### **Course Grading Information:**

The final grade will be based on the student's average of 4 test scores, a final exam, 17 Connect Practice Sets, 5 Connect Lifespan Scenarios, and class participation and attendance.

*Tests:* The 4 unit tests will be conducted on Brightspace. **COMPLETION OF TESTS BY DUE DATES IS MANDATORY!!** If a student is unable to complete a test, the student must inform the instructor prior to the due date. **ONLY 1 TEST MAY BE MADE-UP! If a second test is missed, it will be considered an automatic 0 for the grade.** No project can replace a(n) test/exam score. If these guidelines are not followed, the instructor has the right to reduce possible grades and/or fail the student for lack of compliance with course requirements. The instructor also holds the right for alternatives at her discretion. Each test will be weighted at 10% of the final grade.

*Final Exam:* The final exam will be held on Tuesday, May 2. This exam will be given **IN CLASS**. Attendance is mandatory and final exams will **NOT** be given early. Students must bring a **scantron 882-E** with them for this exam. The final exam is comprehensive with emphasis on chapters 14-17 and Dev Disorders. The final exam will be weighted at 20% of the final grade.

*Connect Practice Sets:* The average of 17 chapter quizzes will make up another 20% of the final grade. The quizzes are conducted online through Connect. It is the student's responsibility to obtain a Connect registration code with their book. **Quizzes have strict due dates and therefore CANNOT be made up!!!** Due dates for these can be found on the course calendar.

*Connect Lifespan Scenarios:* The average of 5 Connect Lifespan Scenarios will be worth 10% of the final grade. These scenarios are conducted online through Connect. They involve a scenario of a particular Lifespan period, in which the student will play the role of that period, interacting with various people and objects to enhance understanding about the concepts of that period. The student will be required to complete objectives to pass each scenario. **Due dates will be strictly followed!**

*Attendance and Participation:* The last 10% of the final grade will be determined by the student's attendance and participation. This **includes** timeliness of coming to class, staying until class is dismissed, and coming prepared for learning and discussing the material of each class period.

Each student is strongly recommended to participate in class. Due to the diversity of the students, many different viewpoints will be held. Students may not only disagree with each other at times, but the students and instructor may also find that they have different views on sensitive and volatile topics. It is my hope that these differences will enhance the class and create an atmosphere where students and instructor alike will be more encouraged to think and learn. Therefore, be assured that your grade will not be adversely affected by any beliefs and/or ideas expressed in class or assignments. Respect will be given for the views of others when

expressed in classroom discussions. The instructor expects students to also treat each other with respect and manifest appropriate classroom behavior.
