MCC Bookstore Website: <http://www.mclennan.edu/bookstore/>

Methods of Teaching and Learning:

As an online course, the primary methods of teaching and learning include a combination of online reading and lectures, online discussions, and supplemental materials provided online where appropriate. Participation in online discussions will be an integral part of the learning process. You will have a weekly reading assignment in Brightspace. You will respond to a

FAMILY INTERVENTION WITH SUBSTANCE USE DISORDERS

DAAC_2307_O080

Discussion assignment from each reading, and also take an online quiz for each reading. You will also complete a four-part project related to working with families. There are four exams in the course, including the final.

The amount of time you spend with the material and the interactions you have with it dramatically affect your ability to remember it. You will need to allow regular time each week to read the assigned material and complete the assignments. Logging in daily is highly recommended, as helpful announcements, reminders, and supplemental information will be posted regularly. A high level of self-discipline is needed for successful completion of this course.

Course Objectives and/or Competencies:

This course will discuss and explain the family as a dynamic system, describe the effects of substance use disorders on the dynamics of a family system, and describe and differentiate among various family treatment processes. We will discuss the impact of substance use behaviors as they relate to diverse family structures, and analyze the roles of family members in the substance use and recovery process.

Upon completion of the course, you will be able to:

1. Identify biological, sociological, and psychological causes of SUD.
2. List symptoms of each addictive disorder such as eating, gambling, shopping, love, sex, codependence, work, nicotine and religion.
3. Compare treatment methods for each addictive disorder.
4. Define dynamics involved in the addictive family system.
5. List treatment methods used with families in recovery.

Course Attendance/Participation Guidelines:

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

- A student is absent if they fail to complete any of the assignments in a weekly module.
- A student is dropped from the class if they are absent from every module prior to the Census Date.
- A student is withdrawn from the class once they accumulate four (4) total absences prior to the 60% date of the semester.
- After the 60% date, students who are passing the course may be withdrawn upon their request.

FAMILY INTERVENTION WITH SUBSTANCE USE DISORDERS

DAAC_2307_O080

Once a student exceeds the maximum number of absences in this course, they will be withdrawn from the course. If they have previously been withdrawn from 6 courses, they must remain on the roster for this course. However, any assignments submitted or completed after exceeding the absence limit will not be accepted and the student will receive a failing grade for the course.

Course Grading Information:

Your grade in this course will be determined by a combination of:

- the average of your weekly online quizzes – 15% of your grade
- the average of your weekly online discussions – 15% of your grade
- 4 exams – 40% of your grade
- Genogram project: Quiz (5%), Outline (5%), Genogram (10%), Reflection Paper (10%) - 30% total

1. QUIZZES**Use of A.I. in any way is entirely prohibited.**

A quiz is required each week over the topic presented. Each week I will provide you with a printable review sheet to use as you read the course material and prepare for the quiz. If you read the slideshow, take good notes, and utilize the review sheet to check your understanding, you will be well prepared for the quizzes. Each of the weekly quizzes is worth 100 points, and the average of all quizzes will count toward your overall grade. The lowest quiz will be dropped automatically. The Quiz average is 15% of your grade.

IMPORTANT: The purpose of the quizzes is to ensure you understand the main concepts of each unit. The better job you do on the quizzes, the more likely you will do well on the exams, **but not everything on the exams will be on a quiz.** Short answer and essay questions should always be in your own words and not “copy/pasted” from the course materials. You will not receive credit for answers that are:

- a. incomplete or the answer is too brief (i.e., one word for instructions to “discuss”)**
- b. answers are cut and pasted instead of in your own words**

Quizzes are due by 2pm each Monday. You can attempt each weekly quiz twice; the average of your attempts will be the grade posted in the gradebook. I encourage you to take your quizzes early in the week so you have time to retake the quiz and improve your score before the deadline. Feedback on each quiz is provided for you in the “Quizzes” section under the “Assessment” link; click on the arrow to the right of the quiz and click “submissions” to see your feedback.

2. WEEKLY DISCUSSIONS**Use of A.I. in any way is entirely prohibited.**

Regular attendance and participation is required in an online class just as in a face-to-face class. Get to know the others in the class (networking), show respect and have fun. The information we cover will provide you with a strong foundation for working with personal, family, and professional situations.

Weekly participation is earned by answering the assigned Discussion question and commenting on classmates’ posts by the deadline. Each of the weekly Discussions is worth up to 100 points, and the average of all Discussions will count toward your overall grade. The lowest Discussion grade will be dropped automatically. The Discussion average is 15% of your grade.

