assignments due by Monday, 9/11 at 11:59 PM
- o Discussion 2 due by Monday, 9/11 at 11:59 PM.

Week 4 (9/12 – 9/18)

- Chapter 5: The Tissues
- o Assignments due by Monday, 9/18 at 11:59 PM
- Lecture Test 1 available

Week 5 (9/19 – 9/25)

- Chapter 6: The Integumentary System
- Assignments due by Monday, 9/25 at 11:59 PM.
- Discussion 3 due by Monday, 9/25 at 11:59 PM
- o **Lecture Test 1** (covers chapters 1-5) due by Monday, 9/25 at 11:59 pm.

Week 6 (9/26 - 10/02)

- o Chapter 7: Bone Tissue
- o Assignments due by Monday, 10/02 at 11:59 PM.

Week 7 (10/03 – 10/08)

o Chapter 8: Axial and Appendicular Skeleton

BIOL 2401.O084 - O085

Week 8 (10/09 – 10/15)

- Chapter 9: The Joints
- o Assignments due by Monday, October 15th at 11:59 PM.
- Lecture Test 2 (covers chapters 6 8) due by Monday, 10/15 at 11:59 PM.
- o Lab Practicum 1 due by Monday, 10/15 at 11:59 PM.

Week 9 (10/16 – 10/22)

- o Chapter 10: Muscle Tissue
- o Assignments due by Monday, 10/22 at 11:59 PM.
- o Discussion 4 due by Monday, 10/22 at 11:59 PM.

Week 10 (10/23 – 10/29)

- o Chapter 11: The Muscular System
- o Assignments due by Monday, 10/29 at 11:59 PM.

Week 11 (10/30 – 11/05)

- o Chapter 12: Nervous Tissue
- o Assignments due by Monday, 11/05 at 11:59 PM.
- **Exam 3** (over chapters 9 11) due by 11/05 at 11:59 PM

Week 12 (11/06 – 11/12)

- Chapter 13: The Brain and Cranial Nerves
- o Assignments due by Monday, 11/12 at 11:59 PM.
- o Discussion 5 due by Monday, 11/12 at 11:59 PM.

Week 13 (11/13 – 11/19)

- o Chapter 14: The Spinal Cord
- o Chapter 15: The Autonomic Nervous System
- o Assignments due by Monday, 11/19 at 11:59 PM

Week 14 (11/20 – 11/26)

o Happy Thanksgiving!

Week 15 (11/27 – 12/03)

o Chapter 16: The Senses

BIOL 2401.0084 - 0085

o Lecture Test 5 due by 12/03 at 11:59 PM.

Week 16 (12/04 – 12/07)

For graduating students, lab practicum 2 is due by Tuesday, 12/05 at 11:59 PM Final Exams for non-graduating students, lab practicum 2 is due by Thursday, 12/07 at 11:59 PM.

***Note that the instructor reserves the right to make changes to the course schedule at any time during the semester, based upon the needs of the class. It is the student responsibility to regularly check the course homepage, announcements, and student emails for updates!! ***

Course Grading Information:

Grades will be calculated according to the following breakdown:

Grade Breakdown:	
Assignments:	25%
Discussions:	15%
Exams: o Lecture Exams (4) o Lab Practicums (2)	60%

Final letter grades will be assigned according to the following percentages:

$$A = 89.5 - 100$$
; $B = 79.5 - 89.4$; $C = 69.5 - 79.4$; $D = 59.5 - 69.4$; $F = 59.4$ or less

Late Work and Make Up Work Policies:

Please plan your schedules in advance to meet scheduled due dates. It is each student's responsibility to plan for transportation, childcare, and work schedule adjustments that are needed to meet exam and assignment deadlines. Contact me as soon as possible if you encounter difficulty with meeting scheduled deadlines.

Penalties for late work:

BIOL 2401.0084 - 0085

- Discussions: Due to the *interactive nature* of the discussions, no late discussions will be accepted. However, <u>one low discussion grade will be dropped and not counted against</u> you.
- Weekly Assignments: Late submissions for which the student does not have a
 documented excuse or has not made *prior* arrangements with me will result in a 10%
 deduction for each day late.
- o **Exams:** Exams will be made available 7 days prior to the due date and may be submitted any time up until the deadline. Late submissions for which the student does not have a documented excuse or has not made <u>prior arrangements</u> with me will result in a 10% deduction for each day late. Additionally, only students who have completed the exam by the set deadline will be eligible for any grading curves applied to the exams.

