COVID 19 Notice:

McLennan Community College is committed to providing you with every resource you need to reach your academic goals. We are also concerned for your safety. This will include smaller class sizes to manage social distancing and proper cleaning techniques. You will have the advantage of a physical classroom experience but may also need to work part of the time online as we adjust to limited classroom capacity. This will also allow us the flexibility to move online if so directed by federal, state and/or local COVID 19 guidelines. Faculty and staff are preparing now to ensure that you have the best experience in the midst of these uncertain times.

Methods of Teaching and Learning:

A variety of methods may be used in teaching United States History I, including the use of lecture, discussion, written assignments and various projects. Student assessment may include objective exams, readings of primary and secondary sources, discussions, subjective and objective essays, projects and portfolios. These measures will assess critical thinking, communication, social responsibility and personal responsibility. A departmental rubric may be used to assess different aspects of the course objectives.

Course Objectives and/or Competencies:

Critical Thinking: Through lecture and a variety of objective strategies, students will be assessed on critical thinking ability. Objective examinations will specifically be used to assess critical thinking. Other assessment vehicles may include essays, portfolios, primary source objective exams, and presentations.

Communication: Measures such as objective tests, written assignments, discussions, portfolios and presentations may be used to measure the student's ability to communicate.

Social Responsibility: Because the teaching of history involves evoking examples of successes and failures in social responsibility, and the continual importance of this issue politically and personally today, social responsibility naturally is emphasized. Assessment measures may include readings, primary document exams, discussions, projects and essays.

Personal Responsibility: Because the teaching of history also involves evoking examples of successes and failures in personal responsibility, and the consequences that personal choices can have, personal responsibility is also naturally emphasized. Assessment measures may include participation, readings, primary document exams, discussions, projects and essays.
