BASIC NURSING SKILLS

VNSG 1423

the student will be given a prescription for remediation in the campus lab. The student must remediate before another attempt.

If the clinical experiences are not available, the student will demonstrate the objective in the campus lab. The student must have attended 85% of the clinical days to be eligible for this opportunity. It is the student's responsibility to make an appointment to demonstrate the objective to the instructor.

Any student who has not completed the critical clinical objective by the end of the first semester may fail clinically.

Prep Sheets will be started before caring for each patient and completed after caring for the patient.

Due dates for Prep sheets will be determined by Clinical Instructor.

Course Attendance/Participation Guidelines:

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

Policy: A McLennan Health Professions student in a didactic course missing a cumulative of 15 percent of the class meetings due to unexcused absences will be dropped.

Students will be permitted to make up class work and assignments missed as outlined in the course syllabus due to absences caused by (1) authorized participation in official College functions, (2) personal illness, (3) an illness or a death in the immediate family, (4) Pregnant or Parenting Protections under Title IX and/or Texas State Education Code Chapter 51, Subchapter Z, Section 51.982 or (5) any excused absences as outlined in College policy B-II. In all other cases, the instructor has the prerogative of determining whether a student may make up work missed. Students are responsible for any work missed regardless for the cause of absence, as indicated in the institutional attendance policy. The student must initiate conversation with the instructor in a timely fashion, as defined by the program, and complete work according to timelines established with each course instructor.

Course Outline or Schedule:

The course schedule is included in the Unit Guide and will be discussed the first day of class.

BASIC NURSING SKILLS

VNSG 1423

All students in the first semester of the Vocational Nursing Program will be administered the two HESI Fundamental Specialty Exams. The first HESI Fundamental Specialty Exam, does NOT count toward the student's first semester Basic Nursing Skills grade average. The score simply indicates the student's level of retained basic nursing skills knowledge at the time of the exam. The second HESI Basic Nursing Skills Specialty Exam will be administered as the final examination during VNSG 1423.

Even though HESI Fundamental Specialty Exam 1 does not count toward the first semester grade average, it is highly recommended and encouraged that after taking this exam, the student spend a minimum of four (4) hours per week in nursing fundamental's remediation offered by HESI. The Remediation Process will be explained by your nursing instructors. All Remediation Time spent by the student will be recorded and reviewed by nursing instructors and the VNSG Program Director.

The following information for VNSG 1423 indicates how your final grade is determined:

Course Grading Information:

VNSG 1423	
Exam 1	14%
Exam 2	14%

A student has three (3) years to complete the Vocational Nursing Program after official enrollment in the first program course.

Withdrawal & Failures in the Vocational Nursing Program

- ✓ Failure of two (2) program courses during anytime within the VN program will cause the student to be ineligible to re-enroll in the VN program for 3 years. The 3 years will be measured by the date/year the student exited the program.
- ✓ Withdrawal of two (2) program courses during anytime within the VN program will cause the student to be ineligible to re-enroll in the VN program for 3 years. The 3 years will be measured by the date/year the student exited the program.
- ✓ One (1) course failure and one (1) course withdrawal of two program courses during anytime within the VN program will cause the student to be ineligible to re-enroll in the VN program for 3 years. The 3 years will be measured by the date/year the student exited the program.

Re-Entry or Re-Admission into the VN Program

- ✓ Only one (1) course failure or one (1) course withdrawal may be repeated while in the VN Program. This course can only be repeated once.

BASIC NURSING SKILLS

VNSG 1423

- ✓ A student who is unsuccessful due to one (1) course withdrawal or one (1) course failure may re-enter or re-apply to the VN program only one (1) additional time
- ✓ During a second re-admission/re-entry into the VN program; if the student is unsuccessful due to a withdrawal or failure (theory/clinical); the student must wait three (3) years from the exit date/year from the program before applying to the VN program as a new student.

(Please see Unsuccessful Completion)

The student may complete a new application after the initial three-year period ends and repeat the application process as a new student. Three (3) years will be measured from the date/year the student left the program the second time.

Due to inter-relationship of nursing courses taught each semester, if a withdrawal from one nursing course is necessary, the student must repeat all courses if he/she returns to the nursing program.

Vocational Nursing Contact Hours and Absences

Absence from 25 percent (25%) of scheduled **lecture and/or laboratory** meetings will be taken as evidence that a student does not intend to complete the course. Unless an instructor has reason to believe the student will complete the course, the student will be withdrawn from the course with a grade of W.

Minimum Technical Skills:

Students should have basic computer skills, knowledge of word processing software, and a basic understanding of how to use search engines and common web browsers.

Backup Plan for Technology:

In the event MCC's technology systems are down, you will be notified via your MCC student email address. Please note that all assignments and activities will be due on the date specified in the Instructor Plan, unless otherwise noted by the instructor.

Email Policy:

McLennan Community College would like to remind you of the policy (<http://www.mclennan.edu/employees/policy-manual/docs/E-XXXI-B.pdf>) regarding college email. All students, faculty, and staff are encouraged to use their McLennan email addresses when conducting college business.

A student's McLennan email address is the preferred email address that college employees should use for official college information or business. Students are expected to read and, if needed, respond in a timely manner to college emails. For more information about your student email account, go to www.mclennan.edu/studentemail.

Instructional Uses of Email:

Faculty members can determine classroom use of email or electronic communications. Faculty should expect and encourage students to check the college email on a regular basis. Faculty should inform students in the course syllabus if another communication method is to be used and of any special or unusual expectations for electronic communications.

If a faculty member prefers not to communicate by email with their students, it should be reflected in the course syllabus and information should be provided for the preferred form of communication.

Email on Mobile Devices:

The College recommends that you set up your mobile device to receive McLennan emails. If you need assistance with set-up, you may email Helpdesk@mclennan.edu for help.

You can find help on the McLennan website about connecting your McLennan email account to your mobile device:

- [Email Setup for iPhones and iPads](#)
- [Email Setup for Androids](#)

Forwarding Emails:

You may forward emails that come to your McLennan address to alternate email addresses; however, the College will not be held responsible for emails forwarded to an alternate address that may be lost or placed in junk or spam filters.

For more helpful information about technology at MCC, go to [MCC's Tech Support](#) or email helpdesk@mclennan.edu.
