Course Attendance/Participation Guidelines:

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

Before the 60% point of the semester, a student who is absent for 25% or more of a face-to-face or blended course or who misses 25% or more of assigned work for an online course will be withdrawn from the course with a grade of W. A student may also request to be withdrawn with a grade of W before the 60% point of the semester. After the 60% point of the semester, the student may request to be withdrawn if the student is passing, or be assigned the final grade earned at the end of the semester after grades have been updated to reflect missing work.

I will contact you to discuss attendance issues that may arise.

C = 70-79

D = 60-69

F = 59 and below

Grades will be determined by the completeness and coherence of the written information which answers the questions or scenario presented by the instructor. Assignments/evaluations (quiz or test) will have a 100-point value, with the exception of the “Know Texas” Report. This Report will have a 250-point value.

Late Work, Attendance, and Make Up Work Policies:

Late work is accepted for extenuating circumstances. Contact the instructor regarding any absences or late work. *This contact is essential for proper attendance records.*

This semester begins an MCC program through which student grades are checked at various times in order to note any student success needs/issues. Instructors need to enter grades regularly for this program. If an assignment is not completed on the date required, a grade of “70” will be entered into Brightspace. This grade will be adjusted to the earned grade when the assignment is turned in/completed.

Student Behavioral Expectations or Conduct Policy:

Students are expected to maintain classroom decorum that includes respect for other students and the instructor, prompt and regular attendance, and an attitude that seeks to take full advantage of the education opportunity. The MCC *General Conduct Policy* is stated in the [Highlander Guide](#).

Instructor's Academic Integrity Statement:

Plagiarism consists of passing-off as one's own the ideas, words, writings, etc., which belong to another. You are committing plagiarism if you copy the work of another person and turn it in as your own, even if you have the permission of that other person. Plagiarism destroys trust among research colleagues who have the responsibility of reporting research findings. In the academic setting it is a dishonest way of obtaining a grade. As there are opportunities to obtain grades outside of the classroom, plagiarism *jeopardizes the credit you may receive*. DO YOUR OWN WORK!
