---------------------	---

Course Grading Information:

There will be a quiz given online prior to our meeting for every unit that will assess what you have learned during the previous week. In order to benefit from the face to face lab in the classroom, you must complete the quiz and discussion board by the Thursday/early Friday morning due date. Please complete the quiz and discussion board before coming to class! The average of these assessments will count for 25% of the final grade.

All students will be required to complete an out-of-class project for this class. The out-of-class project and class presentation will count 25% toward the student's final grade. The assignment

start date and completion date will be given to students during the first few weeks of class. The possible projects to be assigned will be over decomposition and entomology and will include decomposition process, plants, weather, and environmental location. Each student will be required to furnish all supplies related to the project, which can be completed in an electronic or poster format. Each student will present her/his project to the class, including questions/answers, on the due date.

Your final grade will be comprised of 1) completion of online quizzes (25%), 2) discussion boards (25%), 3) weekly lab notes (25%), and 4) the project/presentation (25%).

If I decide it is necessary to curve the grade distribution, this will be done at the end of the course, after all the assessments have been taken. Your grade will never be lowered by curving; you will always receive your "straight-scale" grade or better.

Course Grading:

100 - 90 = A

89 - 80 = B

79 - 70 = C

69 - 60 = D

59 - 0 = F

Discussion Boards

After reviewing each week's material, you will be asked to respond to a prompt that the instructor will provide in the weekly discussion board. The initial response should be well thought out and substantial enough to indicate that you have a firm grasp on the week's materials. You must then respond to at least two (2) classmates with substantial posts. Simple responses like "I agree" or "good point" will not be counted. **Tell us why and give examples.**

Discussion Board Grading

The following rubric illustrates how each discussion session will be graded. The number of posts represented in your posting history will be calculated. The quality of your posts is a subjective assessment by me of how much your posts add to the discussion.

Metrics	Original Post Entered	Responses 1 & 2 Entered	Quality of the Original Post	Quality of Your Responses 1 & 2

Quizzes: Questions will be graded by your instructor or auto-graded by Brightspace.

Lab Notes: Portfolios will be graded by your instructor.

Projects and Presentations: Will be graded by your instructor. Part of your grade is presenting your report to the class. If you need to post these to Brightspace, I'll give instructions.

Plagiarism the unacknowledged borrowing of information, wording, organization, or ideas. Whether the original source is public (e.g., a newspaper, book, journal article, the Web) or private (e.g., a classmate's paper), you need to indicate your indebtedness to it. Where you repeat the exact language of your source, you must treat the borrowed material as a quotation and place it within quotation marks. However, by *merely changing a few words or the word order or by paraphrasing, you do not avoid plagiarism*. In the case of plagiarism, the instructor has the right to give the student a "zero" for the assignment. In the case of cheating during the course of a test or unauthorized collaboration on a writing project, the instructor reserves the right to give the student a "zero" for the test or assignment. Citation style guides are available at the Purdue Online Writing Lab: https://owl.purdue.edu/owl/purdue_owl.html.

Late Work, Attendance, and Make Up Work Policies:

A student who is unable to do the scheduled work on the scheduled date must contact the instructor as soon as possible. The type, format, and schedule of any make-up assessment will be at the discretion of the instructor. Failure to take the make-up assessment or complete assignment criteria will result in an automatic "F" for that particular assessment. If you wish to drop the course, please contact your instructor and do not assume that you have been dropped as a result of absences.

Student Behavioral Expectations or Conduct Policy:

Behavior guidelines are outlined in the "Conduct Policy" portion of the Highlander Student Guide. Any behavior which disrupts the learning process will be grounds for dismissal from the class. Cell phones and laptops are permitted if the student is using those resources for the purposes of our class. If child care is a problem, please confer with Student Services for alternatives to avoid bringing children to class. Students are expected to follow the General Conduct Policy in the Highlander Student Guide.