To avoid late penalties for assignments and exams, please email me BEFORE the due date for an extension. This helps me to help you!

For students who encounter unforeseen events that prevent them from contacting me prior to a deadline, exceptions will be considered on a case-by-case basis. If you find yourself in such a situation, I encourage you to reach out to me as soon as possible. I am here to support you. However, it is important to note that any accommodation or assistance will be provided in a manner that is fair to other students and within the guidelines outlined in the syllabus and within the school's policy.

Student Behavioral Expectations or Conduct Policy:

When interacting with classmates, please remember to be respectful, polite, and considerate to others. Constructive criticisms are expected, but personal attacks, inappropriate jokes, or rude comments to a classmate cannot be tolerated. Offensive remarks and comments are counterproductive to the learning environment in the online

classroom and will result in one or all the following consequences: (1) a grade of zero, (2) being potentially banned from future graded interactions, and (3) disciplinary action, if severe.

If you witness or experience any offensive behavior, please report it to me as soon as possible.

Academic dishonesty will not be tolerated in this course. According to MCC Academic Integrity Statement, academic dishonesty includes cheating, plagiarism, collusion, misrepresentation of facts, and/or other acts of dishonesty intended to provide unfair advantage to the student. Please review the MCC Academic Integrity Statement for

BIOL 2401.O084 - O085

definitions of Academic Integrity violations and potential consequences for students who are identified as having committed the violations.

At minimum, students who are caught in acts of academic dishonesty at any point in the semester will receive a zero for the assignments or exams in which the act occurred.

Updated 07/18/2023

ACADEMIC RESOURCES/POLICIES

Accommodations/ADA Statement:

Any student who is a qualified individual with a disability may request reasonable accommodations to assist with providing equal access to educational opportunities. Students should contact the Accommodations Coordinator as soon as possible to provide documentation and make necessary arrangements. Once that process is completed, appropriate verification will be provided to the student and instructor. Please note that instructors are not required to provide classroom accommodations to students until appropriate verification has been provided by the Accommodations Coordinator. For additional information, please visit www.mclennan.edu/disability.

Students with questions or who require assistance with disabilities involving physical, classroom, or testing accommodations should contact:

<u>disabilities@mclennan.edu</u> 2542998122 Room 319, Student Services Center

Title IX:

We care about your safety, and value an environment where students and instructors can successfully teach and learn together. If you or someone you know experiences unwelcomed behavior, we are here to help. Individuals who would like to report an incident of sexual misconduct are encouraged to immediately contact the acting Title IX Coordinator at titleix@mclennan.edu or by calling, Dr. Claudette
Jackson, (Accommodations/Title IX) at (254) 299-8465. MCC employees are mandatory reporters and must report incidents immediately to the Title IX Coordinator. Individuals may also contact the MCC Police Department at (254) 299-8911 or the MCC Student Counseling Center at (254) 299-8210. The MCC Student Counseling Center is a

ACADEMIC RESOURCES/POLICIES, Page 2 of 4

Updated 07/18/2023

confidential resource for students. Any student or employee may report sexual harassment anonymously by visiting http://www.lighthouse-services.com/mclennan/. Go to McLennan's Title IX webpage at www.mclennan.edu/titleix/. It contains more information about definitions, reporting, confidentiality, resources, and what to do if you or someone you know is a victim of sexual misconduct, gender-based violence or the crimes of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence.

Student Support/Resources:

MCC provides a variety of services to support student success in the classroom and in your academic pursuits to include counseling, tutors, technology help desk, advising, financial aid, etc. A listing of these and the many other services available to our students is available at http://www.mclennan.edu/campus-resource-guide/

Academic Support and Tutoring is here to help students with all their course-related needs. Specializing in one-on-one tutoring, developing study skills, and effectively writing essays. Academic Support and Tutoring can be found in the Library and main floor of the Learning Commons. This service is available to students in person or through Zoom. You can contact the Academic Support and Tutoring team via Zoom or email (ast@mclennan.edu) by going to our website [https://www.mclennan.edu/academic-support-and-tutoring/).

