Course Grading Information:

The final grade will be based on the student's average of 4 test scores, a final exam, weekly Connect Practice Sets, a paper/presentation, class participation, and attendance.

Tests: The 4 unit tests will be conducted on Brightspace. **COMPLETION OF TESTS BY DUE DATES IS MANDATORY!!** If a student is unable to complete a test, the student must inform the instructor prior to the due date. **ONLY 1 TEST MAY BE MADE-UP! If a second test is missed, it will be considered an automatic 0 for the grade.** No project can replace a(n) test/exam score. If these guidelines are not followed, the instructor has the right to reduce possible grades and/or fail the student for lack of compliance with course requirements. The instructor also holds the right for alternatives at her discretion. Each test will be weighted at 10% of the final grade.

Final Exam: The final exam will be held on Monday, April 29. This exam will be given **IN CLASS**. Attendance is mandatory and final exams will **NOT** be given early. Students must bring a **scantron 882-E** with them for this exam. The final exam is comprehensive with emphasis on Modules 26-31. The final exam will be weighted at 20% of the final grade.

Connect Practice Sets: The average of 31 Module Practice Sets will make up another 20% of the final grade. The quizzes are conducted online through Connect. It is the student's responsibility to obtain a Connect registration code with their book. **Quizzes have strict due dates and therefore CANNOT be made up!!!** Due dates for these can be found on the course calendar.

Paper/Presentation: Students will choose to write a paper or complete a presentation as a requirement for this course, which will comprise 10% of their total grade. The student will choose a

SOCIAL PSYCHOLOGY

PSYC 2319-010

topic from the textbook, related to Social Psychology. The student will then research this topic, answering 5 questions: 1) What topic was selected and what is it about? 2) Why is the topic relevant to Social Psychology? 3) What is an historical example (can be current or past history) of this topic? 4) What do you think could be learned from your example? 5) What would you conclude that other people should take away from the topic, historical example, and lesson of your paper/presentation.

If the student chooses to write a paper, it must be formatted APA style, with a cover page and works cited page. It must be 3-5 pages in length and answer all the questions, **due April 3**. If the student chooses to complete a presentation, the date of the presentation will be scheduled the 3rd week of classes for a future date during the semester. The presentation must be 5-10 minutes in length, answer all the questions, and have some form of visual aide to accompany it.

Grade based on the following rubric: **20%** on accurate description and explanation of the topic, **10%** on appropriate historical example given, **20%** on lesson, relevance, and conclusion of the topic/presentation, **10%** on timely completion according to due dates, **20%** on appropriate length (whether paper or presentation), and **20%** on either correct APA formatting for papers or visual aide for presentations.

Attendance and Participation: The last 10% of the final grade will be determined by the student's attendance and participation. This **includes** timeliness of coming to class, staying until class is dismissed, and coming prepared for learning and discussing the material of each class period.

Grading Summary:

Test 1 (Chapters 1-6) =	10%
Test 2 (Chapters 7-13) =	10%

Late Work, Attendance, and Make Up Work Policies:

SOCIAL PSYCHOLOGY

PSYC 2319-010

No assignment, DB, or practice set is allowed to be made up after its due date and only 1 test may be made up with instructor permission. The final exam **MUST** be attended as scheduled.

Incomplete Grade:

Only students who have completed and passed 80% of the course requirements will be eligible for an incomplete. Illness, death in the family, or other extenuating circumstances needs to be present; and consultation with the instructor is mandatory.

Student Behavioral Expectations or Conduct Policy:

Each student is strongly recommended to participate in class. Due to the diversity of the students, many different viewpoints will be held. Students may not only disagree with each other at times, but the students and instructor may also find that they have different views on sensitive and volatile topics. It is my hope that these differences will enhance the class and create an atmosphere where students and instructor alike will be more encouraged to think and learn. Therefore, be assured that your grade will not be adversely affected by any beliefs and/or ideas expressed in class or assignments. Respect will be given for the views of others when expressed in classroom discussions. The instructor expects students to also treat each other with respect and manifest appropriate classroom behavior.

If the instructor becomes aware of cheating or plagiarism, an automatic 0 will be given for that task. These behaviors will be reported as per MCC policy. See MCC's policy on Academic Integrity for more information.

Attendance:

Regular and punctual attendance is expected of all students. The instructor will maintain a complete record of attendance for the entire length of each course. Students will be counted absent from class meetings missed, beginning with the first official day of classes. Students, whether present or absent, are responsible for all material presented or assigned for a course and will be held accountable for such materials in the determination of course grades. Instructor will follow the MCC attendance policy strictly. For this semester, the 60% course date is March 21, 2024. A student who has missed 8 class periods by this date will be automatically withdrawn with a W. Students who miss more than 25% of class periods after this date will receive the grade earned in the class once all completed work is graded and all missed assignments have been graded as 0. A student may only be withdrawn from this class after the 60% date by student request, and at the discretion of the instructor.
