Course Description:

EDUC 1301 Introduction to the Teaching Profession is an enriched, integrated pre-service course and content experience that provides active recruitment and institutional support of students interested in a teaching career, especially in high need fields. The course provides students with opportunities to participate in early field observations at all levels of P-12 schools with varied and diverse student populations and provides students with support from college and school faculty, preferably in small cohort groups, for the purpose of introduction to and analysis of the culture of schooling and classrooms. Course content should be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards; and the course must include a minimum of 16 contact hours of field experience in P-12 classrooms. Semester Hours 3 (3 lec/lab).

Prerequisites and/or Corequisites:

No Prerequisites Required

Course Notes and Instructor Recommendations:

This course will provide foundational and occupational insight into the field of education, especially related to meeting the diverse needs of stakeholders within education. Students will be provided opportunities to observe teaching in action with the mandated 16 hours of observation/laboratory experience, case studies, and supplemental assignments. Students will gain an understanding of the various groups that compose a school culture and climate among a multitude of distinct populations (culturally diverse, learning diverse, and socioeconomically diverse). Students will also reflect on the professional nature of an educational occupation, their own motivations for choosing the teaching profession, and their philosophy of education.

Please check your MCC student email and Brightspace daily. I will use these methods to communicate with you often. Please sign up for MyAlert (information can be found on MCC homepage). The College uses this system to communicate important information to students.

Late Work and Make Up Work Policies:

I know that life happens, and for that reason, I **do** accept late work. Please note that you **may** lose points on an assignment if it is turned in late (unless you have communicated with me and let me know ahead of time that you need an extension and I have approved that extension or if you have some sort of emergency/other important life happening and communicate that information to me). You can expect to lose one point for each day the assignment is late.

Communication is very important! If you are experiencing extenuating circumstances, please reach out to me so we can develop a plan for you to be successful. I'm here to help you and I want you to succeed! Always feel free to reach out to me via text message (254-826-6101), phone (254-299-8788), or email (kmwillis@mclennan.edu). If you've read this far, send me an email and include the code word "sprinkles." You'll earn extra credit just for doing this!

Student Behavioral Expectations or Conduct Policy:

It is very important that you complete your assignments on time and thoroughly. All responses and reflections should be respectful and should appropriately address the topic of the prompt/activity. Please pay attention to normal conventions of writing (use capitalization, punctuation, and correct spelling) so your thoughts are clear to me (the professor) and other students.

In both the face-to-face and online environments, all students are expected to maintain classroom decorum that includes: (a) respect for other students and the instructor, (b) prompt and regular attendance, and (c) an attitude that seeks to take full advantage of the educational opportunity.

While honest discussion and debate of topics is expected and encouraged, such interactions should not involve aggressive or derogatory comments or hostile behaviors (verbal or otherwise). This class is a safe space to share ideas and opinions. Please be respectful of those who may have an opinion that is different from your own. I (as the instructor) reserve the right to act to protect the decorum of the learning environment and the image of MCC.

If you are using Zoom to meet with me, other students, or other professors, please ensure that you are dressed appropriately and are in a location where you can focus on your responsibilities as a student. Example: It is not appropriate to attend a Zoom meeting while lying in bed and/or half dressed. Please be respectful of others and mute yourself if background noise will be a problem.

Ethics:

Cheating will not be tolerated. Any student found cheating will be subject to grade reduction, receiving a zero on assignments that involve cheating/plagiarism, and/or dismissal from the course.

Examples of cheating include but are not limited to:

- Copying the work of another student.

INTRODUCTION TO THE TEACHING PROFESSION

EDUC 1301_B001

-
- Seeking excused absences/tardiness under false pretenses.
 - Plagiarism (claiming the work of another as your own)

This course will teach you to think critically. Critical thinking is one of the top work skills in the *Future of Job* reports. Please maintain your integrity and do your own work. There is no reason to cheat in this class (or in any other class). Remember, I'm here to help you and we have many resources available to help if you are struggling with the course content.
