Course Description

INRWL supports the INRW course, which fulfills TSI (Texas Success Initiative) requirements for developmental reading and writing. The course integrates the critical reading and academic writing skills students need to comprehend to interact with college-level texts and to produce original college-level writing, in standard written English, through the processes of generating ideas, drafting, organizing, revising, and editing. It focuses on textbook reading and academic writing at a lexile of 700 - 1000.

The course fulfills TSI requirements for reading and/or writing. Semester Hours 4 (3 lec/2 lab).

Prerequisites and/or Co-requisites

Prerequisite: READ 0300 or credit by TSI assessment.

Course Notes and Instructor Recommendations:

The INRW 0401 course requires a lab component. Completion is required and the lab completion grade is part of the requirements for this course. If students have problems completing the lecture part or lab component of this course, they should talk to me or to their lab instructor.

Methods of Teaching and Learning

Lab time will be spent on McGraw-Hill Connect and other activities.

Course Objectives and/or Competencies

This lab supports the following INRW 0401 course objectives and/or Competencies:

Learning Outcomes

Upon the successful completion of this course, students will:

- Locate explicit textual information; describe, analyze, and evaluate the information within and across multiple texts of varying lengths.
- Comprehend and use vocabulary effectively in oral communication, reading, and writing.
- Describe, analyze and evaluate information within and across a range of texts.
- Identify and analyze the author's message across a variety of texts.
- Describe and apply insights gained from reading and writing a variety of texts.
- Compose a variety of texts that demonstrate reading comprehension, clear focus, logical development of ideas, and use of appropriate language that advance the writer's purpose.

Integrated Reading and Writing Laboratory
INRWL 0401-01

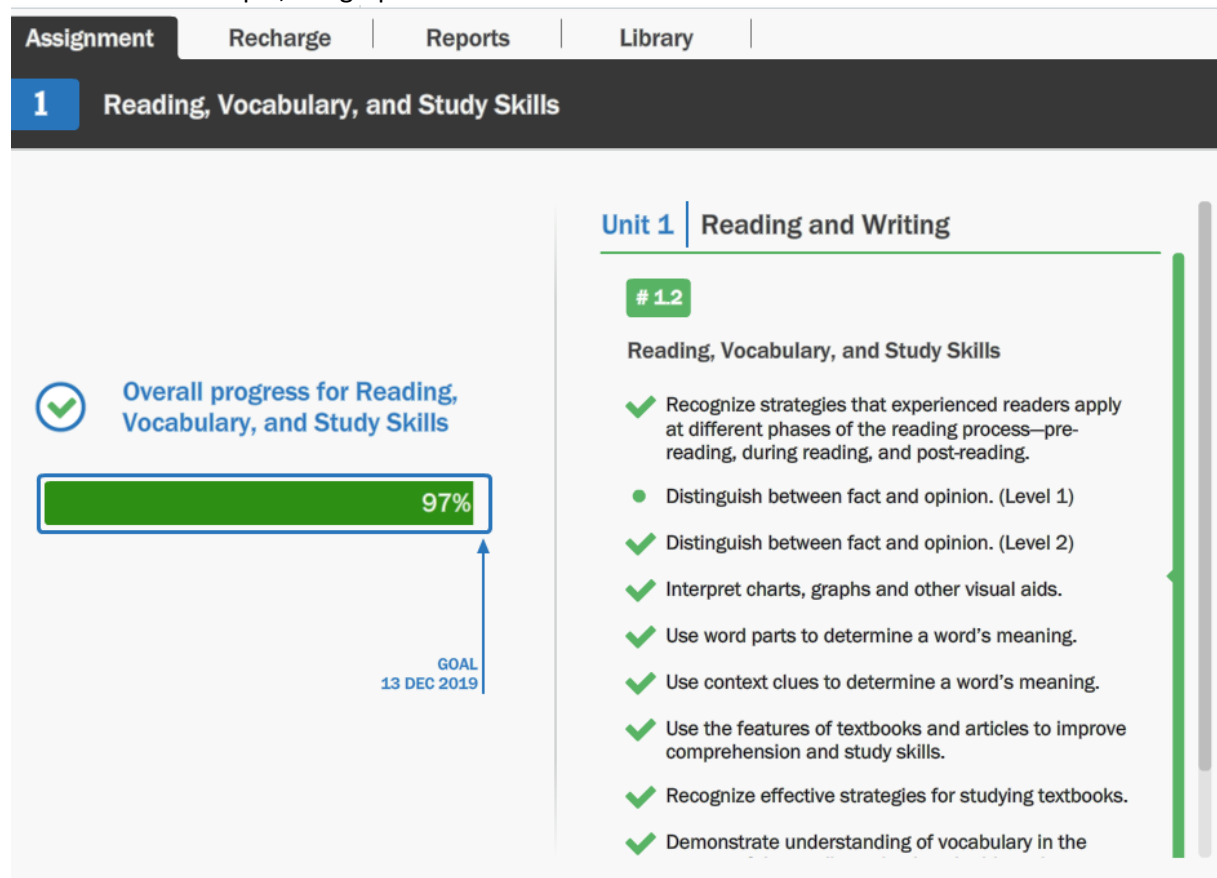

- Demonstrate ability to use an effective writing process to produce paragraphs and brief compositions in Standard English prose.
- Recognize and apply the conventions of standard English in reading and writing.

