Exams will be posted for a minimum of 4 days and students may complete them at any time during that open timeframe.

Pharmacology of Addiction
DAAC 1304.87 (online)

Students will be given a limited time to complete each exam, after which time it will be automatically submitted. Please ensure that you are ready to begin the exam when you press the “Begin” button. No resets of exams will be granted for technical difficulties including loss of computer power or internet connection.

Quizzes

Each week, students will complete a quiz based on the reading of the chapter. Quizzes may be composed of multiple choice, True/False, and Short Answer questions. Quizzes are due by 11:59 PM on Sunday, the last day of the weekly unit. Due dates are listed on the course outline. No late work or resets will be granted for quizzes.

Students requesting additional time for exams or quizzes due to disability must request such accommodations through the Success Coach for Disability Services on campus. Contact information for Success Coach for Disability Services is listed at the end of the syllabus. Students without official accommodations through this office will not be given extra time on exams or quizzes.

Discussion Boards

Each week, students will participate in a Discussion Board post based on the reading of the chapters. Students are required to BOTH answer the original prompt AND respond to at least one classmate’s response to the original post. Students who only post an original thread without responding to a classmate or only respond to a classmate without making original thread will receive only partial credit for the discussion board assignment for the week. Your posts must be in complete sentences, use correct spelling, grammar, and punctuation. Your responses should be thorough and display clear critical thinking about the content of the course and the question. Grading Rubric for Discussion Board posts will be posted on Brightspace. Due dates are listed on the course outline. No late work will be accepted for Discussion Boards. When the deadline has passed, the Discussion Board will close and will not be reopened. Please note that Discussion Boards are not “completion grades” and will be graded for connection to the textbook, display of critical thinking, and engaging with your classmates.

W WITHDREW - this grade is given for an instructor- or student-initiated course withdrawal through the 12th week of a semester (fourth week, Summer day term; sixth week, Summer nine-week term). After the 12th week or until the end of the semester (fourth week, Summer day term; sixth week, Summer nine-week term), if a student withdraws from a course the instructor will either assign a W if passing work was being accomplished or an F if the student was doing failing work).

I INCOMPLETE - is given when a course is incomplete because of a student's absence caused by reasons acceptable to the instructor. To be eligible, the student must have essentially completed the course. If work is not made up within the following long semester, the "I" will be changed to and "F" and the course must be repeated if credit is to be given.

Grades are based on actual performance, not amount of effort exerted, potential, hardships encountered during the semester, etc. There is no extra credit in this course. In order to earn a C or above, students must stay current with readings and assignments and exhibit strong class performance. A minimum final grade of C is required in all Mental Health/Social Work classes for graduation.

Late Work, Attendance, and Make Up Work Policies:

Please note that all work is due on a Sunday, the last day of the unit, at 11:59 PM. This official time is kept by Brightspace ONLY. Please don't cut it close and get your work turned in with time to spare. Once Brightspace turns the assignment off, it's closed and you will receive a 0.

Late work will be accepted on a limited, case-by-case basis only as decided by communication between student and professor. Students who communicate appropriately and in a timely manner with the professor with accompanying documentation may be granted an extension on assignments. Extensions should be used sparingly throughout the semester.

Regular attendance is expected of all students, and each instructor will maintain a complete record of attendance for the entire length of each course, including online and hybrid courses. Students will be counted absent from class meetings missed, beginning with the first official day of classes. Students, whether present or absent, are responsible for all material presented or assigned for a course and will be held accountable for such materials in the determination of course grades.

Students who are absent from 25% (4 classes) of scheduled class meetings will be withdrawn with a grade of W unless the professor has reason to believe the student will complete the course. However, if a student reaches the 25% point after the official drop date, the student will receive an F. For this course, that means **you will be dropped on the 4th absence.**

Pharmacology of Addiction
DAAC 1304.87 (online)

Absences **will** be counted in this course despite it being an online nature. In this course, **one absence equals a week when students complete neither the quiz nor the discussion board postings**. Despite the reason for the absence, students will lose 5 attendance points per absence.

As stated in [the Highlander Guide](#), “students will be permitted to make up class work and assignments missed due to absences caused by (1) authorized participation in official college functions, (2) personal illness, (3) an illness or a death in the immediate family, or (4) the observance of a religious holy day.” All other reasons for late work will be considered at my discretion and will likely require documentation. It is your responsibility to inform me of any absences and their reasons in a timely manner, preferably before the absence occurs if possible.

Exams

Exams will be posted on Brightspace at beginning of the week for which they are on the course outline. Exam due dates are listed on the course outline. As students are given several days to complete the exams, there should be **very limited** need to reschedule exams for any reason. Students will be given extensions to complete exams only under extenuating circumstances with accompanying documentation at the instructor’s discretion. When an exam extension is granted, an automatic 15 points will be deducted from the student’s grade. Despite circumstances, maximum one exam extension per student per semester will be granted.

Exams will consist of Multiple Choice, True/ False, and short answer. Each exam will have a time limit that will start as soon as you hit the “Begin” button. When the allotted time is up, the exam will automatically submit and shut off. There will be no opportunity for test resets or make-up exams outside of extenuating circumstances as approved by instructor. Please ensure that you have a stable, secure internet connection when beginning the exam that will allow you to complete it. Loss of internet connection or technical difficulties will not be adequate reason to give an exam extension, reset, or make-up.

**** Be aware that assignments in this course are due by 11:59 pm on the due date. This time is officially kept by Brightspace, which will turn off assignments after their due date. Your personal cell phone, lap top, watch, etc with a different time will not substitute for the time in Brightspace and will hold no bearing on assignment submissions. I recommend that you leave ample time to submit assignments before the deadline to avoid a missed assignment, quiz, or exam.**

Student Behavioral Expectations or Conduct Policy:

Students are expected to maintain decorum that includes respect for other students and the instructor, prompt and regular participation, and an attitude that seeks to take full advantage of the educational opportunity.

Students whose behavior is overtly disruptive to the learning environment will be asked to leave class at the instructor's discretion and counted absent for the day. This may include, but is not limited to, eating in class, talking out of turn to classmates, and cell phone use during class. [See the Highlander Guide](#) for more information on this policy.
