Textbooks and Course Materials

Dr. Eric Foner's *Give Me Liberty!* is the textbook for this course and its purpose is to provide students with a big-picture overview of the totality of American History. **The textbook is supplementing the instructor, the instructor is not supplementing the textbook.**

The content provided by the instructor through the lectures, presentations and study guides are the core of the course content. These will extract certain topics, personalities, narratives and concepts from the textbook and expand upon them. The lectures and textbook work together to provide a comprehensive overview of American History with a focus in the areas where the instructor possesses a particular expertise.

Read the following sections of the Instructor Plan about recommendations and student expectations carefully. If you cannot adapt to the expected behaviors in this course or follow the instructor's recommendations, there is little point in reading about grading and schedules.

Instructor Plan Statement of Understanding

No student will be credited with grades or attendance past the first week of class unless the Instructor Plan Statement of Understanding is signed and returned to the instructor as students cannot be assessed on bases they do not understand. This applies equally to face-to-face, blended and online courses. Absences and missed grades resulting from not returning the signed statement by the second week of class cannot be made up and/or redeemed. If students have questions about the Instructor Plan, those should be discussed with the instructor the first week of class after they have read the Instructor Plan.

Why You Need This Course:

- It is part of the degree you want to earn (AA, AS, BA, BS, etc.), whether you plan to be an educator or not. To earn your degree, you must attain a level of competence in this subject.
- This course makes you a more valuable employee. Employees who only have knowledge of their precise function are of limited utility and can be easily replaced or laid off.
- The course makes you a good representative of any organization you belong to. You want to make your employer appear to be an organization of informed or educated people.
- This course will help you understand human nature and the world you must live and work in.

Student Behavioral Expectations / Conduct Policy:

- **This is a *College Class*.** You will receive the grade you earn—and this grade will be a permanent entry on your college transcript.
- **Attitude and conduct are part of *your* grade.** Pay attention, stay awake and make an effort to absorb the class material. Sleeping in class equals an absence.
- **Deadlines are deadlines.** Do your work on time. Continuously missing deadlines is not acceptable and continual forgiveness is not fair to the other students. I am sympathetic to special circumstances and personal emergencies. Lack of initiative is neither.
- **Ask for help if you need it—*when you need it*.** Problems *must* be solved quickly because there will be a point past which the instructor has no ability to help fix a situation. That is how the real world works, so take action when problems appear, not when they have become disasters that cannot be fixed.
- **Attendance is required.** MCC policy requires you be removed from the class if you have more than seven (7) unexcused absences. There is also a participation threshold to meet regardless of attendance. Being late to class twice will count as an absence.
- You will use your **MCC email account**. You are responsible for the contents of all class emails, announcements and all the content on the course Brightspace website.
- ***Cheating*** in any form will result in a zero (0) for that grade item. This includes use of Artificial Intelligence. Additional disciplinary action may be taken according to the policy outlined by the college conduct code. Zeros (0) resulting from cheating offenses *cannot* be dropped.
- Students are prohibited from eating in the classroom; this is division policy.

Course Notes and Instructor Recommendations:

Exams

- 1) Read the textbook assignments and the relevant study questions / terms from Brightspace before class. The exam questions will be similar to the study questions.
- 2) Take notes. If you do not know how to take notes, there are guides on Brightspace to help you learn. The PowerPoint presentations are not notes, they are *only* a very basic outline.
- 3) During or after class, answer the study questions and define the terms using your notes and the textbook readings.
- 4) Start studying for exams at least three days before. Use the weekend before the exam to do the bulk of your studying so you do not have to cram at the last minute.
- 5) If something is not clear, if you are unsure of your preparation, *ask for help*.

Reading Quizzes

- 1) Give yourself adequate time to read the material. Do not read too far ahead because you may forget some of the material. Do not plan to skim the book the night before.

- 2) Use the study questions from Brightspace as you read through the book and take notes
- 3) The quiz questions will be similar to the study questions, just like the exams.
- 4) If something is not clear, if you are unsure of your preparation, *ask for help*.

Homework Quizzes

- 1) Pay attention in class; 20% of your course grade depends on it.
- 2) Take lecture notes and use the Study Guides, you may use them on the homework quizzes.
- 3) Quizzes will be given online and will be located in the section modules.
- 4) Homework quizzes are tied to the class meeting that day. Students who are absent are not eligible to take that day's quiz.
- 5) If something is not clear, if you are unsure of your preparation, *ask for help*.

