Edition: Seventh Edition
Publisher: Brookes/Cole, Cengage Learning
ISBN: 978-1-305-94329-2

Methods of Teaching and Learning:

All of the course material will be delivered via the internet. The required text book is needed to complete the course. Students will have a weekly reading assignment from the text book. Students will complete two papers as additional requirements of the course. Students are also required to complete 48 hours of volunteer time during the semester.

Students will earn points on each completed assignment. The total points earned during the semester will determine the student's final grade. More information about the grading system is provided later in the syllabus.

Students will need to allow regular weekly time to read the assigned material and complete the assignments. A reasonable level of self-discipline is needed for successful completion of the course.

Since the course is totally constructed around online participation, the student should have knowledge of using a Web browser, computer, and e-mail: the ability to create and save documents; the ability to send and receive electronic documents; and a general understanding of online technologies and appropriate online behavior. Partial credit is not possible for this assignment.

A final grade of “C” or better in this course is needed in order to receive credit on the Social Work Field of Study degree plan and to transfer the grade to a four-year university.

Grade Scale

Letter Grade	A	B	C	D	F
Total Points	1000 – 900	899 – 800	799 – 700	699 – 600	599 or Below

I-Incomplete-this grade is given when a course is incomplete because a student's absence is caused by illness, or other reasons acceptable to the instructor, prevents the student from completing the required projects of the course. To be eligible, the student must have essentially completed the course. The work remaining should be of such nature as not to require class attendance. If the work is not made up within the following long semester, the "I" will be changed to an "F" and the course must be repeated if credit is to be given.

Withdrawal

Students who are considering withdrawing from a course are to contact one of the following, preferably in the order listed: instructor, program director, division chair or advisor. If, after consultation between the student and the instructor, there is a decision to withdraw through the 60 percent point in the semester or term, **it is the responsibility of the student to see that the Change in Schedule Form is completed and submitted to [Highlander Central](#)**. (The instructor can also process a withdrawal from a course through WebAdvisor.) The student should check WebAdvisor to verify that the withdrawal was processed.

If, after the 60 percent point in the semester or term and after consultation between the student and the instructor, there is a decision to withdraw, it is the responsibility of the instructor to submit the Change in Schedule Form to [Highlander Central](#) or process a withdrawal through WebAdvisor as soon as possible or prior to the last class day of a semester or term. The student should check WebAdvisor to verify the withdrawal was processed. The effective date for withdrawing from a course is the date the withdrawal is processed.

Goals Paper

See the separate handout for the Goals Paper Guidelines. This paper is submitted through Brightspace. Papers submitted as an email attachment or a hard copy will not be accepted.

It is expected that the paper you submit for this class is one that was written solely for this class and not for another class. To write a paper and submit it for a grade in two different classes is highly unethical. Students caught doing this will receive a zero (0) for this assignment.

Quizzes: There will be 13 quizzes during the semester, but the instructor reserves the right to vary this number as needed. Each of the last six chapters will have a quiz that will be composed of 20 randomly selected multiple-choice or True/False questions. You must take each unit's quiz no later than the due date at 11:55pm. After this time the quiz shuts off and you will not be able to access it. Your grade will be a zero (0) for that quiz. This is a timed test and you will have 25 minutes to complete all of the questions. You will have one chance to take this quiz. Make sure that you are ready to take the quiz before you hit the **Start Quiz** button. Once you do this, the clock will start and you will need to begin answering questions. *If you go less than 5 minutes over the time limit, you will have 2 points deducted from your score; less than 10 minutes over the time limit you will have 4 points deducted from your score; 10 minutes or more over the time limit and you will receive a 0 as your score.*

Discussion Board (Db): There will be 13 Db assignments during the semester. Once we transition into the hybrid part of the course, there will be a different Db question for you to consider each week. You are asked to post on Db your well thought out response to the question. You are also asked to post responses to two of your fellow students' posts for a total of three posts. Everything you post on Db needs to have appropriate content and be constructive in nature. A simple statement such as, "I agree" or "You're right" is not sufficient. Avoid posting in ALL CAPS as this looks like YOU ARE YELLING at the other student. In addition, please do not use "text-speak" such as LOL, BFF, etc. Students who do an excellent job of contributing will receive the full 10 possible points each week. Students who contribute less will receive less. Students who do not provide all 3 postings each week will receive 0 points regardless of their content.

