Sending your instructor emails:

How you email me your questions is very important. I welcome your emails and questions - I really, really don't mind! I would rather you ask than guess at something and have that effect your grade. Following these simple rules will help me respond to you more quickly and effectively. It is a win-win situation!

1. **Always send emails through your MCC student email account.** MCC has a strong filter that often throws outside emails to the junk folder. MCC student emails do, however get in. (If you don't know how to use your student email address, just ask).
2. **In the subject heading always put your class and your section number and your full name.** For example, if you were in section 00 you would put: **SPCH_1318_287_John Doe** in the subject heading. This is absolutely necessary to be able to respond to you in a timely manner.
3. If I don't acknowledge your email within 24 hours then resend it to make sure it was received. Emails sent after 8:00pm are likely not to be returned until the next day.

Methods of Teaching and Learning:

This online course will use chapter readings from the text, augmented with online readings and/or videos. Students will participate in weekly discussion boards and worksheets centered on their readings, as well as chapter quizzes. This course also has 4 unit exams and a research paper.

Course Objectives and/or Competencies:

Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.

- **Critical Thinking (CT)** -- to include creative thinking, innovation, inquiry, and analysis, evaluation and synthesis of information.
- **Communications Skill (COM)** -- to include effective development, interpretation, and expression of ideas through written, oral, and visual communication.
- **Teamwork (TW)** -- to include the ability to consider different points of view and to work effectively with others to support a shared purpose or goal.
- **Personal Responsibility (PR)** -- to include the ability to connect choices, actions, and consequences to ethical decision-making.

Online Student Technology Requirements:

The online student should have knowledge of using a web browser, computer, a MCC student email account, the ability to create, copy, and save documents, the ability to send and receive electronic documents (attachments), and the basic use of internet and search skills. The course uses the Brightspace Learning platform and the student is required to become proficient in these skills through the course orientation. The student should also have a general understanding of online technologies and appropriate online behavior.

Hardware requirements:

1. You need an Internet connection (at least 56k, but High Speed connection is recommended).
2. Brightspace recommends using a monitor that supports resolution of 1024x768 or higher.
3. **Students are expected to maintain regular & reliable access to a computer with a stable broadband Internet connection.** If your computer is older than 4 years old, it may not have the processing power to work with Brightspace or current versions of the required software.

Software requirements:

1. You need a web browser to access Brightspace. We recommend an up-to-date version of Mozilla Firefox. I strongly recommend Brightspace students use the latest version of [Mozilla Firefox](#) for Windows and Mac because it is the browser that Brightspace supports.
2. The word processing software of MS Office is required. If you don't own a copy of MS Word, as a matriculated MCC student you can use Office 365 for free which will give you the most used tools.
 - a. To view a video tutorial for signing up for and installing Office 365 [Click here.](#)
 - b. To sign up and get started now [Click here.](#)
 - c. Please do not hesitate to contact the MCC Help Desk by calling [254-299-8077](tel:254-299-8077) or emailing helpdesk@mclennan.edu if you require further assistance.
3. Many Brightspace functions require Java Run Time Environment. Java technology allows you to work and play in a secure computing environment. Upgrading to the latest Java version improves the security of your system, as older versions do not include the latest security updates. Java may be downloaded using the link found at [Free Java Download at http://java.com/en/download/](http://java.com/en/download/).
4. Here are some additional helpful links for the new Brightspace Learning Platform:
 - a. D2L System Check [D2L System Check at https://community.desire2learn.com/d2l/systemCheck](https://community.desire2learn.com/d2l/systemCheck)

 - c. Brightspace Technical Assistance at MCC [MCC Technical Assistance at http://www.mclennan.edu/brightspace-students/](http://www.mclennan.edu/brightspace-students/)

- 5. Chromebook Users Beware** - Most every worksheet or written assignment to be downloaded is in an rtf format (Rich Text File). You will need to download/save the RTF file, rather than just double click to *open it*. *You should then be able to open it (using a TXT app) or can [open it using Google Drive](#).*

Other Technology Requirements:

1. Microsoft Office 365 or 2013
2. Adobe Reader DC

 - Please contact me immediately if there is a conflict. I will **not** constantly change deadlines, for students. If you behave responsibly with your work by meeting deadlines and keeping me informed, you will find me full of grace should dire circumstances arise.
 - If you know you will have a conflict meeting a deadline, it is always better to complete it early or discuss this with me ahead of time.
- Please read the [College Attendance Policy](#).
- Because this is an online class, attendance will be gauged by participation in the weekly

discussion board activities, worksheets, and quizzes.

- **Failure to successfully complete 6 consecutive assignments will be taken as evidence that you do not intend to complete this course and will result in your being dropped from the course.**
- Please note that per policy, students will not be dropped after the last day for student initiated drops (**Monday, March 8, 2021**) without a compelling reason. A failing grade in the course is NOT a compelling reason.

Student Behavioral Expectations or Conduct Policy:

- Students are to engage in appropriate online behavior according to Online [Rules of Netiquette.pdf](#).
- Students are responsible for all due dates. When in question, work ahead in the course.
 - I believe in protecting students grades who turn their work in on time and have already sacrificed time with family/friends/work to reach their due dates.
 - **Forgetting that an assignment is due, is not a documented excuse. Print your calendar and place it where you can see it daily.**
 - **I am a stickler about this!!!**
- Students are responsible not only for their work and due dates, but for their technology as well. In taking an online class, it is your responsibility to have all of the hardware and software listed above. Always have a backup plan.
- Students are expected to communicate in a polite and respectful manner with both the instructor and classmates at all times.
