This course is taught using discussions, videos, assignments, and exams to meet course objectives. Students will extend critical thinking through writing and engaging in peer discussion.

#### Upon completion of this course students will:

#### Unit 01

- Understand radiography education to include the classroom and clinic learning
- Contrast cognitive, psychomotor and affective learning
- Understand and demonstrate quality customer service

- Recognize requirements of becoming an outstanding student
- Evaluate listening and reading skills
- Apply critical thinking skills, be aware of values and explain consequences of actions taken
- Understand the history of medicine and analyze the evolution of healthcare delivery
- Discuss ethical issues in healthcare
- Recall pioneers of radiology and differentiate among radiologic advances

# Unit 02

- Recall characteristics of different age groups
- Understand diverse conditions and populations
- Recall patient identification and procedures requested
- Understand how to provide patient and transporter safety as a component of patient care and management
- Recall the purpose of isolation & aseptic techniques
- Demonstrate how to provide quality patient service
- Identify medical terminology and abbreviations

# Unit 03

- Recognize various components of imaging equipment
- Recall factors affecting the radiographic image
- Evaluate radiographic image characteristics
- Differentiate and discuss other imaging technology
- Explain patient preparation for radiographic exams and differentiate among imaging examinations
- Recognize different radiographic studies and fluoroscopic examinations
- Recall the importance of radiation safety and understand radiation protective measures
- Recognize biologic effects of ionizing radiation
- Recognize radiation interactions with matter

# Unit 04

- Evaluate ethics, professionalism, and law in radiologic technology
- Understand effective communication
- Recall legal terms in medicolegal considerations
- Recognize responsibilities of administration and staff
- Comprehend safety in radiologic technology
- Understand the procedures and policy items)
- Identify and understand factors which influence the economics of radiology
- Recall quality assurance and understand various factors which influence an optimal rating of radiographic service
- Recall the roles of health professionals of allied health

# Unit 05

- Recall the purpose of the ARRT and understand general requirements of a radiographer candidate
- Discuss educational requirements and content specifications for the radiography examination
- Understand differences between ARRT Rules of Ethics and Code of Ethics
- Recall the details of continuing education
- Understand the importance and purpose of professional associations
- Recognize areas of clinical specialization and the opportunity for career advancement
- Discuss radiographer responsibilities
- Recall practice standards and scope of practice of specialized area

# **Course Attendance/Participation Guidelines:**

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

#### **Tardiness/Absence Policy**

Tardiness is defined by the instructor of this class as any time past the originally scheduled time class is to begin.

At 1:00 pm, class has officially begun and a student is considered late if arrival is any time after that. Habitual tardiness indicates a lack of discipline and will be dealt with on an individual basis. The doors to the classroom will be locked at 1:00pm and the student will be denied access to the classroom once the instructor has begun class.

Leaving while class is in session can be disruptive to others. Students may leave but need to understand that the classroom doors are locked and will remain locked and no re-entry will be allowed until the teacher pauses lecture, stops for group work, or class has officially ended. Should you have an emergent situation and need to leave during class, please gather your belongings quietly and leave since you may or may not be allowed back into the classroom. Special considerations need to be discussed with the instructor.

Missing any portion of class at any time is considered an absence for the entire class period. \*Only extreme circumstances will be considered for an excused absence and is at the discretion of the course instructor.

Regular and punctual attendance is expected of all students, and a complete record of attendance will be kept by each instructor for the entire length of each course. Students will be counted absent from class meetings missed, beginning with the first official day of classes. Absence of **15%** of classes may be taken as evidence in course activities to indicate a low probability of success. If a student is absent for a total of 5 days in the first 11 weeks, it will indicate the student does not intend to be successful in the course. The instructor may drop the student at this point. If the student is in weeks 12-16 and reaches their 5<sup>th</sup> absence, the student may not be withdrawn but will instead be given the grade earned in the course. This grade will include zeros for all missed assignments (quizzes, etc.) and most likely will result in a D or F. **Students, whether present or absent, are responsible for all material presented or assigned for a course and will be held accountable for such materials in the determination of course grades.** 

#### **Student Behavioral Expectations or Conduct Policy:**

Academic honesty and professional conduct is expected and will be enforced by the instructor. Individuals who cannot conduct themselves in a respectful manner will be asked to leave the

classroom on the first occurrence. If continued behavioral incidents occur, the student will be removed from the classroom and referred to the Disciplinary Officer in the Career Development Office. If this occurs, the student may be expelled from the program and possibly the college. Likewise, if a student copies someone else's work,(plagiarism), cheats, or lies about assignments, the student will be required to attend a conference with the instructor, and will receive a grade of zero for the assignment in question. If a student is caught cheating in any form, the student will receive a grade of "F" for the course and may risk being expelled from the college.

#### **Examinations**

Random pop quizzes, unit exams and a comprehensive final will be given. Make up tests are not given in this course. If a unit exam is missed, the comprehensive final grade will be used for the missing exam grade. This will be done only once per semester. (Exception: See 'Online Quizzes and Testing Policy' below). Subsequent missed exams will receive a grade of zero. If an in-class pop quiz is missed for an unexcused absence, the student will receive a grade of zero.

#### **Online Quizzes and Testing Policy**

Some chapter tests and/or quizzes may be posted on Brightspace and will be timed according to length and content. Adequate time will be provided to complete the test provided the student has studied the material prior to taking the test. There will not be sufficient time to "look up" each test question searching for the answer. 5 points will be deducted for every minute that a student goes over the allotted testing time.

