STAGE MOVEMENT

1322 & 01

Methods of Teaching and Learning:

All classes meet in the MCC Dance Studio (Room 020) in the Physical Education Building and can be physically demanding. Each class is broken down into three separate phases: Stretching and conditioning; Lecture and demonstration; Work and critique.

Course Objectives and/or Competencies:

1. To develop and understanding of rhythm structures as they pertain to body movement.
2. To develop a basic knowledge of composition as it pertains to the various qualities and dynamics of movement and dance for the actor.
3. To demonstrate awareness of the scope and variety of works in the arts and appreciation for the aesthetic principles that guide or govern them.
4. To respond critically to works in the arts through informal practice
5. To develop and demonstrate knowledge of the influence of the arts aesthetically, socially, and culturally.

Course Outline or Schedule:

Unit One: (Approximately 4 weeks) Relaxation/Breath

Basic modern dance warm ups to aid in strength, flexibility and balance; Improvisation exercises exploring ideas in mood; Exploring Space through movement combinations: line, symmetrical, asymmetrical, positive to negative, and space to space: focus. We will also explore the ideas of movement and acting in the moment. Actors will be asked to bring in monologue material and we will explore how movement would enhance/distract from vocal work. There will be a paper due at the end of this unit that will discuss learning outcomes that will be outlined in class.

Unit Two: (Approximately 4 weeks) Laban Technique

We will return to a modern style warm up that will allow the introduction of the Laban Technique. The class will concentrate on the 4 basic ideas in the Laban Technique; Body, Effort, Shape and Space. We will use each of these 4 weeks to focus on the 4 ideas. At the end of this unit a test will be given over the material to gauge understanding and retention.

Unit Three: (Approximately 4 weeks) Character Development Through Movement

This unit will focus on teaching the student how to develop character work through movement discovery work. This will consist of work with breath, tension, and physicalization. We will work in class and individually on developing two contrasting characters. This unit will finish with a performance from each student demonstrating their two characters.

STAGE MOVEMENT

1322 & 01

Unit Four: (Approximately 4 weeks) Final Projects

Class warm up will be decided on by the class as a majority. During this unit each student is expected to pick an idea from any of the 3 units previously covered in the course (with approval from instructor) and compose a choreographic piece demonstrating that idea to the best of their ability. The students will be divided appropriately into groups. These groups will then work together teaching each other their material. Students will be given class time to do so. At the end of the unit, each student group will perform their material in front of the class. The instructor will grade performance based on; performance strength, clear understanding and demonstration of their chosen idea and originality.

Course Grading Information:

Each student will be graded on the following: Attendance/Class participation: 50%; Unit #1 paper: 10%; Character Practicum: 15%; Group project: 25%
