WACO, TEXAS

COURSE SYLLABUS AND INSTRUCTOR PLAN

Introduction to Radiography

RADR 1201_87

Michelle Morphis MBA, R.T. (R) (ARRT)

NOTE: This is a 16-week course.

COVID 19 Notice:

McLennan Community College is committed to providing you with every resource you need to reach your academic goals including your safety. We will continue to monitor the evolving situation with COVID 19 and adjust our safety guidelines to make sure we offer a safe environment for you and our faculty. Please make sure to consult your faculty and the MCC website at <https://www.mclennan.edu/crisis-management/coronavirus-updates/index.html> on any changes to these guidelines.

Course Description:

An overview of the historical development of radiography, basic radiation protection, an introduction to medical terminology, ethical and legal issues for health care professionals, and an orientation to the profession and the health care system.

(Semester Hours 2)

Prerequisites and/or Corequisites:

None

Course Notes and Instructor Recommendations:

Each week, students are expected to read assigned chapters, complete discussion posts and other assessments. Since the course is totally constructed around online participation, the student should have knowledge of using a Web browser, computer, and e-mail: the ability to create and save documents; the ability to send and receive electronic documents; and a general understanding of online technologies and appropriate online behavior.

Students are expected to maintain regular and reliable access to a computer with a stable broadband Internet connection. If your computer is older than 4 years old, it may not have the processing power to work with Brightspace or current versions of the required software.

All MCC campus computers are configured to use Brightspace and will have most of the software needed to complete your online coursework. If additional software is needed on an MCC lab computer, please contact the administrator of the lab for assistance.

If your computer is publicly accessed off campus or is loaned to you, you may be prohibited from downloading files or software.

If a student is having difficulty accessing Brightspace or experiences technical issues, the Technology Help Desk should be contacted. <http://www.mclennan.edu/tech-support/>

Campus computers are available on campus if a student should need one to complete online work.

If Brightspace is down, please email the instructor to bring awareness to the problem. If Brightspace is down for more than 24 hours, the instructor will notify students via email with further instructions.

Instructor Information:

Instructor Name: Michelle Morphis

MCC E-mail: mmorphis@mclennan.edu

Office Phone Number: (254) 299-8584

Office Location: CSC, C 117

Office/Teacher Conference Hours: Regular office hours are as posted on office door.

Please schedule appointments by phone or email.

Required Text & Materials:

Title: Introduction to Radiologic Technology

Author: William Callaway

Edition: 8th

Publisher: Elsevier

ISBN: 978-0-323-64339-9

MCC Bookstore Website: <http://www.mclennan.edu/bookstore/>

Methods of Teaching and Learning:

This course is taught using discussions, videos, assignments, and exams to meet course objectives. Students will extend critical thinking through writing and engaging in peer discussion.

Course Objectives and/or Competencies:

Upon completion of this course students will:

Unit 01

- Understand radiography education to include the classroom and clinic learning
- Contrast cognitive, psychomotor and affective learning Understand and demonstrate quality customer service
- Recognize requirements of becoming an outstanding student Evaluate listening and reading skills
- Apply critical thinking skills, be aware of values and explain consequences of actions taken

- Understand the history of medicine and analyze the evolution of healthcare delivery
- Discuss ethical issues in healthcare
- Recall pioneers of radiology and differentiate among radiologic advances

Unit 02

- Recall characteristics of different age groups
- Understand diverse conditions and populations
- Recall patient identification and procedures requested \Understand how to provide patient and transporter safety as a component of patient care and management
- Recall the purpose of isolation & aseptic techniques
- Demonstrate how to provide quality patient service
- Identify medical terminology and abbreviations

Unit 03

- Recognize various components of imaging equipment
- Recall factors affecting the radiographic image
- Evaluate radiographic image characteristics
- Differentiate and discuss other imaging technology
- Explain patient preparation for radiographic exams and differentiate among imaging examinations
- Recognize different radiographic studies and fluoroscopic examinations
- Recall the importance of radiation safety and understand radiation protective measures
- Recognize biologic effects of ionizing radiation
- Recognize radiation interactions with matter

Unit 04

- Evaluate ethics, professionalism, and law in radiologic technology
- Understand effective communication
- Recall legal terms in medicolegal considerations
- Recognize responsibilities of administration and staff

- Comprehend safety in radiologic technology
- Understand the procedures and policy items
- Identify and understand factors which influence the economics of radiology
- Recall quality assurance and understand various factors which influence an optimal rating of radiographic service
- Recall the roles of health professionals of allied health