If a student fails to take the Brightspace test or quiz during the allotted time frame, a zero will be given with no opportunity to re-take the test. This only applies to tests or quizzes that are not begun and completed during the time frame. If a technology glitch occurs, the student is to contact the instructor immediately to report the issue. The instructor will investigate the issue and has the option to re-set the test or quiz. If "glitches" continue to be a recurring problem, the student will be required to test at the Testing Center.

#### Smoking Cessation – Electronic Vapor Products

Use of electronic smoking cessation devices are prohibited in the classroom or the building. E-Cig/Vapor devices can only be used outside the building. Likewise, these products cannot be used inside any clinical site building.

#### **Electronic Devices**

All cell phones, pagers, or other electronic devices must be turned off during class. You may check your messages during breaks or between classes. Laptop computers may be used to facilitate note taking or to view classroom visuals that are posted on Brightspace, but must be turned off or put in sleep mode during tests. No other use of the laptop will be tolerated during class. If at any time during class you create a distraction to the Instructor or your classmates, you will be asked to leave the class.

#### **Course Grading Information:**

Your grade in this course will be based upon your performance in the following areas:

#### TASK PERCENTAGE OF COURSE GRADE

Assignments, quizzes, etc...... 30% Chapter/Unit Tests ...... 30% Final Exam.......40%

**TOTAL 100% = COURSE GRADE** 

#### The course grade will be applied to the following scale:

90% - 100% A 80% - 89% B 75% - 79% C 60% - 74% D 59% or less F grade. All final course grades will be applied to the following scale and will be rounded up to the nearest whole number when greater than or equal to .5 or above.

*Examples:* 93.4 = 93, 93.5 = 94, or 93.6 = 94 and so on.

Should you have any questions regarding the rounding of grades please contact your instructor.

#### Late Work and Make Up Work Policies:

#### Make Up Work

Student will be permitted to make up assignments with no penalty due to absence, caused by:

#### 1. Personal illness WITH VERIFICATION FROM YOU DOCTOR

2. Death in the immediate family (mother, father, brother, sister, or a child of oneself).

All other late assignments will receive 10 point deduction on the first day missed and five points everyday thereafter. This is only accountable on business days.

#### **Grading**

Grades for each exam are posted on Brightspace for students to view. Students are required to report to the instructor any incorrect posting within two days of taking an exam. Failure of students to check their grades in order to report any incorrect posting and failure to report this to the instructor will result in grades remaining as posted on Brightspace.

#### Performance Goal, Expectation, and Requirements

The Radiologic Technology program coursework is designed to provide students with a structured comprehensive curriculum that prepares them for a career as a professional health care provider. It is imperative that students develop and maintain a strong knowledge base of all course material and competencies to be successful. Therefore, the program has established a performance goal for all coursework and assessments in all RADR courses of an 80% or higher. Students that do not achieve the minimum grade of 80% will be required to complete an activity of remediation assigned by the instructor of the course immediately following. The activity requirements will vary as they will be customized according to factors such as the students' needs, the purpose of the assignment, its content, etc., and the instructor will maintain all records of completion. Students that fail to complete the required remediation activities will

receive an "Incomplete" ("I") grade for the course, regardless of overall passing grade point average, until all work is submitted. An "Incomplete" ("I") in any course must be resolved prior to the start of the following semester or the resulting grade will convert to an "F" and the student will not pass the course.

\*\*Remediation assignments MUST BE submitted **prior to the next Unit exam** or a 5 point penalty will be assessed to the Unit exam grade requiring the remediation.

#### **Student Behavioral Expectations or Conduct Policy:**

Academic honesty and professional conduct are expected and will be enforced by the instructor. Individuals who cannot conduct themselves in a respectful manner will be asked to leave the classroom on the first occurrence. If continued behavioral incidents occur, the student will be removed from the classroom and referred to the Disciplinary Officer in the Career Development Office. If this occurs, the student may be expelled from the program and possibly the college. Likewise, if a student copies someone else's work,(plagiarism), cheats , or lies about assignments , the student will be required to attend a conference with the instructor and will receive a grade of zero for the assignment in question. If a student is caught cheating in any form, the student will receive a grade of "F" for the course and may risk being expelled from the college.

Updated 07/18/2023 expected to read and, if needed, respond in a timely manner to college emails. For more information about your student email account, go to www.mclennan.edu/studentemail.

#### Instructional Uses of Email:

Faculty members can determine classroom use of email or electronic communications. Faculty should expect and encourage students to check the college email on a regular basis. Faculty should inform students in the course syllabus if another communication method is to be used and of any special or unusual expectations for electronic communications.

If a faculty member prefers not to communicate by email with their students, it should be reflected in the course syllabus and information should be provided for the preferred form of communication.

#### **Email on Mobile Devices:**

The College recommends that you set up your mobile device to receive McLennan emails. If you need assistance with set-up, you may email Helpdesk@mclennan.edu for help.

You can find help on the McLennan website about connecting your McLennan email account to your mobile device:

- Email Setup for iPhones and iPads
- **Email Setup for Androids**

#### Forwarding Emails:

You may forward emails that come to your McLennan address to alternate email addresses; however, the College will not be held responsible for emails forwarded to an alternate address that may be lost or placed in junk or spam filters.

For more helpful information about technology at MCC, go to MCC's Tech Support Cheat Sheet or email helpdesk@mclennan.edu.
