- 1) Completion and documentation of the minimum required **144 hours** under the employment or volunteering with a veterinarian in a clinical setting. Supervision by a DVM or credentialed technician (LVT in Texas) is required. Practice managers may oversee the general duties, but they must work in conjunction with the DVM or credentialed technician during the summer practicum to ensure the student technician is performing duties/responsibilities. A form for the documentation of hours will be provided to the externship site/student.

- 3) A daily journal of the student's experiences, observations, job duties/tasks, etc. while in the clinical site, is required to be completed and turned into the instructor on a weekly basis during the practicum period. Specifics for content of this assignment will be placed in Brightspace for the course. A WORD document format will be provided for the journal to be completed on. The VCPR is to be maintained at all times.
- 4) Evaluation of the student by both the course instructor and the practicum site. Hard copy evaluations are to be completed by the supervisor (DVM/LVT) for the student and signed off by the supervising DVM or LVT. These are to be submitted directly to the course instructor and will be kept on file as part of the student's record for the course. Evaluations can include phone visits, Zoom meetings, or face to face meetings, (as per COVID-19 restrictions may be in place), between the instructor and site supervisor, as well as hard copy evaluations.
- 5) Students are required to provide contact information of the site-name of the clinic, supervisor (and credentialing of supervisor-DVM/LVT), contact phone number, mailing address, email address, and, if applicable, the website of the clinic or hospital, as well as hours of operation. This information is to be sent by email to the course instructor, Sue Allen, LVT at suallen@mclennan.edu

A form for this information will also be provided by email to the clinical site, that is to be filled out and returned to Sue Allen, LVT and sent by email to:
