Course Grading Information:

Grading in this course will be based on homework, unit tests, and a comprehensive final exam according to the following percentages.

Online homework average: 30%

Test average: 50%

Before each test is available (online or face to face), all homework assignments must be completed with at least a 70% score for that unit.

Final exam grade: 20%

Having someone else do your online homework assignment and cheating on a test are both violations of the academic integrity policy and either may result in failing grades and/or being dropped from the class. Infractions such as these will be reported to the administration for tracking and possible college action.

Late Work, Attendance, and Make Up Work Policies:

Students will be given a suggested schedule, but he/she may work at their own pace to complete the course by the designated final due date. No intermediate due dates will be given...only the final due date will be enforced. Students may complete the course early, but extensions will not be given. Procrastination may cause a student to fall too far behind to meet the final due date.

Following the suggested calendar is strongly encouraged. This is a summer class which spans parts of 6 weeks. Online attendance will be measured by activity in the assignments. Although your progress may be flexible, **you must login and participate in some assigned activity (homework or test) each week. Absences will be determined by activity in the online course. Failure to login and work during a week (Sun-Sat) will be considered an absence. More than 1 weekly absence may result in being dropped from the class.**

Student Behavioral Expectations or Conduct Policy:

In an online format, students are expected to follow the daily or weekly calendar, check your school email frequently, and communicate via email respectfully always including your name and course number_section.
