AN EQUAL OPPORTUNITY INSTITUTION

SPRING 2023

APPLIED COMMERCIAL MUSIC: COMMERCIAL GUITAR

1105 01

Course Description:

Private instruction in electric guitar with goals related to commercial music. Demonstrate proficiency in commercial music repertoire and technique; develop a professional, disciplined approach to performance skills; and present a juried performance at semester's end.

Prerequisites and/or Corequisites:

none

Course Notes and Instructor Recommendations:

My plan for this semester is that students in this course will meet face to face with the instructor for lessons each week unless the college makes a change due to public health concerns.

Students will be assigned individual instructors at the start of each semester.

Students will keep a practice journal in which practice time, material practiced, questions and observations will be logged. The journal is to be brought to every lesson starting with the second lesson of the semester.

A jury will be played at the semester's end for the string faculty. This will demonstrate the work done and progress achieved during the semester. Scales, arpeggios, chord studies and several songs will need to be prepared for this event. In the student's last semester, a public performance demonstrating skills acquired in a variety of musical styles will be presented. This is called the Capstone performance.

Students are required to practice at least one hour per day. Guitar majors should set aside time to practice a minimum of 2 hours per day.

It is highly recommended that students purchase or acquire a **metronome** (or metronome app) and an **electronic tuner** (or tuner app). These items can be found at any music store for around \$20.

Apps can be found online at the App Store and Google Play. Some that are free work quite well. Some students may prefer the features that come with apps that must be purchased. For a metronome I use Metro timer for iPhone from the App Store.

Regular and punctual attendance is expected of all students, and each instructor will maintain a complete record of attendance for the entire length of each course, including online and hybrid courses. Students will be counted absent from class meetings missed, beginning with the first official day of classes. Students, whether present or absent, are responsible for all material presented or assigned for a course and will be held accountable for such materials in the determination of course grades.

Absence from 25 percent of scheduled lecture and/or laboratory meetings will be taken as evidence that a student does not intend to complete the course. Unless a professor has reason to believe the student will complete the course, the student will be withdrawn from the course with a grade of W. The professor may reinstate the student if satisfied that the student will resume regular attendance and will complete the course.

If the student's 25 percent absences are reached after the official drop date (the 60 percent point in the semester or term), the professor may assign a W if the student is passing and requests to be withdrawn. However, if a student who is not passing reaches the 25 percent point after the official drop date, the student will receive an F. In extenuating circumstances, the professor may assign a W to a student who is not passing.

Each absence will count toward attendance requirements in each course.

Please refer to the [Highlander Guide](#) for the complete policy.
