Learning Framework

Kelly Parker

NOTE: This is a 16-week course.

NOTE: This is a Face-to-Face course.

Course Description:

A study of the a) research and theory in the psychology of learning, cognition, and motivation; b) factors that impact learning; and c), application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners.

Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned.

Students are expected to complete the weekly reading, participate in Discussion Board (Db) as assigned, and complete any activities and papers as assigned.

Course Mission Statement:

Learning Framework provides students with confidence in transition to higher education, as well as providing empowerment in areas that will lead to success as a lifelong learner.

Objectives and/or Competencies:

Upon successful completion of the course, the student will:

1. Increase the student's level of knowledge and use of motivational, behavioral, and cognitive factors that impact learning.
2. Improve the student's abilities and actions in learning and study strategies.
3. Provide student preparation for the rigors of a college education.
4. Provide students with an overview of the emotional intelligence skills they will need to be successful in the college environment.

Course Attendance/Participation Guidelines:

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

Before the 60% point of the semester, a student who is absent for 25% or more of a face-to-face or blended course or who misses 25% or more of assigned work for an online course will be withdrawn from the course with a grade of W. A student may also request to be withdrawn with a grade of W before the 60% point of the semester. After the 60% point of the semester, the student may request to be withdrawn if the student is passing, or be assigned the final grade earned at the end of the semester after grades have been updated to reflect missing work.

Students must physically attend this face-to-face course in person to be counted as present. Once accumulated absences total more than 25% of the scheduled class meetings, students can be withdrawn from the class, receiving no grade or credit for the course.

Course Grading Information:

Your grades are weighted per the assignment category. A **weighted** score is the average of a set of **grades**, where each set carries a different amount of importance. For example, as you can see by the chart below, the core activities make up 30% of your grade versus the discussion boards which are worth 10%. This means that you could do all your discussion boards, but that 100% would not be worth even some of your core activities being completed.

Assignment Category	%
Weekly Activities	30
Discussion Boards	5
Core Activities	40
Final Exam	25
Total	100

Grading Scale:

Letter Grade	A	B	C	D	F
Total Points	100 – 90	89 – 80	79 – 70	69 – 60	59 or Below

Late Work, Attendance, and Make Up Work Policies:

Students are expected to be in class every day and on time. Much of what will be discussed each week cannot be learned (or “made up”) by any other means except during each class. Plagiarism or cheating of any kind will have consequences and may result in a failing grade. Course work will not be accepted past the due date without deduction. If you know you will have a conflict meeting a deadline, please discuss this with the instructor ahead of time. Extra credit opportunities may be available on a case-by-case basis. College-level writing is expected. Due dates will be announced at the beginning of the semester.

Student Behavioral Expectations or Conduct Policy:

In both the face-to-face and online environments, students are expected to maintain classroom decorum that includes respect for other students and the instructor, prompt and regular attendance, and an attitude that seeks to take full advantage of the education opportunity.

While honest discussion and debate of topics is expected and encouraged, such interactions should not involve aggressive, derogatory, or involve hostile behaviors (verbal or otherwise).

The instructor reserves the right to act to protect the decorum of the learning environment and the image of MCC.
