PUBLIC SPEAKING
SPCH1315.088 & 089 & 090

Course Description:

Application of communication theory and practice to the public speaking context, with emphasis on audience analysis, speaker delivery, ethics of communication, cultural diversity, and speech organizational techniques to develop students' speaking abilities, as well as ability to effectively evaluate oral presentations.

Prerequisites and/or Corequisites:

There are no official course prerequisites at this time. The student should, however, be able to speak, listen, and write in English, employing at least a high school level vocabulary and correct grammar. Writing skills are necessary for completing assignments; reading skills are necessary for reading a college text and responding to test questions; and speaking is necessary to demonstrate the skills studied. The student will be expected to apply critical thinking skills including comparison and contrast, analysis, and synthesis. To improve inadequate skills for the level of this course, the student may take advantage of the college's reading and developmental English courses. Adequate English oral usage is expected for success in the course.

Course Notes and Instructor Recommendations:

Public Speaking is a course where we will cover the entire process of presentational speaking, including audience analysis, selecting a topic, determining purpose of speech, researching, organizing, rehearsing and delivery. Students will give presentations in various formats on topics they select. Your role in the course is both presenter and audience member for other speakers, so we must all be respectful in either role.

Students need to access course materials in Brightspace and check regularly for class information, to submit assignments and check grades. I recommend students Opt-In on notifications in Brightspace for announcements and grades posted. Students must submit assignments in Word or PDF documents. Lectures will be posted as PowerPoint slides in Brightspace. Students must have access to reliable internet and check Brightspace regularly.

Late Work, Attendance, and Make Up Work Policies:

Students are expected to complete all written work, quizzes, and presentations on time. Any late work will receive a 10 percent penalty for each class day after assignment is due. If you know that you will be unable to complete an assignment or speech as scheduled, communicate with the instructor ahead of time and something might be arranged to avoid the penalty. All students are permitted to make up or redo one speech during the final exam date.

Tips for Online Learning:

1. **Create a space** for completing your schoolwork. Find somewhere quiet and comfortable and free of distractions.
2. **Create a schedule** for completing your weekly assignments. Try to find a consistent time daily/weekly where you can focus on your courses.
3. **Ask questions** when needed. Although learning is virtual, the instructor is available for questions. Check in periodically with your instructor.
4. **Read instructions carefully.** At the start of the course, read the syllabus and keep it handy to refer back to instructions. Make sure you read posted announcements since they contain weekly instructions. When working on an assignment, read over the instructions when you start and then read them again before submitting your work to make sure you completed it correctly and are submitting it in the correct format.
5. **Connect to the material.** Remember that you want to take the time to understand and think about the material you're learning about. Don't just check boxes and move on. Consider how this can be used in your life and make connections to the concepts you see.