Unit 05

- Recall the purpose of the ARRT and understand general requirements of a radiographer candidate
- Discuss educational requirements and content specifications for the radiography examination
- Understand differences between ARRT Rules of Ethics and Code of Ethics
- Recall the details of continuing education
- Understand the importance and purpose of professional
- Recognize areas of clinical specialization and the opportunity for career advancement
- Discuss radiographer responsibilities
- Recall practice standards and scope of practice of specialized areas

Course Outline or Schedule:

Unit	Chapters	Content
1	1-4	<ul style="list-style-type: none">• Radiography Education: From Classroom to Clinic• Becoming an Outstanding Student• Evolution of Health Care Delivery• Radiology: A Historic Perspective
2	5-7	<ul style="list-style-type: none">• Orientation to Patient Care• Providing Quality Patient Service• The Language of Medicine
3	8-10	<ul style="list-style-type: none">• The Technology of Medical Imaging• Radiographic Examinations: Diagnosing Disease and Injury• Radiation Safety and Protective Measures
4	11-13	<ul style="list-style-type: none">• Ethics, Professionalism, and Law in Radiologic Technology• Radiology Department: Organization and Operation• Health Professions
5	14-16	<ul style="list-style-type: none">• The American Registry of Radiologic Technologists• Professional Associations• Clinical Specialization and Career Advancement

Intro to Radiography

16	Unit 05 Exam	05/01	FINAL EXAM 05/03 @11:30 pm	05/03	Congratulations! The End!	05/05	

Course Grading Information:

	Assessment	Percentage of Course Grade
1	Assignments	20%
3	Exams	30%
4	Discussion	25%
5	Final Exam	25%
Total	Course Grade	100%

The course grade will be applied to the following scale:

90% - 100%	A
80% - 89%	B
75% - 79%	C
60% - 74%	D
59% or less	F

A “C” or higher is necessary for the Radiologic Technology program. This coincides with the grading scale in the Radiologic Technology Program.

Throughout the course, grades in Brightspace will indicate grades with a decimal following such as, 85.3, 89.5 etc....

These grades will remain as posted in the grade book but the final course grade will be rounded up or down to the nearest score depending on the number in the tenth place after the decimal. If a score is .5 to .9 the grade will be rounded up to the next number. If a score is .4 or below to .1, it will remain that number. (Example: 89.5 will be posted as a 90, where 89.4 will remain an 89)

Discussion Posts:

You will find that one response and two replies are expected with every discussion assignment. The responses are always due on Thursdays and the replies are due on the following Sunday. It is possible that you may only see one due date on the Brightspace Calendar for a discussion. However, it is important that you post by the due dates outlined in the **Calendar Due Dates** in the "Syllabus & Course Outline."

Thursday Response: 25 Points

Sunday Replies (2): 25 Points

Total Points Possible: 50 Points

- A rubric will be used for grading unless a student did not post on time
- See rubric on Brightspace
- Any late posts will receive 0 points.
- Students must complete both replies to be eligible for 25 points. One reply will result in zero points.

Exams: All exams will be given online via Brightspace. It is necessary that you have a stable internet connection and working technology. The exams are timed according to the number and content of the questions. If an exam is not started and finished on time, it may result in a zero. It is the responsibility of the student to maintain updates on their personal computers.

Brightspace Use and Activity

The instructor of this course intends to utilize Brightspace as a communication tool and for course features such as announcements, resources, grades, and assessments. It is the student's responsibility to check Brightspace daily to ensure successful completion of each assignment and to receive important announcements about the course.

Late Work, Attendance, and Make Up Work Policies:

Absence from the online class will result in the student having less information and will usually result in a lower grade. Absence of four (4) consecutive weeks will be taken as an indication that the student does not intend to complete the course and the student may be dropped from the class. Absence of 25% of classes may be taken as evidence in course activities to indicate a low probability of success. If a student is absent for a total of 7 days

in the first 12 weeks, it will indicate the student does not intend to be successful in the course. The instructor may drop the student at this point. If the student is in weeks 13-16 and reaches their 7th absence, the student will not be dropped and will be given the grade earned in the course. This grade will reflect missed assessments and most likely will result in a D or F.

The student will be expected to access this course via Brightspace and complete an assignment or discussion post weekly to prove absence for the week. Discussions are offered weekly and assignments/exams are given periodically. At least one graded item must be completed each week to serve as the student being present in the course for the week.