College personnel recognize that food, housing, and transportation are essential for student success. If you are having trouble securing these resources or want to explore strategies for balancing life and school, we encourage you to contact either MCC CREW – Campus Resources Education Web by calling (254) 299-8561 or by emailing crew@mclennan.edu or a Success Coach by calling (254) 299-8226 or emailing SuccessCoach@mclennan.edu. Both are located in the Completion Center located on the second floor of the Student Services Center (SSC) which is open Monday-Friday from 8 a.m.-5 p.m.

Paulanne's Pantry (MCC's food pantry) provides free food by appointment to students, faculty and staff. To schedule an appointment, go to https://mclennan.co1.qualtrics.com/jfe/form/SV_07byXd7eB8iTqJg. Both the Completion Center and Paulanne's Pantry are located on the second floor of the Student Services Center (SSC).

MCC Foundation Emergency Grant Fund:

ACADEMIC RESOURCES/POLICIES, Page 3 of 4

Updated 07/18/2023

Unanticipated expenses, such as car repairs, medical bills, housing, or job loss can affect us all. Should an unexpected expense arise, the MCC Foundation has an emergency grant fund that may be able to assist you. Please go to https://www.mclennan.edu/foundation/docs/Emergency Grant Application.pdf.

MCC Academic Integrity Statement:

Go to www.mclennan.edu/academic-integrity, for information about academic integrity, dishonesty, and cheating. The unauthorized use of artificial intelligence (AI) for classwork can be a violation of the College's General Conduct Policy. Whether AI is authorized in a course and the parameters in which AI can be used in a course will be outlined by each instructor.

Minimum System Requirements to Utilize MCC's D2L|Brightspace:

Go to https://www.mclennan.edu/center-for-teachingandlearning/FacultyandStaffCommons/requirements.html for information on the minimum system requirements needed to reliably access your courses in MCC's D2L|Brightspace learning management system.

Minimum Technical Skills:

Students should have basic computer skills, knowledge of word processing software, and a basic understanding of how to use search engines and common web browsers.

Backup Plan for Technology:

In the event MCC's technology systems are down, you will be notified via your MCC student email address. Please note that all assignments and activities will be due on the date specified in the Instructor Plan, unless otherwise noted by the instructor.

Email Policy:

McLennan Community College would like to remind you of the policy (http://www.mclennan.edu/employees/policy-manual/docs/E-XXXI-B.pdf) regarding college email. All students, faculty, and staff are encouraged to use their McLennan email addresses when conducting college business.

A student's McLennan email address is the preferred email address that college employees should use for official college information or business. Students are

ACADEMIC RESOURCES/POLICIES, Page 4 of 4

Updated 07/18/2023

expected to read and, if needed, respond in a timely manner to college emails. For more information about your student email account, go to www.mclennan.edu/studentemail.

Instructional Uses of Email:

Faculty members can determine classroom use of email or electronic communications. Faculty should expect and encourage students to check the college email on a regular basis. Faculty should inform students in the course syllabus if another communication method is to be used and of any special or unusual expectations for electronic communications.

If a faculty member prefers not to communicate by email with their students, it should be reflected in the course syllabus and information should be provided for the preferred form of communication.

Email on Mobile Devices:

The College recommends that you set up your mobile device to receive McLennan emails. If you need assistance with set-up, you may email Helpdesk@mclennan.edu for help.

You can find help on the McLennan website about connecting your McLennan email account to your mobile device:

- Email Setup for iPhones and iPads
- Email Setup for Androids

Forwarding Emails:

You may forward emails that come to your McLennan address to alternate email addresses; however, the College will not be held responsible for emails forwarded to an alternate address that may be lost or placed in junk or spam filters.

For more helpful information about technology at MCC, go to MCC's Tech Support Cheat Sheet or email helpdesk@mclennan.edu.

Disclaimer:

The resources and policies listed above are merely for informational purposes and are subject to change without notice or obligation. The College reserves the right to change policies and other requirements in compliance with State and Federal laws. The provisions of this document do not constitute a contract.
