Examinations

Introduction to Clinical Laboratory Science

MLAB 1201.01

There are four major examinations which may be comprehensive. Make-up examinations will be scheduled during the week before finals at the end of the semester - please see the attendance policy. No student will be allowed to make up more than one examination.

ALL tests are due Sunday by midnight.

Final Exam

The Final Exam will be comprehensive, testing your knowledge of the material for the entire course.

Late Work, Attendance, and Make Up Work Policies:

Attendance

Regular and punctual attendance is expected of all students, and each instructor will maintain a complete record of attendance for the entire length of each course. Students will be counted absent from class meetings missed, beginning with the first official day of classes. For this online course, the attendance will be based upon completing the unit quizzes or MTS training modules associated with each chapter. The quizzes and MTS training modules are due Sunday by midnight.

Failure to complete **25%** of the unit quizzes or MTS training modules will result in the student being withdrawn from the course. If the student's 25% absence is reached after the official drop date, the instructor may assign a W if the student is passing and requests to be withdrawn.

However, if a student who is not passing reaches the 25% after the official drop date, the student will receive an F. In extenuating circumstances, the instructor may assign a W to a student who is not passing. Each absence (whether excused or unexcused) will count toward attendance requirements in each course.

Late and Makeup work

Students will be permitted to makeup class work and assignments missed due to excused absences caused by (1) authorized participation in official College functions, (2) personal illness, (3) an illness or a death in the immediate family, or (4) the observance of a religious holy day.

It is the student's responsibility to provide the proper documentation for an excused absence by the next class period.

The instructor has the prerogative of determining whether or not a student may submit work missed due to an unexcused absence (the grade recorded will be no higher than a 75).

Student Behavioral Expectations or Conduct Policy:

Students are expected to maintain classroom decorum that includes respect for other students and the instructor, prompt and regular attendance, and an attitude that seeks to take full advantage of the education opportunity.

Plagiarism and Cheating

Any reported incidents of plagiarism or cheating will be investigated and documented with proper disciplinary action taken as necessary including possible dismissal from the program.

Please see [Academic Integrity: A student's responsibility](#) from the McLennan Community College website and the Highlander Student Guide.

“Cheating” includes, but is not limited to: (1) use of any unauthorized assistance in taking quizzes, tests or examinations; (2) dependence upon the aid of sources beyond those authorized by the professor in writing papers, preparing reports, solving problems or carrying out other assignments; or (3) the acquisition, without permission, of tests or other academic material belonging to a member of the MCC faculty or staff.

“Plagiarism” includes, but is not limited to, the use, by paraphrase or direct quotation, of the published or unpublished work of another person without full and clear acknowledgment. It also includes the unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.