Class Lectures are Copyrighted©

The copyright for class lectures is retained by the instructor and recordings thereof are prohibited. Recording lectures or slideshows violates the retained copyright as outlined in Chapters 1-8 and Chapters 10-12 of Title 17 of the United States Code. Consequently, any device *capable* of recording or broadcasting, or any device linked to such a device, is thus prohibited from use in the classroom. Recording devices *not capable of broadcasting* will only be allowed with an accommodation granted by the ADA office of the college. In such case, the instructor will designate a reasonable location for the device. Violations of the policy will incur a 10-point deduction from the Final Exam for *each* infraction and the student will be counted absent that day. These will be denoted as **demerits** in the online gradebook. Note the Final Exam grade cannot be dropped. If the number of infractions make the Final Exam grade zero, or the total incurred absences violates the course and college attendance policy, the student will be withdrawn from the course for cause. Any recordings provided by the instructor are licensed to only registered students in the course for the duration of the semester the course is taken; these are prohibited from being reproduced or disseminated beyond students in the course, again, as detailed in Chapters 1-8 and Chapters 10-12 of Title 17 of the United States Code. Penalties for doing so apply under the law.

Class Participation Standard & Attendance:

Any student who does not have a minimum of 2 exam grades or 1 exam & 2 book quiz grades by week 15 of the course is subject to be dropped for not meeting the minimum participation requirement. Pursuant to this policy, completion of the exam or book quiz for the week that it is scheduled will constitute attendance for the entire week (*2 class meetings*). Simply being present in class and not participating in assessments (exams, quizzes, homework) is not an option in this course. If an exam or book quiz is later made up and the minimum grade required is achieved, the missed attendance will be adjusted accordingly.

Methods of Teaching and Learning:

A variety of methods can / will be used in teaching United States History I, including the use of lecture, discussion, written assignments and various projects. Student assessment will include objective exams, readings of primary and secondary sources, discussions, subjective and objective essays, projects and portfolios. These measures can / will assess critical thinking, communication, social responsibility and personal responsibility. A departmental rubric may be used to assess different aspects of the course objectives.

Course Objectives and/or Competencies:

Critical Thinking: Through lecture and a variety of objective strategies, students will be assessed on critical thinking ability. Objective examinations will specifically be used to assess critical thinking. Other assessment vehicles may include essays, portfolios, primary source objective exams, and presentations. This includes thinking ahead, planning ahead and adapting to changing circumstances throughout the semester. It also means asking for help in a timely manner—before it is too late.

Communication: Measures such as objective tests, written assignments, discussions, portfolios and presentations may be used to measure the student's ability to communicate. This means checking your MCC email regularly and responding in a timely manner.

Social Responsibility: Because the teaching of history involves evoking examples of successes and failures in social responsibility, and the continual importance of this issue politically and personally today, social responsibility naturally is emphasized. Assessment measures may include readings, primary document exams, discussions, projects and essays. This is to say you will act like a professional—which is what businesses want to employ.

Personal Responsibility: Because the teaching of history also involves evoking examples of successes and failures in personal responsibility, and the consequences that personal choices can have, personal responsibility is also naturally emphasized. Assessment measures may include participation, readings, primary document exams, discussions, projects and essays. This includes coming to class at the time you committed to, completing assignments on time and keeping up with your classwork. It also means asking for help in a timely manner—before it is too late.

Course Academic Integrity Statement:

All students who enroll in this course are subject to a **zero-tolerance standard** for cheating and plagiarism. Consult the policy: <https://www.mclennan.edu/academic-integrity/> to see what MCC defines as *cheating* and *plagiarism*. **It is your responsibility to know this policy and ignorance is not a defense.** **Cheating** includes giving or receiving help on exams, quizzes or homework and turning in assignments that are significantly similar to that of other students. **Cheating includes use of Artificial Intelligence (AI) in writing assignments.** **Plagiarism** is defined as using specific information or material taken from published works and claiming it as one's own. This includes not citing sources or quotations. Plagiarism does not apply to general facts; for example,

that the Battle of Chancellorsville took place in 1863. These definitions (*Cheating & Plagiarism*) are not mutually exclusive for the purposes of this policy. Findings of cheating and/or plagiarism will result in a grade of zero (0) for the grade item and can make you subject to all additional penalties listed in MCC's guidelines as detailed on the college website, provided alternate corrective action is not offered by the instructor.

