Course Grading Information: Students' grades will be an average of the following:

Course Orientation Assignments (10% of grade – no drops)

During the first few days of the course, students are responsible for navigating through the material in the course information section. Although this section is not directly related to the topic of Psychology, it is comprised of information about the course policies and skills you will need to successfully complete this course. You will complete a practice Smartbook homework assignment and a brief policy/calendar quiz in Brightspace.

Chapter Insight Assignments (45% of grade – lowest 2 dropped)

For every chapter assigned, students will complete 1 – 2 “insight” assignments through Connect. The purpose of these is to allow for deeper application of course material above and beyond the quiz-type, smartbook assignments. You may use your book, open in a separate tab, but these may only be taken once. It is recommended that the student thoroughly review the assigned material before attempting the insight assignments.

Chapter SmartBook Assignments (45% of grade – lowest 1 dropped)

Students will complete chapter assignments through Connect. These are quiz-type questions in which the student answers questions on various chapter topics. It is adaptable in that, when questions are answered incorrectly, the student is presented with another question until it is answered correctly. When all topics have been correctly answered, the assignment is complete. Students may complete these as many times as they want up until the deadline. Your grade will be recorded when you've successfully completed the assignment. If you did not complete it by the deadline, your highest completion grade will be recorded.

General Psychology
PSYC 2301 (Sections 87 & 88)

This course will adhere to the following grading scale:

90-100 = A

80-89 = B

70-79 = C

60-69 = D

≤ 59 = F

Grade Disputes

Other than the final course grade, students have 72 hours to challenge or revisit previous a grade on any assignments/exams in the course. Due to the Family Education Rights and Privacy Act, I am prevented from discussing student grades with parents/guardians unless a waiver has been signed.

Late Work, Attendance, and Make Up Work Policies:

MCC requires that instructors of Internet classes devise a method for likening "attendance" with "participation." In this course, for a student to be counted in attendance, a student must be completing their coursework – logging in will not suffice. Students will be administratively withdrawn if they are not in attendance (i.e. not completing coursework) for any 7 consecutive days, misses five homework assignments, or are completing less than 75% of his/her coursework at any given time. Accumulation of 'absences' after the 60% date will result in an F in the course unless extenuating circumstances warrant a W – this will be granted at the professor's discretion.

Late Work

- Late work is not accepted in this class for the three following reasons:
 - Nothing assigned without the student's notification.
 - All assignments are online for an extended period.
 - Drop 2 lowest IAs and the lowest SB to allow for individual scheduling, situational, and technical difficulties.

Campus Attendance:

- Campus attendance is not regularly required for this course and all assignments and exams are designed to allow for remote course completion.

Instructional Uses of Email:

To promote effective email communication, students should:

- Use MCC email to send email to professor.
- Indicate email topic in the "Subject" line of email and include proper language, a greeting, closure, and detailed description of the question or concern. I do not respond to emails with questions that do not adhere to this format and/or can be answered by referring to the syllabus.
- PLEASE BE CAREFUL!!!! If you are upset about a grade or an assignment, etc., your emotions may result in your message to me sounding terse and rude (even if that is not what you intended). Please re-read any messages before sending.

An example of an inappropriate message to a professor would be one like this:

hey i didn't see a grade for my assignment and so can u tell me my grade?
2cute4u@bbd.com

An appropriate message: Dear Professor Edwards, I finished and submitted my assignment on memory. I was concerned that I might not have submitted it right, so I was wondering if you could check to make sure it is there. Thanks! Jane Smith
