## APPLIED COMMERCIAL GUITAR

MUSP 1105

---

### **Course Description:**

Private instruction in electric guitar with goals related to commercial music. Demonstrate proficiency in commercial music repertoire and technique; develop a professional, disciplined approach to performance skills; and present a juried performance at semester's end.

### **Prerequisites and/or Corequisites:**

none

### **Course Notes and Instructor Recommendations:**

Students will be assigned individual instructors at the start of each semester.

Students will keep a practice journal in which practice time, material practiced, questions and observations will be logged. The instructor will check the journal at two-week intervals.

**A jury will be played at the semester's end for the string faculty.** This will demonstrate the work done and progress achieved during the semester. Scales, arpeggios, chord studies and several songs will need to be prepared for this event. In the student's last semester, a public performance demonstrating skills acquired in a variety of musical styles will be presented. This is called the Capstone performance.

Students are required to practice at least one hour per day. Guitar majors should set aside time to practice at least 2 hours per day.

It is highly recommend that students purchase or aquire a **metronome** (or metronome app) and an **electronic tuner** (or tuner app). These items can be found at any music store for around \$20. Apps can be found online at the App Store and Google Play. Some that are free work quite well. Some students may prefer the features that come with apps that must be purchased. For a metronome I use Metrotimer from the App Store.

There will be no lesson the first week of classes while student and instructor schedules are put in place. There will not be a lesson during the last week of the semester as it is exam week and the student will have played the equivalent of the guitar lesson exam the week before on jury day.