Observation Experience

Students must complete a 48-hour Observation Experience at a local social service agency or organization. This time should be spent confirming the material the is covered in class as well as

the assigned readings. At the end of the course, students will use this information to write their Final Paper.

** These hours have to be done at one agency or organization. Hours cannot be added together at multiple agencies. **

Students should select a local social service agency where social workers are, or could be employed. The required hours should be earned while being a “volunteer” at the agency. Students are not to be doing any type of counseling with clients served by the agency. Time can be spent performing the tasks of the agency. For example: helping distribute food at a food pantry; playing basketball with kids in an after school program; greeting clients at the front desk, etc. Time should also be spent learning about the mission of the agency; the funding sources; the role of social workers; the power structure; the workplace culture, etc. This information and more will be used to write your Final Paper.

A brief list of possible agencies will be posted in the handouts section of the Brightspace course. Students may choose to do their hours at an agency that is not on this list. **However, students must get permission from their instructor to use an agency not on the list.** If a student does their hours at an agency that has not been approved by the instructor in advance these hours will not count; the student will not get credit for this assignment; and the student will fail the class.

At the end, documentation will be needed for your instructor from the agency that confirms the completion of 48 hours of observation/volunteer time. (no partial credit for fewer than 48 hours) Your agency supervisor will need to send an email to your instructor. This email needs to have the name of the agency, the name of the supervisor, a telephone number where the supervisor can be reached, a brief description of what you did, and confirmation of your 48 volunteer hours. This email has to come from the supervisor. No exceptions.

Final Paper

See the separate handout for the Final Paper Guidelines. This paper is submitted through Brightspace. Papers submitted as an email attachment or a hard copy will not be accepted.

It is expected that the paper you submit for this class is one that was written solely for this class and not for another class. To write a paper and submit it for a grade in two different classes is highly unethical. Students caught doing this will receive a zero (0) for this assignment.

Late Work, Attendance, and Make Up Work Policies:

Late Work

Acceptance of late work is at the discretion of the instructor. Late papers accepted will receive a 10-point deduction if turned in up to one week late; 20-point deduction if turned in up to two weeks late. Any paper turned in after two weeks of the assigned date will receive a grade of zero (0).

You must take the 13 unit quizzes no later than the due date at 11:55pm. After this time the quiz shuts off and you will not be able to access it. Your grade will be a zero (0) for that quiz.

You must complete the 13 discussion boards no later than the due date at 11:55pm. After this time the Db shuts off and you will not be able to access it. Your grade will be a zero (0) for the Db.

****It is acceptable to submit a paper to me before the day it is due. This will prevent points from being deducted if you are unable to send it to me on the due date.****

Attendance

This class has 15 learning units. There is at least one assignment due in each unit. A student is counted present for that unit when they complete any assignment due in that unit. If a student does not complete all of the assignments, they will be counted absent for that unit. In accordance with the college attendance policy, a student will be dropped from a course if they miss 25% of the scheduled class meetings/units. For this class that number would be four (4).

Quizzes and Db

All quizzes and Db are open and available to students on the first day of the semester. Students have plenty of time to complete the quiz and Db for each unit. Therefore, students should not have any reason to submit a quiz and/or Db after the due date. When students wait until the last few hours to complete these assignments, they run the risk of “my internet quit,” or “I had to work late,” or “I have been sick.”

Ethics

Cheating will not be tolerated. Any student found to be cheating will be subject to grade reduction, re-doing of assignments, and/or dismissal from the course. Examples of cheating include but are not limited to:

- Copying the work of another student
- Seeking excused absences/tardies under false pretenses
-
- Plagiarism (claiming as your own work the work of another)

Courtesy and Respect

Students should demonstrate courtesy and respect to all instructors, guests, and fellow students. While honest discussion and debate of topics is expected and encouraged, such interactions should not involve aggressive, derogatory, or hostile behaviors (verbal or otherwise). The instructor reserves the right to act to protect the decorum of the learning environment and the image of MCC.

Student Behavioral Expectations or Conduct Policy:

In general, students are expected to maintain classroom decorum that includes respect for other students and the instructor, prompt and regular attendance, and an attitude that seeks to take full advantage of the education opportunity. The Highlander Guide describes the rights, privileges, and obligations of students affiliated with MCC.

The complete guide may be accessed by clicking here: [Highlander Guide](#)

Online Attendance

You will be dropped from this class after any 4 weeks of not communicating with your instructor by email or by not doing your online assignments (Quizzes & Db). If you need to drop this class for any reason, please contact your instructor first.
