# How Connect (the lab) Works

- Students will login to BrightSpace and go to this course. They will click on Connect Lab and follow the instructions there to get started. In the lab, students will have thirteen units to complete. Students are expected to complete each of the units by the due dates they will find in the Connect Lab area in BrightSpace.
- Students should try to achieve a 100 on each unit and definitely no less than 70. A unit with less than a 70 grade will not be counted toward having an overall completion grade of 70. Students may work ahead on lab work. Students who do not complete the entire unit <u>need to put in extra time to keep up.</u>

This example (from Connect lab) shows you how to see the progress you've made on a lab assignment. In this case the assignment is "Reading, Vocabulary, and Study Skills" and the student has achieved 97.
