\*Note: Waymaker course materials are automatically loaded into Brightspace and will be available to you starting on the first day of class. The cost of all (virtual) materials for the semester is \$39. We will cover 11 modules over the course of the semester, and Waymaker allows you to complete the first two modules before paying the \$39 fee. When you take your first and/or second quiz(zes), you will be prompted to register and pay through the MCC Bookstore. Please note that orders are processed during business hours, so if you order over the weekend, you might not receive your code until Monday. ### **Methods of Teaching and Learning:**

Includes in-class lecture, partner and small group exercises, reading, writing, listening, and speaking activities online, online quizzes, online module tests, and two one-on-one oral interviews with the instructor.

### **Course Objectives and/or Competencies:**

This course aims to develop all four aspects of communication in the Spanish language: listening, speaking, reading and writing.

Upon successful completion of this course, students will:

1. Engage in conversations using level-appropriate grammatical structures including narrating events that take place in the past.
2. Demonstrate understanding of level-appropriate spoken Spanish produced by Spanish speakers of diverse origins.
3. Write simple to moderately complex sentences using level-appropriate grammatical structures and organize them into cohesive paragraphs.
4. Read and comprehend level-appropriate authentic texts.
5. Identify and discuss traditions, customs and values of the Hispanic world. 6. Compare and contrast the traditions, customs and values of the Hispanic world with characteristics of their own culture.

The Texas Higher Education Coordinating Board requires that all courses in the Foundational Component area of Language, Philosophy, and Culture teach these Core Objectives:

- **Critical Thinking Skills (CT):** “to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.”
- **Communication Skills (COMM):** “to include effective development, interpretation and expression of ideas through written, oral and visual communication.”
- **Social Responsibility (SR):** “to include intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in regional, national, and global communities.”
- **Personal Responsibility (PR):** “to include the ability to connect choices, actions and consequences to ethical decision-making.”

### **Course Attendance/Participation Guidelines:**

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

Before the 60% point of the semester, a student who is absent for 25% or more of a face-to-face or blended course or who misses 25% or more of assigned work for an online course will be withdrawn from the course with a grade of W. A student may also request to be withdrawn with a grade of W before the 60% point of the semester. After the 60% point of the semester, the student may request to be withdrawn if the student is passing, or be assigned the final grade earned at the end of the semester after grades have been updated to reflect missing work.

This means:

- If a student does not attend class before Sep. 6<sup>th</sup> (census date), they will be dropped from the class. This can negatively impact the student's ability to receive financial aid in the future.
- If a student *chooses* to drop the class before Sep. 6<sup>th</sup>, they may do so, and the course will not appear on their transcript at all. Before making this choice, the student should speak with me to address their concerns. If I can provide the resources, advice, and/or encouragement needed for the student to successfully complete the class, I will be happy to do so. If after speaking with me, the student still wishes to drop the course, they should first check with their advisor and with the Office of Financial Aid to ensure they understand how dropping a class might affect their timeline to graduation and their ability to receive financial aid/scholarships in the future.
- If a student *chooses* to withdraw from the class between Sep. 6<sup>th</sup> (census date) and Oct. 23<sup>rd</sup> (the 60% point in the semester), they may do so, and the grade on their transcript will be a W. Again, the student should consult with me, their advisor, and the Financial Aid Office to ensure they are making a fully informed decision.
- Please note: Students are limited to 6 withdrawals throughout their undergraduate education at all Texas public colleges and universities (combined total).
- If a student is absent from 8 class meetings before Oct. 23<sup>rd</sup>, the instructor may withdraw them from the class, and the grade on their transcript will be a W.
- If a student reaches 8 absences after Oct. 23<sup>rd</sup>, they may receive an F for the course.
- Attendance will be taken at the start of class. Students who arrive up to 20 minutes late will be counted tardy. After 20 minutes, the student will be counted absent. Three tardies will equal one absence. If a student is tardy, it is their responsibility to speak with me after class to ensure they are marked "tardy" and not "absent."

**Course Grading Information:**

The grade for this course will come from the following components:

- *Online Tests:* 4 tests, taken online via Brightspace, utilizing a webcam monitoring program to ensure academic integrity (Lockdown Browser with Monitor; see Academic Integrity section for additional information on this). Please note that due to the comprehensive nature of language learning, each module builds on prior learning. For that reason, it is extremely important to study regularly and to continuously review older material. If you try to wait until the last minute and cram for a test, the material is not likely to make it into long-term memory, which will make it very difficult to do well as the semester progresses.
- *Oral Interviews:* 2 one-on-one oral interviews with the instructor (one midterm and one final), lasting approximately 6-8 minutes each. Students will be provided with all questions they might be asked in advance. Questions are designed for students to demonstrate mastery of vocabulary and grammar lessons studied, and students will be graded on comprehension, grammatical accuracy, use of complete sentences, fluency, and pronunciation. A detailed grading rubric will be posted in the oral exams content folder in Brightspace.
- *Online Study Plans & Quizzes:* (12 each) Students will watch video tutorials and complete a variety of listening, speaking, reading, and writing exercises in Brightspace for each module, and then take a module quiz before taking the two-or-three module test. The study plan activities are graded based on completion (not accuracy) and are designed to help students learn prior to taking the quizzes; failure to complete them will result in a loss of points for both the Study Plan and the attendance/participation category. Each module is broken into 4 or 5 sections. As students complete the self-checks at the end of each section, they will see their grade for the Study Plan increase by 20-25%. The quizzes *are* graded for accuracy. Students will have two attempts per quiz, and the highest grade for each quiz will be recorded. I strongly encourage you to budget enough time in between attempts to be able to go back and study the concepts you miss on your first attempt before making your second attempt. (Note: Your answers to most of the exercises throughout the Study Plan *will not be saved*. That is intentional, so you can repeat them as many times as necessary until you feel you have mastered the concepts, and you can go back and repeat them again later for review.)
- *Cultural Presentation:* Students will give one live, oral presentation, in which they will demonstrate the ability to speak fluently in the target language for 2-3 minutes. Requirements and grading criteria will be shared via Brightspace at least three weeks prior to scheduled presentations.
- *Attendance & Participation:* To earn full attendance and participation points, students must attend class regularly and punctually, log into Brightspace and complete work *at least* two days per week (though I strongly recommend budgeting time to study vocabulary *at least 4 days per week*), view all digital content assigned, meet all due dates for assignments and assessments, take advantage of opportunities to receive formative feedback (e.g., you should participate actively by asking and answering questions in