Zeros (0) resulting from cheating or plagiarism violations *cannot* be dropped from the grade calculations. Also, a FERPA release does not give others the ability to intervene or advocate on your behalf—you as the student must answer for and defend your actions *alone*. Remaining in the course is consent to this policy, withdrawing from the course will constitute final remedy to all disputes arising from this policy.

Cheating and Plagiarism issues are semester-specific and bounded by the posted college schedule. Any disputes, inquiries and appeals will terminate on the last class meeting day of the semester scheduled by the college, the most recent determination in the matter to stand permanently.

Course Attendance/Participation Guidelines:

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. Class attendance will be the determinant in face-to-face classes. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

Before the 60% point of the semester, a student who is absent for 25% or more of a face-to-face or blended course (**8 absences**) or who miss 25% or more of assigned work for an online course (**4 grade items**) will be withdrawn from the course with a grade of W. A student may also request to be withdrawn with a grade of W before the 60% point of the semester. After the 60% point of the semester, the student may request to be withdrawn if the student is passing or be assigned the final grade earned at the end of the semester after grades have been updated to reflect missing work. **Note: this policy is based on state law. There are no exceptions, no extensions and no excuses to this policy.**

Course Schedule:

Note that this is a 16-week course and you will be graded on your performance within those 16 weeks; unfinished work, or work not made up by the published deadline will be recorded as a zero (0).

Late Work, Attendance and Make Up Work Policies:

Makeup exams and quizzes will be available for students via the appropriate office either on the MCC campus or remotely at the dual credit campuses. In most instances, two (2) weeks will be allowed for make-ups or the grade will be recorded as zero (0). This will not apply to the Final Exam. The last day to make up missed grade items in face-to-face classes in the last class day of the semester. Missed Class Quizzes cannot be directly made up as they are tied to class

attendance that day. Students who are absent are not eligible to take the Homework Quiz that day. There will be limited opportunities to make up missed homework, but these are limited to 8 instances as no student can miss more than 8 face-to-face classes without being withdrawn.

Incomplete Grades

Lacking several grade items will not qualify a student for the grade of Incomplete. Neither will lacking initiative and inattention to the course schedule. The grade of Incomplete (I) will be granted only in very limited circumstances. This would be an instance where the Final Exam cannot be completed before the end of the calendar month at the end of the semester (either May or December) due to certain unique circumstances that would qualify as *force majeure* according to the instructor or the institution as a matter of benevolence.

Course ADA Accommodations

This course has been reviewed by the specialist staff and administrators of the college and conforms to norms and expectations of the accrediting body overseeing the institution. The instructor by law *cannot* provide additional course materials, supplements, grade items or testing accommodations to individual students without a written directive from the college's Disability Services office. *It is exclusively the student's responsibility to seek accommodations.* If you think you are entitled to certain accommodations, or you are directed to inquire about such by the instructor, contact that office at 254-299-8122 or disabilities@mcclennan.edu. You may also wish to contact the Title IX office at titleix@mcclennan.edu. Both offices are located in the Student Services Center, Suite 319. Their determination will be final and the instructor and student must abide by it.

Instructor Plan Addenda

Any portion of this Instructor Plan document is subject to adaptation to changing circumstances. Changes will be posted as addenda on Brightspace in the Announcements and the Instructor Plan sections on Brightspace unless they violate FERPA or confidentiality statutes.

Course Force Majeure:

For face-to-face classes, if a scheduled class meeting must be cancelled for cause, then recordings will stand as good faith substitutes for face-to-face class meetings. It may also prove necessary to employ Zoom. Continued enrollment in this class will constitute acceptance of this contingency and that the instructor and MCC will be held harmless in the occurrence without remedy. Withdrawal from the course will constitute acceptance of the same.

Published Instructor Plan with Boilerplate Sections

A link to the full Instructor Plan with the boilerplate items added by MCC is located in the Instructor Plan Module on the course webpage. The course-specific items in both documents are identical and students in this course are bound by **both** documents. Any typos or unclear passages in either plan will be interpreted exclusively by the instructor of record.

Course Concluding Date

The Information technology administrators at McLennan Community College have mandated that the course Brightspace page will close on **May 4, 2024**. After that point the instructor cannot and will not guarantee there will be a course to finish as the server space could be repurposed for future courses. That being the case, the grade posted on or before the grading deadline stated in the course schedule will stand and the course will conclude permanently. The *only* exception to this policy is that the Final Exam (or the final chapter exam in online courses) *can* be made up in a reasonable period following the conclusion of the semester *as circumstances allow*.
