#### **Course Description:**

Individual Instruction in voice or guitar. Available to non-majors as well as music majors who wish to study a secondary applied emphasis. Involves one private lesson per week. See practice requirements below. May be repeated for credit.

#### **Course Notes and Instructor Recommendations:**

**This semester students in this class will meet face to face with the instructor for lessons each week unless the college makes a change due to public health concerns.**

It is highly recommended that the student purchase a guitar for use with this course. Some school guitars may be available for student use but there will not be enough guitars for all students and the student will not be able to take the guitars off-campus, thus limiting practice time.

**Practice time:** During the first three weeks of class students should set aside 30 minutes per day, 6 days per week to practice assigned material. Thereafter students should set aside a minimum of an hour each day to practice assigned material.

Students may also be required to purchase a FOOTSTOOL. These can be purchased from local music stores for around \$15.00 or online at [musiciansfriend.com](http://musiciansfriend.com) for \$10.00 or less.

In addition, it is highly recommend that students purchase a metronome. Free and paid apps are available at the App Store and at Google Play. Metronomes can also be found for anywhere from \$20.00 to \$55.00 at local music stores or online.

Also, an electronic tuner or reliable phone app tuner will be very helpful. It will allow you to tune your guitar quickly before class and every time you practice. Various tuner apps can be found at the App Store and on Google Play. At local music stores you can find a tuner for around \$20.00.

**PARTICIPATION:** The student is expected to actively participate in his or her lesson by asking questions, giving feedback, and performing to the best of his or her ability during the lesson.

**PREPAREDNESS:** The student is expected to be on time. Practice is essential. With classical guitar study nail care is also taken into account. Nails must be taken care of before the lesson.

**YOU CANNOT CRAM FOR THIS COURSE.** Skills are acquired over time, learning and reinforcing the movements and necessary coordination every day. Don't wait until the day before your lesson to practice!

#### **Course Outline or Schedule:**

Weekly grades will be given based on the student's progress toward the goals assigned at each weekly lesson. Fourteen 50 minute lessons will be given during the course of the semester. There will be no lesson the first week of classes while student and instructor schedules are put in place. There will not be a lesson during the last week of the semester as it is exam week and the student will have played the equivalent of the guitar lesson exam the week before on jury day.

Programs from five live MCC music department performances will be turned in before the end of the semester. This will count as 10% of the final grade.

**A jury will be played at the end of the semester. This will be a short presentation of no more than 10 minutes. The student will play material representative of the study done during the semester. This typically consists of the performance of one or more solo pieces and some technique studies such as scale or arpeggios. The jury performance will count as 14% of the final grade.**

Regular and punctual attendance is expected of all students, and each instructor will maintain a complete record of attendance for the entire length of each course, including online and hybrid courses. Students will be counted absent from class meetings missed, beginning with the first official day of classes. Students, whether present or absent, are responsible for all material presented or assigned for a course and will be held accountable for such materials in the determination of course grades.

Absence from 25 percent of scheduled lecture and/or laboratory meetings will be taken as evidence that a student does not intend to complete the course. Unless a professor has reason to believe the student will complete the course, the student will be withdrawn from the course with a grade of W. The professor may reinstate the student if satisfied that the student will resume regular attendance and will complete the course.

If the student's 25 percent absences are reached after the official drop date (the 60 percent point in the semester or term), the professor may assign a W if the student is passing and requests to be withdrawn. However, if a student who is not passing reaches the 25 percent point after the official drop date, the student will receive an F. In extenuating circumstances, the professor may assign a W to a student who is not passing.

Each absence will count toward attendance requirements in each course.

Please refer to the [Highlander Guide](#) for the complete policy.
