APPLIED COMMERCIAL GUITAR

MUSP 1105 01

Course Description:

Provides private instruction in commercial guitar with goals related to proficiency in performing commercial music styles (blues, rock, country, jazz and other styles of popular music). The student will:

- 1) demonstrate proficiency in commercial music repertoire and technique (as demonstrated by successful playing of weekly assignments in lessons)
- 2) develop a professional, disciplined approach to practice and preparation (keep a daily practice journal and bring it to each guitar lesson, also see number 1 above).
- 3) attend departmental concerts as assigned
- 4) Present a juried performance, with his/her instructor, for string faculty at the end of the semester. See **Course Outline** on page 4 of this syllabus for more information on the jury.

Co-requisites:

Co-requisite: concurrent enrollment in a Commercial Music Ensemble – exceptions must be approved by program director.

Course Notes and Instructor Recommendations:

Students will keep a practice journal in which practice time, material practiced, questions and observations will be logged. The instructor will check the journal weekly.

A jury will be played at the semester's end for the string faculty. This will demonstrate the work done and progress achieved during the semester. Scales, arpeggios, chord studies and several songs will need to be prepared for this event.

Students are required to practice the guitar lesson material at least one hour per day. Guitar majors should set aside time to practice the guitar lesson material at least 2 hours per day.

It is highly recommend that students use a metronome. Free metronome apps are available for the smartphone of your choice. A metronome can also be found for anywhere from \$20.00 to \$55.00 at local music stores or online. A \$20.00 metronome will be more than adequate.

Also, an electronic tuner will be very helpful. It will allow you to tune your guitar quickly before class and every time you practice. Once again, tuner apps are available for the smartphone of your choice. The free apps may not be as helpful/precise as the apps that must be purchased. You

Five written reviews of live performances by MCC performing groups will be turned in before the end of the semester. See the instructor for details concerning the contents of the reviews. This will count as 12% of the final grade.

A jury will be played at the end of the semester. This will be a short presentation of no more than 10 minutes. The student will play material representative of the study done during the semester. This typically consists of the performance of a song or songs and some technique studies. The student will play the melody, chord progression (with proper accompaniment style), and improvise over the chord progression of the song(s) assigned for the jury. Technical studies such as scales and arpeggios may also be assigned for the jury. The jury performance will count as 11% of the final grade.
