Any student who accumulates three late arrivals for the class will be officially counseled.
3. Students are expected to be alert and take initiative to participate in the classroom, skills, and clinical activities. Students participating in clinical are expected to demonstrate a professional, helpful, courteous attitude when directed by clinical staff or a clinical preceptor to complete a task.
4. Students should be open and accepting of corrections or recommendations to their performance in the classroom, skills lab, or clinical activities. Students should accept instructor recommendations as constructive criticism.
