activities, instructional materials and assessments listed.

**Course Grading Information:**

This course uses an aggregate point total. There are 500 total points available in this class. An A will be worth **ABOUT** 90%, a B will be worth **ABOUT** 80% and so forth. I say about because I may use a course or individual curve. The Exams and Final Exam come from the text and lectures. The essay comes from the text, class lecture and online research.

The 500 total points may be accumulated as follows:

1. One small semester essay found under CONTENT. It is worth 100 points. I expect each student to read and research the assigned topic. Based upon the reading and research, I expect a student to develop and defend an informed opinion on the assigned topic. I expect the student to communicate in his/her essay a personally and socially responsible position. This is not a research paper. It does require reading and research however. I do not care what your opinion is as long as it shows a basic understanding of the issue and displays critical thinking on your part in the development and defense of your opinion. The essay shall consist of a minimum of 2-3 typed pages (1000 words). It will address an issue that will be provided by the instructor. Your essay must be checked for grammar and spelling. If the grammar and spelling are such that I can't understand what you have written, you will be given a failing grade. I expect you to cite sources where applicable. Please follow the MCC policy on Academic Honesty which can be found on the school website. The Rubric for grading the essay is as follows:
  - a. 40% Displaying an accurate understanding of the issue,
  - b. 40% The Development of a critically thought out position on the issue,
  - c. 10% Effectively communicating your position on the issue,
  - d. 10% Communicating why your position demonstrates personal and social responsibility.
2. Three Exams. Each consist of one hundred (100) multiple choice questions drawn from the text reading and class lectures. Each exam is worth 100 points.

3. One Final Exam. This exam is a capstone type exam in that it will demonstrate the student's comprehension of the learning objectives set out in each chapter folder under the Texas Higher Education Co Board's requirements. It is timed for two and a half hours. It consists of one hundred multiple choice questions (drawn from the same test banks as the chapter quizzes). You may take the test only once. In addition to assessing how well a student has mastered the subject material, it also assesses critical thinking skills by how well the student has chosen the single best answer on each question.

**Course Attendance/Participation Guidelines:**

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

Before the 60% point of the semester, a student who is absent for 25% or more of a face-to-face or blended course or who miss 25% or more of assigned work for an online course will be withdrawn from the course with a grade of W. A student may also request to be withdrawn with a grade of W before the 60% point of the semester. After the 60% point of the semester, the student may request to be withdrawn if the student is passing, or be assigned the final grade earned at the end of the semester after grades have been updated to reflect missing work.

**Late Work, Attendance, and Make Up Work Policies:**

The instructor reserves the right to drop students for lack of attendance which is measured by class attendance and timely submission of assignments. If something comes up that prevents the timely completion of assignments or attendance in class, the student should immediately contact the instructor. You may view your attendance/participation in Bright Space. If you fall behind on assignments or work in the class you will show absent. That's why it is important to contact me when things happen.

I promise to do my best to make this class work for you. I promise to work as hard as you do to get you through it. If you have problems and needs, I will do my best to address and solve them.

The instructor reserves the right to accept late work, or to assign make up work at his own discretion.

**Student Behavioral Expectations or Conduct Policy:**

This is a traditional face to face class. I expect you to be courteous and respectful in class and in email exchanges with me and other students.

This class centers to a large extent on interaction between the student and the course material, the student and his peers in class, and the student and the instructor. I expect you to read and respond to my emails and questions. Many of them are about your performance on assessments, sometimes they are inquiries about trends I see and sometimes I am exploring Government with you. Please view the email process with the same commitment that I do. Remember that we solely use the MCC Email system in this class.

**Specific Course Policies For Govt 2306:**

1. Please consult the Brightspace course's **ANNOUNCEMENTS** page daily for course updates, scheduling changes, lesson materials, essay information, tests and ideas. You can get help with Brightspace problems by contacting me, Academic Support Services and Network Services.
2. MCC has extensive filters and security protocols. Because of this, some email accounts may not work. I will use MCC email to contact you as per school policy. To access your MCC email, go to the MCC home page at: [www.mclennan.edu](http://www.mclennan.edu) and click on the student email icon. Please place your course and section number on the subject line of all emails. It is up to you to make sure that I am receiving your EMAILS and work product. I will always respond to your EMAIL within a day during the week and two days on a weekend. If I do not respond inside that time frame, assume that I didn't get your message and contact me again, or by phone.
3. If you have exceptional circumstances, please consult with the instructor about your individual case. New regulations make dropping classes very expensive and limited in number. Let me help you through any problems you have in this class. Something which you may consider insurmountable may be fairly easy to fix. **I AM HERE TO HELP YOU SUCCEED.** Remember that the school follows the state mandated **SIX DROP POLICY** (see catalog for an explanation). Again, I'm happy to work with you to make this class work.
4. Any student requiring special accommodations, due to a disabling or other condition, should contact the instructor as soon as possible. I'm here to

- make the class work for you. I'm happy to work with your special needs.
5. I suggest that you do a chapter by first looking over the Course Objectives. You may wish to print them out. Then you can look over the objectives while you do a first skim of the chapter. Perhaps you could write the page numbers where those objectives are discussed. Look over the Chapter Summary. Next read the chapter for comprehension. I suggest you outline or highlight the chapter. Then you should look over the film clips and simulations as they pertain to specific items in the chapter. Use the Flashcards—they come straight from the test questions. Finally, take the quiz. The quiz uses critical thinking skills by asking you to select the **best** answers. If you get a low score on a quiz, contact me and let's visit about it. I may be able to help.
  6. I suggest that you download free software from the internet for FIREFOX, CHROME, WORD, REAL PLAYER, and QUICK Time.
  7. You can get help with your technical problems from the instructor and/or the Network Services people. You can reach them from 8 until 5 on weekdays at 254-299-8077.

Over the years, I have had research published in *Comparative Political Studies*, a book chapter on Public Finance and have presented at multiple American Political Science Association Conventions and the American Public Administration Conventions. In addition, I have presented at regional conferences. I am on the MCC Speakers' Bureau and speak frequently to civic groups.
