Required Text & Materials:

Title: America's Courts and the Criminal Justice System

Author: Neubauer and Fradella

Edition: 13th

Publisher: Cengage

ISBN: #978-1-337-55798-4 (hard back)

MCC Bookstore Website: <http://www.mclennan.edu/bookstore/>

Methods of Teaching and Learning:

This class will be a combination of group discussions, application exercises, learning activities, video clips, exams, quizzes and instructor power points/notes.

Course Objectives and/or Competencies:

The student will develop competency with knowledge of the major structures and basic legal concepts that underlie the criminal courts. In deciding guilt or innocence and determining the appropriate punishment, the courts apply the criminal law through a complicated process termed

COURT SYSTEMS AND PRACTICES

CRIJ 1306 O080

criminal procedure. The structure of the courts, the nature of the criminal, how they apply and the procedures followed all have important consequences for how the courts dispense justice. To understand the legal system, one needs to know more than the legal rules. One must also understand the assumptions underlying these rules, the history of how they evolved and the goals they seek to achieve.

Course Attendance/Participation Guidelines:

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

I will periodically check attendance and each student's average in the course. If you have missed multiple weeks of work, consecutively or collectively, or even portions of the units' assignments **and** are failing the course (below 70% average), I reserve the right to drop you from the course at that time. Please communicate any special circumstances that might affect my decision to drop you.

Regular and punctual attendance is expected of all students. Any student failing to attend classes the first two weeks of the semester or failing to participate in online courses and activities the first two weeks will be subject to being dropped by the professor. Students, whether present or absent, are responsible for all material presented or assigned for a course and will be held accountable for such materials in the determination of course grades.

Before the 60% point of the semester, a student who is absent for 25% or more of a face-to-face or blended course or who misses 25% or more of assigned work for an online course will be withdrawn from the course with a grade of W. A student may also request to be withdrawn with a grade of W before the 60% point of the semester. After the 60% point of the semester, the student may request to be withdrawn if the student is passing. If the student is not passing, they will be assigned the final grade earned at the end of the semester after grades have been updated to reflect missing work.

COURT SYSTEMS AND PRACTICES
CRIJ 1306 O080

completion deadline. Each quiz can only be submitted once (1). The deadline for submitting each quiz will be found in the course information link.

The Midterm and Final Exams will be taken at home and will be timed. More details in the Midterm and Final Exam Instruction Section of the course.

- I. You will have several quizzes and the average of the quiz grades will comprise 30% of your final grade.
- II. The Midterm and Final Exams will count as 20% each of your final grade.
- III. The discussion board average will comprise the remaining 30% of your grade. You must post a minimum of two per unit and the posts must be made by the due dates.
- IV. If you do not complete the quiz and discussion during the required time you will receive a zero (0).
- V. There will be no make-up work allowed HOWEVER, near the end of the semester, I will drop your lowest quiz grade. That will make up for one missed or failed grade.

Discussion Board Grades:

All course requirements must be completed no later than the due date for each discussion board posting. All postings will be done online by logging into the course. Each unit's postings must be completed within the allotted time. Each unit discussion board question will be found on the discussions link. You will have one discussion board posting for each unit with the exception of the mid-term and final exam weeks. Students have to post to the discussion board a minimum of two times for each unit. Students are required to post to the original discussion question and post to at least one other student's reply. Remember to read the question closely and answer it completely. Simply agreeing with another student's posting is not sufficient. Each student must post well thought-out replies and explain why they agree or disagree with another student's post. Any plagiarism (using someone else's words and or ideas without specifically giving them credit) is very serious and will result in a zero and strong warning. If it occurs a second time, you will be reported to MCC officials and possibly dropped from the course.

The follow rubric illustrates how each discussion session will be graded. The quality of your posts is a subjective assessment by your instructor of how much your post adds to the discussion.

COURT SYSTEMS AND PRACTICES
CRIJ 1306 O080

Metrics	Post 1	Reply 1	Quality of Post	Quality of reply 1
<u>Maximum Points Earned</u>	<u>25 points</u>	<u>25 points</u>	<u>25 points</u>	<u>25 points</u>

Late Work, Attendance, and Make Up Work Policies:

I do not reset discussion boards or quizzes in this course, but as an alternative, I will drop each student's lowest quiz grade the week of the final. The midterm and final are due on the dates set out in the Unit Completion Dates chart (located in the course information link). Failure to take the 2 exams on time will result in a 25 point penalty per exam.

Student Behavioral Expectations or Conduct Policy:

Students are expected to maintain classroom decorum in the course just as they would in a face-to-face class. That includes respect for other students and the professor, prompt and regular attendance, and an attitude that seeks to take full advantage of the education opportunity.

Since this is an on-line class most of the interaction between students will occur during the discussion board. Students are required to be respectful of one another during the discussion and inappropriate comments will result in disciplinary action including loss of points on the assignment.