Attendance is recorded to reflect weekly presence in the class starting on Monday and ending on Sunday. Should a student work ahead, attendance is recorded for the week in which the assessment is due. It is important to reference the calendar due dates provided to complete assessments by the due date to have attendance recorded for the respective week.

Late assignments will be given a 10-point deduction. A student must submit the late assignment within 3 days of the due date. On the 4th day, the assignment will be given a zero. A student may complete the assignment and receive a score. However, a penalty or zero will replace the original score if taken after the due date. Late assignments are considered one day late beginning one minute after the due date.

In most situations, **late exams** will be given a zero. Make-up exams will only be allowed under certain circumstances and is up to the discretion of the instructor. Medical, military, or funeral reasons are excused and may replace the missed exam with the final exam. If a student misses an exam and the instructor approves it for any reason outside of medical, military, or funeral reasons, there will be a 20-point deduction. Additionally, **students must email the professor prior to the exam due date** to be considered. Otherwise, unless an medical emergency, considerations to make up the exam will not be allowed. Medical, military, or funeral documentation may be necessary.

Any **late discussion** post will receive a zero. Discussions are used to facilitate engagement with the class over a specific topic. Late posts will not allow other students to respond, resulting in zero engagement. Therefore, no makeup discussion posts will be allowed in this course. In the situation of a medical emergency, military obligations, or funeral attendance, the instructor may make an exception when acceptable supporting documentation is provided. A student should email a request no later than two days after the due date to be considered.

Student Behavioral Expectations or Conduct Policy:

Students are expected to maintain online decorum that includes respect for other students and the instructor, checking assessment due dates regularly, and an attitude that seeks to take full advantage of the education opportunity. Each occurrence will be documented and may result in counseling from the instructor and/or other administrative persons. Online students are expected to access the course at least twice a week and interact in a respectful manner with peers and instructor.

[Click Here for the MCC Attendance/Absences Policy](https://www.mclennan.edu/highlander-guide/policies.html)

(<https://www.mclennan.edu/highlander-guide/policies.html>)

Click on the link above for the college policies on attendance and absences. Your instructor may have additional guidelines specific to this course.

Attendance is recorded to reflect weekly presence in the class starting on Monday and ending on Sunday. Should a student work ahead, attendance is recorded for the week in which the assessment is due. It is important to reference the calendar due dates provided to complete assessments by the due date to have attendance recorded for the respective week.

COLLEGE

ACADEMIC RESOURCES/POLICIES

Accommodations/ADA Statement:

Any student who is a qualified individual with a disability may request reasonable accommodations to assist with providing equal access to educational opportunities. Students should contact the Accommodations Coordinator as soon as possible to provide documentation and make necessary arrangements. Once that process is completed, appropriate verification will be provided to the student and instructor. Please note that instructors are not required to provide classroom accommodations to students until appropriate verification has been provided by the Accommodations Coordinator. For additional information, please visit www.mclennan.edu/disability.

Students with questions or who require assistance with disabilities involving physical, classroom, or testing accommodations should contact:

disabilities@mclennan.edu 254-299-
8122
Room 319, Student Services Center

Title IX:

We care about your safety, and value an environment where students and instructors can successfully teach and learn together. If you or someone you know experiences unwelcomed behavior, we are here to help. Individuals who would like to report an incident of sexual misconduct are encouraged to immediately contact the acting Title IX Coordinator at titleix@mclennan.edu or by calling, Dr. Claudette Jackson, (Diversity, Equity & Inclusion/Title IX) at (254) 299-8465. MCC employees are mandatory reporters and must report incidents immediately to the Title IX Coordinator. Individuals may also contact the MCC Police Department at (254) 299-8911 or the MCC Student Counseling Center at (254) 299-8210. The MCC Student Counseling Center is a confidential resource for students. Any student or employee may report sexual harassment anonymously by visiting <http://www.lighthouse-services.com/mclennan/>.

Go to McLennan's Title IX webpage at www.mclennan.edu/titleix/. It contains more information about definitions, reporting, confidentiality, resources, and what to do if you or someone you know is a victim of sexual misconduct, gender-based violence or the

crimes of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence.