## BEGINNING SPANISH II

SPAN\_1412\_01

---

class and utilize office hours for help if there is a concept you are struggling with or unsure about), and learn from summative feedback (e.g., you should view all feedback and results from assignments, tests, and quizzes and take advantage of the opportunity to take quizzes a second time if your score is anything below 100%).

### **Grades will be weighted as follows:**

Major Tests (4)	30%
Oral Interviews (2)	30%
Waymaker Study Plans (12)	5%
Waymaker Quizzes (12)	10%
Attendance/Participation	10%
Cultural Project/Presentation	15%

Detailed grading rubrics will be provided via Brightspace for oral interviews and the cultural project/presentation. Tests will be graded objectively for accurate use of Spanish vocabulary and grammar.

Final grades will be distributed according to the following scale:

A = 90 and above      B = 80 to 89.99      C = 70 to 79.99      D = 60 to 69.99  
F = Below 60

**Late Work and Make Up Work Policies:**

The instructor will follow the official MCC Attendance/Absence policy. Students who must miss a deadline or class meeting for reasons beyond their control are expected to communicate with the professor (in advance if possible, and no later than 24 hours after the missed class/assignment deadline if advance notice is not possible) to discuss the possibility of make-up work.

\*Note: Study plans and quizzes may be submitted late without written approval; however, late submissions will negatively impact students' attendance/participation grade. For all other grade categories, late submissions will only be accepted with prompt communication, and penalties for lateness will be assessed on an individual basis depending on the reason for and length of lateness.

**[Click Here for the MCC Attendance/Absences Policy](https://www.mclennan.edu/highlander-guide/policies.html)**

(<https://www.mclennan.edu/highlander-guide/policies.html>)

Click on the link above for the college policies on attendance and absences. Your instructor may have additional guidelines specific to this course.

**Student Behavioral Expectations or Conduct Policy:**

- Always read all announcements posted thoroughly and in a timely manner. I strongly recommend students “opt-in” to receive text and/or e-mail notifications whenever announcements are posted to avoid missing important information. Instructions for setting your notification preferences can be found in the “Getting Started” content folder, which should be completed during Week 1.
- When e-mailing me, please include an appropriate address (ex: Hi, Prof. Bracken...), clearly identify yourself (ex: This is John Doe...), the class **section** you are in (ex: ...from your SPAN 1300.87 class...), and a clear message that includes proper capitalization, spelling, and punctuation. This is a skill that should be practiced for all scholarly and professional communication--not only for this class! (\*Note: I will have four sections of SPAN 1411 this semester, so including your class section number helps me to be able to answer any questions you might have about your grades, due dates, progress in the class, etc. more efficiently. Once I've responded to your initial e-mail, less formal replies are perfectly fine.)
- If you have any questions about something that is unclear or any ideas or suggestions for ways I can improve the course and/or help you to be successful, please don't be shy to let me know. I am happy to accept constructive feedback, and *I'm here to help you!*
- My goal is to create a friendly, encouraging, and productive atmosphere in which students feel safe to participate. Therefore, I expect students to receive and provide feedback to and from the instructor and one another with a positive attitude in the interest of learning. It is okay to make mistakes! The important this is to learn from them.

- Students should be aware that successful completion of this course will require a great deal of self-discipline and integrity. **Academic dishonesty (AKA cheating) will not be tolerated.** Although you may use notes/vocab lists/translation assistance, etc. while completing the study plans and quizzes, NO RESOURCES (including, but not limited to, notes, textbooks, dictionaries, cell phones, or any form of translation assistance) may be used when taking tests or oral exams. Beware that if the instructor finds reason to suspect academic dishonesty has occurred during test taking, the student will be required to schedule a one-on-one meeting with the instructor to discuss the instructor's concerns, and the student will be asked to demonstrate their understanding of the material. If the instructor finds irrefutable evidence of dishonest test taking, the student's grade for that test will be a 0, the student will be reported to the Office of Student Conduct, and all prior and future test-taking video footage will be carefully reviewed. If a second occurrence of academic dishonesty is observed—whether it was committed before or after the first offense—the student will be dropped from the course with a grade of F.

\*Note: My intention in using bold, capitalized, and underlined text above is not to come across as threatening; however, I sincerely believe academic integrity is important, and I want to make it very clear that the consequences of cheating outweigh the benefits in this class, as the course is structured to provide many opportunities to succeed through effort and participation. If you find yourself struggling, please reach out for help.
