BUSINESS PRINCIPLES

BUSI 1301.81

Methods of Teaching and Learning:

This course is based on reading, assignments, quizzes and exams.

1. It is imperative that you read each textbook chapter on your own before attempting any of the other assignments or quizzes. My recommendation is to read the chapter all the way through once without stopping (better yet, do so while having the digital book read it aloud). Next read it a second time one paragraph at a time, pausing after each one to state out loud to yourself, what the main points of the paragraph were (research shows this to be the most effective way to study... not just in this class).
2. Now you're ready to do the reading assignment. The reading assignments will ask you questions about the chapter in a variety of ways such as fill-in-the-blank, word-matching, etc. These different types of questions are designed to stimulate your brain in ways that help you understand the content and help you retain it.
3. In addition to the graded reading assignments mentioned above, students will complete a short homework assignment for each chapter that is designed to help students apply learned knowledge to real world scenarios.
4. And lastly, traditional quizzes and exams help ensure that you are studying and retaining the information you learned from the above techniques.

Course Objectives and/or Competencies:

- Identify business functions of accounting, management, marketing, and economics; and describe the relationships of social responsibility, ethics, and law.
- Describe the scope of global business enterprise.
- Describe the key elements of the business environment.

- Describe the advantages and disadvantages of the four major forms of business ownership.

- Explain the significance of accounting for the internal and external stakeholders of a company.
- Describe the way a firm can finance its operations.

****Note:** Students can see their grades in Brightspace at any time during the semester. Armed with the information on this page, students have no reason to contact the instructor to ask questions like, “What’s my current grade in the class?”, (just average your current grades), or “What do I need to get on the Final to get a...?”, (do the arithmetic to figure it out). **Do NOT email the instructor after the final exam asking if there’s any way you could be bumped up to the next letter grade** - my response will always be, “I don’t give you your grade... you give yourself your grade.”

BUSINESS PRINCIPLES

BUSI 1301.81

Reading Assignments: 15 assignments worth 13-14 points each = 200 points

Students must complete a reading assignment for each chapter. These reading assignments include graded questions that test your comprehension of the topic(s) in a section before the student is allowed to move to the next section. Missed questions impact the number of subsequent questions that are asked, thus the more accurate you are at answering the questions, the quicker you'll finish! **Reading assignments may be completed early, but not late.**

Chapter Homework Assignments: 15 assignments worth 6-7 points each = 100 points

Students must also complete a short homework assignment for each chapter. These assignments provide the student with the opportunity to learn chapter concepts more fully by applying them to a real-world scenario. There is a homework assignment due each week by Sunday night at 11:59pm. **Homework assignments may be completed early, but not late.**

Chapter Quizzes: 15 quizzes worth 8-22 points each = 200 points

Students are required to take 15 short chapter quizzes. Each quiz has between 5 and 11 questions worth 2 points per question. You will take these quizzes in Brightspace, you can use your book, you can take up to 1 hour for each quiz, and you may attempt each quiz up to two times before the quiz deadline. Keep in mind however, that each time you attempt a quiz for the same chapter, you will get a different set of questions. There is a chapter quiz due every Sunday night by 11:59pm. **Chapter quizzes may be completed early, but not late.**

Regular Exams: 4 Exams worth 100 points each

This class will require each student to take four regular exams. The exams will be taken in Brightspace on your own, will be comprised of multiple choice questions, and will cover all information contained in the textbook chapters since the previous exam, as well as related lectures, assignments, and in-class activities. Exams will be open for several days before the *no-later-than* date shown in the course schedule. **Regular exams may be taken late but will incur a 25% penalty for each day it is completed late... even for a university excused absence.** No exam scores will be dropped.

Optional Research Paper – up to 20 extra credit points

As we near the end of the semester, you have the option of completing a 3-4 page research paper on the topic of your choice from the list of topics found in the Optional Research Paper assignment instructions in Brightspace. Completing this assignment may earn you **up to** 20 extra credit points added to one of your exam scores (“up to” means that it will receive a score between 0 and 20). If you would like to complete this assignment, you have until February 27th to complete it.

