## PUBLIC SPEAKING

### **Course Description:**

Application of communication theory and practice to the public speaking context, with emphasis on audience analysis, speaker delivery, ethics of communication, cultural diversity, and speech organizational techniques to develop students' speaking abilities, as well as ability to effectively evaluate oral presentations.

### **Prerequisites and/or Corequisites:**

There are no official course prerequisites at this time. The student should, however, be able to speak, listen, and write in English, employing at least a high school level vocabulary and correct grammar. Writing skills are necessary for completing assignments; reading skills are necessary for reading a college text and responding to test questions; and speaking is necessary to demonstrate the skills studied. The student will be expected to apply critical thinking skills including comparison and contrast, analysis, and synthesis. To improve inadequate skills for the level of this course, the student may take advantage of the college's reading and developmental English courses. Adequate English oral usage is expected for success in the course.

### **Course Notes and Instructor Recommendations:**

Public Speaking is a course where we will cover the entire process of presentational speaking, including audience analysis, selecting a topic, determining purpose of speech, researching, organizing, rehearsing and delivery. Students will give presentations in various formats on topics they select. Your role in the course is both presenter and audience member for other speakers, so we must all be respectful in either role.

Students need to access course materials in Brightspace and check regularly for class information, to submit assignments and check grades. I recommend students Opt-In on notifications in Brightspace for announcements and grades posted. Students must submit assignments in Word or PDF documents. All assignments will be submitted in Brightspace and grades/feedback will be posted in Brightspace. Presentations must be recorded and students will create and submit a link for their video. This can be completed in YouTube through your student email. Students should be familiar with Zoom and create a free account, which will be used for the group presentation. Lectures will be posted as PowerPoint slides in Brightspace. Students must have access to reliable internet and check Brightspace regularly.

### **Required Text & Materials:**

### **Student Behavioral Expectations or Conduct Policy:**

- 1) Be respectful to other students and the instructor. Students should conduct themselves professionally in discussion posts and video presentations.
- 2) Check BrightSpace for grades and other materials and Opt-in for notifications to receive announcements from class.
- 3) Work must be submitted via Brightspace by the posted deadlines. Any late work receives a ten percent penalty for each day it is submitted late. Assignments are due at 11pm on the assigned due date.
- 4) Check over the assignment instructions before submitting an assignment. Check that you've included all items required before submitting.
- 5) When you submit an item, check that you submitted the correct document in .doc or .pdf format. The item submitted will be assigned a grade. If it is the wrong document or if it cannot be opened due to being in the wrong format, it will be graded as a zero.
- 6) Remember Murphy's Law: what can go wrong, will go wrong. Do not wait until the last minute to submit assignments or coursework, since an issue may arise that delays submission and pushes it past the deadline.
- 7) If you miss a speech, you can make up one speech at the end of the semester. If no speeches were missed, you can redo a speech and the higher grade will be recorded. If you make up or redo a speech, the same requirements must be submitted.
- 8) If you have questions at any time, please email, text or call. If you do not receive an email response within 24 hours during the week or 48 hours on weekends, resend it. Communication is key!

**Tips for Online Learning:**

1. **Create a space** for completing your schoolwork. Find somewhere quiet and comfortable and free of distractions.
2. **Create a schedule** for completing your weekly assignments. Try to find a consistent time daily/weekly where you can focus on your courses.
3. **Ask questions** when needed. Although learning is virtual, the instructor is available for questions.
4. **Read instructions carefully.** At the start of the course, read the syllabus and keep it handy to refer back to instructions. Make sure you read posted announcements since they contain weekly instructions. When working on an assignment, read over the instructions when you start and then read them again before submitting your work to make sure you completed it correctly and are submitting it in the correct format.
5. **Connect to the material.** Remember that you want to take the time to understand and think about the material you're learning about. Don't just check boxes and move on. Consider how this can be used in your life and make connections to the concepts you see.