Student Support/Resources:

MCC provides a variety of services to support student success in the classroom and in your academic pursuits to include counseling, tutors, technology help desk, advising, financial aid, etc. A listing of these and the many other services available to our students is available at <http://www.mclennan.edu/campus-resource-guide/>

Academic Support and Tutoring is here to help students with all their course-related needs. Specializing in one-on-one tutoring, developing study skills, and effectively writing essays. Academic Support and Tutoring can be found in the Library and main floor of the Learning Commons. This service is available to students in person or through Zoom from 7:30 am - 6:00 pm Monday through Thursday and 7:30 am - 5:00 pm on Friday. You can contact the Academic Support and Tutoring team via Zoom (<https://mclennan.zoom.us/j/2542998500>) or email (ast@mclennan.edu) during the above mentioned times.

College personnel recognize that food, housing, and transportation are essential for student success. If you are having trouble securing these resources or want to explore strategies for balancing life and school, we encourage you to contact either MCC CREW – Campus Resources Education Web by calling (254) 299-8561 or by emailing crew@mclennan.edu or a Success Coach by calling (254) 299-8226 or emailing SuccessCoach@mclennan.edu. Both are located in the Completion Center located on the second floor of the Student Services Center (SSC) which is open Monday-Friday from 8 a.m.-5 p.m.

Paulanne's Pantry (MCC's food pantry) provides free food by appointment to students, faculty and staff. To schedule an appointment, go to https://mclennan.co1.qualtrics.com/jfe/form/SV_07byXd7eB8iTqJg. Both the Completion Center and Paulanne's Pantry are located on the second floor of the Student Services Center (SSC).

MCC Foundation Emergency Grant Fund:

Unanticipated expenses, such as car repairs, medical bills, housing, or job loss can affect us all. Should an unexpected expense arise, the MCC Foundation has an emergency grant fund that may be able to assist you. Please go to <https://www.mclennan.edu/foundation/scholarships-and-resources/emergencygrant.html> to find out more about the emergency grant. The application can be found at https://www.mclennan.edu/foundation/docs/Emergency_Grant_Application.pdf.

MCC Academic Integrity Statement:

Go to www.mclennan.edu/academic-integrity for information about academic integrity, dishonesty, and cheating.

Minimum System Requirements to Utilize MCC's D2L|Brightspace:

Go to <https://www.mclennan.edu/center-for-teaching-and-learning/Faculty-andStaffCommons/requirements.html> for information on the minimum system requirements needed to reliably access your courses in MCC's D2L|Brightspace learning management system.

Minimum Technical Skills:

Students should have basic computer skills, knowledge of word processing software, and a basic understanding of how to use search engines and common web browsers.

Backup Plan for Technology:

In the event MCC's technology systems are down, you will be notified via your MCC student email address. Please note that all assignments and activities will be due on the date specified in the Instructor Plan, unless otherwise noted by the instructor.

Email Policy:

McLennan Community College would like to remind you of the policy (<http://www.mclennan.edu/employees/policy-manual/docs/E-XXXI-B.pdf>) regarding college email. All students, faculty, and staff are encouraged to use their McLennan email addresses when conducting college business.

A student's McLennan email address is the preferred email address that college employees should use for official college information or business. Students are expected to read and, if needed, respond in a timely manner to college emails. For more information about your student email account, go to www.mclennan.edu/studentemail.

Instructional Uses of Email:

Faculty members can determine classroom use of email or electronic communications. Faculty should expect and encourage students to check the college email on a regular basis. Faculty should inform students in the course syllabus if another communication method is to be used and of any special or unusual expectations for electronic communications.

If a faculty member prefers not to communicate by email with their students, it should be reflected in the course syllabus and information should be provided for the preferred form of communication.

Email on Mobile Devices:

The College recommends that you set up your mobile device to receive McLennan emails. If you need assistance with set-up, you may email Helpdesk@mclennan.edu for help.

You can find help on the McLennan website about connecting your McLennan email account to your mobile device:

- [Email Setup for iPhones and iPads](#)
- [Email Setup for Androids](#)

Forwarding Emails:

You may forward emails that come to your McLennan address to alternate email addresses; however, the College will not be held responsible for emails forwarded to an alternate address that may be lost or placed in junk or spam filters.

For more helpful information about technology at MCC, go to [MCC's Tech Support Cheat Sheet](#) or email helpdesk@mclennan.edu.

Disclaimer:

The resources and policies listed above are merely for informational purposes and are subject to change without notice or obligation. The College reserves the right to change policies and other requirements in compliance with State and Federal laws. The provisions of this document do not constitute a contract.