BUSINESS PRINCIPLES

BUSI 1301.81

Comprehensive Final Exam – 100

A timed comprehensive final exam will be administered during finals week that covers information from each chapter covered during the course. However, the Final Exam Study Guide available within the Final Exam link in Brightspace, provides the topic of every single question that will be on the final exam. Thus you are encouraged to **build a study-guide for yourself as we go through the semester so that you can ace this exam. The final exam cannot be taken late; if you miss it you will receive a zero.**

Late Work

If you fail to complete a reading assignment, homework, or a quiz by the due date you will receive a zero. You may complete a regular exam late but you will lose 25% for each day you complete it late. (*Note: You may not complete any work beyond the date of the final exam date - if you miss it you will receive a zero.) For example, if a regular exam is due on a Sunday, but you take it the next day on Monday, the highest score you can possibly get is a 75; if you take it on Tuesday, the highest score you can possibly get is a 50; etc.

Only under the most extreme circumstances will late coursework policies be changed for a student - i.e., the student was in the hospital for the five days preceding the due date, or had a death in the immediate family (both require verifiable documentation). Therefore, sad stories about being sick, oversleeping, forgetting, being stressed-out, work-conflicts, computer died, dog died, out of town for a wedding, argument with roommate, heavy traffic, favorite Netflix show was cancelled, your candidate lost the election, etc., are NOT extreme circumstances... that's just life.

If you know you are going to be super busy around the time something is due, simply turn the work in early – this is the exact same way things work in the professional business world (FYI, if you miss an important deadline in the professional world you will likely get fired). Therefore, start getting in the habit of meeting deadlines regardless of what is going on in your life ... **no excuses.**

Drops and W's vs F's

Students that drop the course before February 11th will receive a “W” (as long as they are eligible to drop... you only get a total of six). **Students will NOT be permitted to drop the course after February 11th.**

Attendance

Although this is an online course, instructors are still required to track attendance in some way and drop students for failing to “virtually” attend at least 75% of the course. That is, in accordance with MCC's attendance policy, **the instructor will drop a student on their 8th absence - for this course you are considered absent when you miss a reading assignment or a quiz.**

BUSINESS PRINCIPLES

1301.80 & 1301.81

If a student reaches their 8th absence before February 11th, they will be dropped with a W. However, if they are not eligible to be dropped, or they reach their 8th absence after February 11th, the student will receive an automatic F in the course regardless of their grades.

If a student does not participate in the course during the first two weeks of the semester, they will be dropped by the instructor. It is the student's responsibility to track their attendance in Brightspace - the instructor will NOT provide warnings before dropping a student for absences.

Student Behavioral Expectations or Conduct Policy

Communication with the Instructor

Just like in the business world with your boss, before you send your instructor an email, try to find the answer yourself. That is, don't email me a question when the answer you seek is clearly in the syllabus, course schedule, or assignment instructions. If you need clarification on something, and cannot find the answer yourself, then don't hesitate to call me during office hours or send me an email. I will try to respond within 24 hours but I do not respond after 8pm on weeknights, or on weekends at all.

Per MCC email policy, students must use their MCC student email for all email communication with their professor. Accordingly, I will not open nor reply to emails from non-MCC email addresses.

Respect

Please be respectful of your classmates, yourself, and your instructor. This is a hallmark of professionalism; behaving as if everyone's comfort and welfare is as important as your own. This means addressing me as Professor Greathouse (just "Professor" is also acceptable). You can expect to be treated in a civil and professional manner by your instructor, and thus students will be expected to do the same. Violations of this policy could result in being dropped from the course.

Healthy Debate

Just as you will experience in the professional world after graduation, in this course you might be exposed to thoughts, opinions, and perspectives that are different from your own; this is a good thing because it exposes you to different ways of seeing things. As such, you will be expected to remain calm and professional, objectively consider any differing thoughts and opinions, and if you wish, you may ask for more information and/or engage in respectful discussion as appropriate. It is indeed possible to disagree with someone AND remain calm, respectful, and professional!

BUSINESS PRINCIPLES

1301.80 & 1301.81

Cheating

Cheating means copying or in any way using someone else's work. In this course if you are caught cheating once, you will receive a zero on the exam or assignment it relates to. If you are caught cheating twice, you will receive an F in this course (not merely dropped with a W). This policy includes turning in individual or group assignments that are plagiarized or otherwise not your work. **Note: All assignments will be turned-in via Brightspace using the Turn-it-in tool which automatically checks student work for originality and proper citations. Thus papers with a Turn-it-in similarity score above 25% will be given a zero.

MCC's Academic Integrity statement, including its policies on dishonesty and cheating, can be found at www.mclennan.edu/academic-integrity.

More information on MCC policies and student resources can be found on the next three pages.
