Course Grading Information:

The final grade will be based on the student's average of 4 test scores, a final exam, 16 Connect Practice Sets, a paper/presentation, and class participation and attendance.

Tests: The 4 unit tests will be conducted on Brightspace. **COMPLETION OF TESTS BY DUE DATES IS MANDATORY!!** If a student is unable to complete a test, the student must inform the instructor prior to the due date. **ONLY 1 TEST MAY BE MADE-UP! If a second test is missed, it will be considered an automatic 0 for the grade.** No project can replace a(n) test/exam score. If these guidelines are not followed, the instructor has the right to reduce possible grades and/or fail the student for lack of compliance with course requirements. The instructor also holds the right for alternatives at her discretion. Each test will be weighted at 10% of the final grade.

Final Exam: The final exam will be held on Wednesday, May 3. This exam will be given **IN CLASS**. Attendance is mandatory and final exams will **NOT** be given early. Students must bring a **scantron 882-E** with them for this exam. The final exam is comprehensive with emphasis on chapters 2, 15 & 16. The final exam will be weighted at 20% of the final grade.

Connect Practice Sets: The average of 16 chapter quizzes will make up another 20% of the final grade. The quizzes are conducted online through Connect. It is the student's responsibility to obtain a Connect registration code with their book. **Quizzes have strict due dates and therefore CANNOT be made up!!!** Due dates for these can be found on the course calendar.

Paper/Presentation: Students will choose to write a paper or complete a presentation as a requirement for this course, which will comprise 10% of their total grade. The student will choose a disorder from the DSM-5. The student will then research this topic, answering 5 questions: 1) What criteria must be met to diagnosis this disorder? 2) What are 4-5 struggles a person given this diagnosis might experience in every day life? 3) What is the explanation of this diagnosis from a Psychoanalytic perspective? From a Cognitive/Behavioral perspective? And from an Humanistic perspective? 4) What exaplantion best fits your personal view of the disorder? 5) What treatments might be effective for this disorder based on the perspective of your choosing?

If the student chooses to write a paper, it must be formatted APA style, with a cover page and works cited page. It must be 3-5 typed pages in length (in addition to the cover and works cited page) and answer all the questions, **due April 5**. If the student chooses to complete a presentation, the date of the presentation will be scheduled the 3rd week of class for a future date during the semester. The presentation must be 5-10 minutes in length, answer all the questions, and have some form of visual aide to accompany it.

ABNORMAL PSYCHOLOGY

PSYC 2320 - 16

Grade based on the following rubric: **20%** on accurate description of criteria and explanation of the struggles of the selected disorder, **20%** for the 3 explanations from different perspectives, **10%** on the personal perspective from the student's viewpoint, **10%** on possible treatment options, **10%** on timely completion according to due dates, **15%** on appropriate length (whether paper or presentation), and **15%** on either correct APA formatting for papers or visual aide for presentations.

Attendance and Participation: The last 10% of the final grade will be determined by the student's attendance and participation. This **includes** timeliness of coming to class, staying until class is dismissed, and coming prepared for learning and discussing the material of each class period.

Grading Summary:

Test 1 (Chapters 1, 3 & 4) =	10%
Test 2 (Chapters 5-7) =	10%
Test 3 (Chapters 8-10) =	10%
Test 4 (Chapters 11-14) =	10%
Final Exam (Cumulative, emphasis on Chapters 2, 15&16)	20%
16 Connect Chapter Quizzes Average =	20%
Paper/Presentation =	10%
<u>Attendance and Participation =</u>	<u>10%</u>
FINAL GRADE =	100%

The traditional score equivalency will be used in this class:

A = 90-100%
B = 80-89%
C = 70-79%
D = 60-69%
F = BELOW 60%

Late Work, Attendance, and Make Up Work Policies:

No assignment, DB, or practice set is allowed to be made up after its due date and only 1 test may be made up with instructor permission. The final exam **MUST** be attended as scheduled.

Incomplete Grade:

Only students who have completed and passed 80% of the course requirements will be eligible for an incomplete. Illness, death in the family, or other extenuating circumstances needs to be present; and consultation with the instructor is mandatory.

Student Behavioral Expectations or Conduct Policy:

Each student is strongly recommended to participate in class. Due to the diversity of the students, many different viewpoints will be held. Students may not only disagree with each other at times, but the students and instructor may also find that they have different views on sensitive and volatile topics. It is my hope that these differences will enhance the class and create an atmosphere where students and instructor alike will be more encouraged to think and learn. Therefore, be assured that your grade will not be adversely affected by any beliefs and/or ideas expressed in class or assignments. Respect will be given for the views of others when expressed in classroom discussions. The instructor expects students to also treat each other with respect and manifest appropriate classroom behavior.

If the instructor becomes aware of cheating or plagiarism, an automatic 0 will be given for that task. These behaviors will be reported as per MCC policy. See MCC's policy on Academic Integrity for more information.

Attendance:

Regular and punctual attendance is expected of all students, and each instructor will maintain a complete record of attendance for the entire length of each course, including online and hybrid courses. Students will be counted absent from class meetings missed, beginning with the first official day of classes. Students, whether present or absent, are responsible for all material presented or assigned for a course and will be held accountable for such materials in the determination of course grades. Instructor will follow the MCC attendance policy strictly, dropping students after 25% of classes are missed. For this class, the student will be dropped after missing 8 class periods. Attendance WILL be taken each class period.

Minimum Technical Skills:

Students should have basic computer skills, knowledge of word processing software, and a basic understanding of how to use search engines and common web browsers.

Backup Plan for Technology:

In the event MCC's technology systems are down, you will be notified via your MCC student email address. Please note that all assignments and activities will be due on the date specified in the Instructor Plan, unless otherwise noted by the instructor.

Email Policy:

McLennan Community College would like to remind you of the policy (<http://www.mclennan.edu/employees/policy-manual/docs/E-XXXI-B.pdf>) regarding college email. All students, faculty, and staff are encouraged to use their McLennan email addresses when conducting college business.

A student's McLennan email address is the preferred email address that college employees should use for official college information or business. Students are expected to read and, if needed, respond in a timely manner to college emails. For more information about your student email account, go to www.mclennan.edu/studentemail.

Instructional Uses of Email:

Faculty members can determine classroom use of email or electronic communications. Faculty should expect and encourage students to check the college email on a regular basis. Faculty should inform students in the course syllabus if another communication method is to be used and of any special or unusual expectations for electronic communications.

If a faculty member prefers not to communicate by email with their students, it should be reflected in the course syllabus and information should be provided for the preferred form of communication.

Email on Mobile Devices:

The College recommends that you set up your mobile device to receive McLennan emails. If you need assistance with set-up, you may email Helpdesk@mclennan.edu for help.

You can find help on the McLennan website about connecting your McLennan email account to your mobile device:

- [Email Setup for iPhones and iPads](#)
- [Email Setup for Androids](#)

Forwarding Emails:

You may forward emails that come to your McLennan address to alternate email addresses; however, the College will not be held responsible for emails forwarded to an alternate address that may be lost or placed in junk or spam filters.

For more helpful information about technology at MCC, go to [MCC's Tech Support Cheat Sheet](#) or email helpdesk@mclennan.edu.