How Connect Works

Once students have established a way to login to Connect, they can get started with course content immediately. Students will have thirteen units to complete. Notice that we did not put in a legitimate due date (we used a date in 2019). Students need to know that they are expected to complete each of the units by the end of the course.

Since there are 13 units, students will work on approximately one unit per week (in spring and fall semesters).

As students work through each unit, students will be able to see the percentage of progress they have achieved. For example, the graphic below shows that a student finished 97% of the first unit.

Students should complete at least one unit each week and should achieve at least an 80% for the grade on each unit. If a student completes an entire unit earlier than the end of the week, the student should start on the next week's work.

Integrated Reading and Writing Laboratory
INRWL 0401-01

Students who do not complete the entire unit need to put in extra time outside of class to keep up. They can work on Connect at home and at any other computer with Internet access, but they are **required to come to class each day scheduled and stay the entire time. Leaving early without consent will result in an absence.**

Course Grading Information

Student's Lab Grade

At the end of the semester, each student will receive a lab grade. The lab grade will be based on these elements:

Attendance/Participation: 20%
Completion of Connect Topics: 80%

Assigning the Completion Grade

Students will receive a progress grade in Connect that reveals the percentage of content they have mastered. For example, a student who has mastered 80% of the content we have assigned for the semester will receive a completion grade of 80. This is the grade to record for the completion grade.

Calculating Course Grades

To calculate the student's course grade, the attendance grade will be weighted at 20%, and the completion grade will be weighted at 80%.

Example:

Sara made a 75 for her attendance grade. She made an 82 completion grade.

$$75 \times .20 = 15$$

$$82 \times .80 = 65.6$$

$$15 + 65.6 = 80.6 = \text{lab grade of } 81$$

Final Exam: While the final exam (EXIT Exam) does not count toward the final average, to pass the course, students must pass the final exam. The final exam or EXIT EXAM consists of two sections: **Part 1—the Reading Comprehension Exit Exam—will be taken during the students' last week in lab on a Monday or Tuesday before the College's Final Exam week and Part 2—the Reading/Writing Skills Exit Exam, which will be taken during the College's Final Exam week. The lecture instructor will give Part 2 of the final.** In addition, students **must be eligible** to take the final. Students **MUST** have at least a 70 average in the lecture part of the class and **at least a 70 average** in Connect to be eligible to take the FINAL EXAM. If a student fails the final exam but has a passing average in the course, the student will receive a grade of NC for the course.

Late Work, Attendance, and Make Up Work Policies:

Since attendance is part of your grade, please make sure you come to class everyday.

Be mindful that at 8 absences you can be dropped from a course.

Please keep me informed if you plan to be out. Send me a quick email so that I know you are not just not showing up.

Students are expected to complete at least one lesson per week to stay on track.

Click on the link above for the college policies on attendance and absences. Your instructor may have guidelines specific to this course.

Attendance/Participation Grade

Students will have 15 weeks in lab. Students should receive the following attendance grades:

0-1 absence:	100
2 absences:	90
3 absences:	85
4 absences:	80
5 absences:	75
6 absences:	70
7 absences:	65
8+ absence	0

Students will be dropped after missing 25% of the course.

Student Behavioral Expectations or Conduct Policy

Students are expected to maintain classroom decorum to include respecting other students and the instructor, exercising prompt and regular attendance, communicating in a polite and respectful manner, and **maintaining an attitude** that seeks to take full advantage of the education opportunity. Discriminatory comments, talking, texting, cell phone usage, profanity, and any type of threatening/disruptive communication will be grounds for instructor-initiated withdrawal of students and/or referral to McLennan Community College's discipline officer. Students who leave early will be counted absent.

Accommodations/ADA Statement

Any student who is a qualified individual with a disability may request reasonable accommodations to assist with providing equal access to educational opportunities. Students should contact the Accommodations Coordinator as soon as possible to provide documentation and make necessary arrangements. Once that process is completed, appropriate verification will be provided to the student and instructor. Please note that instructors are not required to provide classroom accommodations to students until appropriate verification has been provided by the Accommodations Coordinator. Instructors should not provide accommodations unless approved by the Accommodations Coordinator. For additional information, please visit mclennan.edu/disability.

Students with questions or who require assistance with disabilities involving physical, classroom, or testing accommodations should contact:
