**Course Description:**

**EDUC 1100 – Learning Framework”**

A study of the a) research and theory in the psychology of learning, cognition, and motivation; b) factors that impact learning; and c), application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners.

Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned.

**Course Grading Information:**

Your grades are weighted per the assignment category. A **weighted** score is the average of a set of **grades**, where each set carries a different amount of importance. For example, as you can see in the chart below, the core activities make up 30% of your grade, while the reflective paper is worth 10%. This means the Core Activities are worth 3 times more than the Reflection Paper (and thus it is *extremely important* that you complete all of these activities to the best of your ability).

Assignment Category	%
Weekly Activities	25
Chapter Readings	15
Core Activities	30
Reflective Paper	10
Final Exam	15
Class Participation/Attendance	5
Total	100

**Grading Scale:**

Letter Grade	A	B	C	D	F
Total Points	100 – 90	89 – 80	79 – 70	69 – 60	59 or Below

**Late Work and Make Up Work Policies:**

Unless previously communicated and arranged, any assignment that is submitted late will receive a grade deduction of 5% per day it is late, starting on the third day after the assignment is due. This gives you a 48 hour grace-period (because I know emergencies and life happens). Starting on the third date after the assignment is due, you will lose 5% per additional day. So on the third day, the highest grade you can earn is a 95%, on the fourth day, the highest grade you can earn is a 90%, and so on. Under certain, documented circumstances (example: documented serious illness/injury of self or immediate relative), late work will be excused and no points will be deducted.

**Communication is very important** – if you are experiencing extenuating circumstances, please reach out to me so we can develop a plan for you to be successful. I'm here to help you and I want you to succeed! Always feel free to reach out to me via text message (254-826-6101), phone (254-299-8788 or 254-826-6101), email ([kwillis@mclennan.edu](mailto:kwillis@mclennan.edu)), or Zoom (254-299-8788).

**Attendance**

Attendance at all in-class sessions is expected. If you are unable to make a class session, please notify me as soon as possible. Attendance is a part of your average and points will be deducted for missing class, arriving more than 10 minutes late, or leaving more than 10 minutes early (unless previously approved). Attending class is an easy way to earn points in the course, plus it makes completing your work easier since you have an opportunity to interact with me (the instructor), to ask questions, and to hear the lecture. Please note that you are responsible for all material presented or assigned on the day of your absence(s).

Absence from 25% of scheduled class meetings will be taken as evidence that you do not intend to complete the course, and you may be withdrawn from the course. If you are withdrawn or dropped from the course before the official drop date, you will receive a grade of "W." If you are dropped or withdrawn from the course *after* the official drop date, and you are failing the course at the time of the withdrawal, you will receive an F for the class. Consult the MCC Attendance Policy for more information.

**Student Behavioral Expectations or Conduct Policy:**

In both the face-to-face and online environments, students are expected to maintain classroom decorum that includes respect for other students and the instructor, prompt and regular attendance, and an attitude that seeks to take full advantage of the education opportunity.

While honest discussion and debate of topics is expected and encouraged, such interactions should not involve aggressive, derogatory, or involve hostile behaviors (verbal or otherwise).

The instructor reserves the right to act to protect the decorum of the learning environment and the image of MCC.

If you are using Zoom to meet with the professor and/or other students, please ensure that you are dressed appropriately and are in a location where you can focus on your responsibilities as a student. Example: It is not appropriate to attend a Zoom class while laying in bed and/or half dressed. Please be respectful of others and mute yourself if background noise will be a problem.

**Ethics:**

Cheating will not be tolerated. Any student found cheating will be subject to grade reduction, receiving a zero on assignments that involve cheating/plagiarism, and/or dismissal from the course.

Examples of cheating include but are not limited to:

- Copying the work of another student
- Seeking excused absences/tardiness under false pretenses
- Plagiarism (claiming as your own work the work of another)

*This course will teach you to think critically. Critical thinking is one of the top work skills in the Future of Job reports. Please maintain your integrity and do your own work – there is no reason to cheat in this, or any other course. Remember, I'm here to help you and we have many resources available to help if you are struggling with the course content.*