For each module you will reply to the question and reply to two of your classmates’ posts. In order to receive full credit for Discussion responses, they need to be well thought-out posts; **posts with just a few words don’t count as a “discussion.”** Similarly, posts made all in one

FAMILY INTERVENTION WITH SUBSTANCE USE DISORDERS

DAAC_2307_O080

day do not amount to a “discussion,” since students who do this rarely log back in to see the comments their post generated. Posting the same (or very similar) comment on classmates’ posts also does not add to the discussion. Therefore, please adhere to the following guidelines in order to maximize your Discussion points:

	<u>Full Credit</u>			
<u>Number of Posts</u>	3 posts over 2 or more days 30 points	3 posts all in 1 day 20 points	2 posts 10 points	1 post 5 points
<u>Length of Posts</u>	All posts are developed paragraphs 30 points	1 post is too short 20 points	2 posts are too short 10 points	All 3 posts are too short 5 points
<u>Accuracy and Thoughtfulness of Posts (posts contribute new ideas to the discussion)</u>	All posts are thoughtful and accurate 30 points	1 post either contains inaccurate information or does not contribute to the discussion 20 points	2 posts either contain inaccurate information or do not contribute to the discussion 10 points	All 3 posts either contain inaccurate information or do not contribute to the discussion 5 points
<u>Spelling/Grammar</u>	Posts are generally free of errors 10 points	Posts contain a few minor errors 7 points	Posts contain multiple errors 4 points	Posts contain significant errors 0 points

Students who do not post anything for the week will receive a 0 for the week. Remember that appropriate online etiquette is required at all times; this information is posted in the “Getting Started” area of the course.

ALL POSTS ARE DUE EACH MONDAY BY 2PM, BUT I ENCOURAGE YOU TO POST EARLIER TO EARN MORE POINTS AND INCREASE CLASS DISCUSSION.

*****WEEKLY DISCUSSIONS AND QUIZZES CANNOT BE MADE UP UNLESS THERE IS A DOCUMENTED EXCUSE THAT PREVENTED YOU FROM COMPLETING THEM THAT WEEK. (I.E., getting sick on Monday will not excuse work that you had the entire week to complete).*****

3. EXAMS

Use of A.I. in any way is entirely prohibited.

Four exams will be given and will be 100 points each. Each exam will be 10% of your grade. Exams will cover material from the online slideshows, including videos linked in the slides. Each test will be a mixture of objective, short-answer and discussion questions. Exams will be timed, and you may only attempt each exam once. Exams are not open book or open notes; they are meant to be taken without assistance.

EXAMS MUST BE COMPLETED BY THE DEADLINE. (In RARE instances, you may be allowed to take a make-up exam. See Make-Up Test Policy below.)

IMPORTANT: If you miss an exam and have not contacted me within 1 day of the exam due date, a “0” is assigned as the permanent grade. There is no penalty for taking the exam EARLY should you have a situation arise.

4. GENOGRAM PROJECT

A.I. may be used to organize your family information at the start of the project, but it may NOT be used to help with your quiz, draw your genogram, or write your reflection paper.

You will complete a 4-part assignment, resulting in a genogram for your own family. You must include your parents’ and grandparents’ generations, as well as your family today (including partners and children, if applicable). The four parts of the assignment include the Genogram Quiz (5%), the Genogram Outline (5%), the actual Genogram (10%), and the Genogram Reflection paper (10%). The entire assignment is worth 30% of your grade. More details can be found in the Brightspace course by clicking “Assessments” and then “Assignments.”

Grade Range is as follows:

Letter Grade	A	B	C	D	F
	90-100%	80-89%	70-79%	60-69%	59% or less

A grade of C is required for graduation.

Late Work and Make Up Work Policies:

****The late work policy does NOT extend to weekly assignments, only to exams and major assignments.****

Late Work: Deadlines for exams and assignments are given at the beginning of the semester; therefore, **late work is rarely accepted and must be accompanied by a documented reason** for

FAMILY INTERVENTION WITH SUBSTANCE USE DISORDERS

DAAC_2307_O080

the lateness. I encourage you to work ahead of deadlines and not wait until the last minute to turn in work. If late work is accepted, it will automatically lose points according to the chart below. **I will not accept late work that is more than 1 week past the original deadline for any reason.**

Less than 24 hours late	5 points deducted
24 - 48 hours late	10 points deducted
3 - 4 days late	15 points deducted
5 - 6 days late	20 points deducted
Up to 7 days late	25 points deducted
After 7 days late	Assignment not accepted

PLEASE NOTE: You should not wait until the last minute to complete assignments, quizzes or tests. I may not be able to reset tests unless on campus, so if you are in doubt, all work should be completed during the week and not on the weekend.

Assignments must be turned in according to the instructions for that assignment. I will not accept work that is emailed to me.

You will be permitted to make up class work and assignments missed due to absences caused by documented reasons including (1) authorized participation in official College functions, (2) personal illness, (3) an illness or a death in the immediate family or (4) the observance of a religious holy day. Also, I have the prerogative of determining whether you may make up work missed due to absences for other reasons. **It is your responsibility to inform me of the reason for an absence and to do so in a timely fashion (immediately before or after the absence).** This may be done with a phone call, email or in person.

Make-Up Test Policy: You are expected to complete all tests at the time designated by the class calendar. Should it be necessary to miss a test, there will be an automatic deduction of 15 points. Make-up tests are to be completed within one week of the regularly-scheduled test. If the test is not taken within the first week after the original test, the grade for the test will become a zero. You will only be allowed to make up one test per course for each semester.

As the professor, I retain the right to determine if the reason for an absence justifies not deducting points. This would only be for unusual circumstances (wreck, hospitalization, etc.).

Please Note: It is ALWAYS better to have a low test grade than to have a zero!

Attendance Policy (please also see the Course Attendance/Participation Guidelines on pages 3-4): Regular and punctual attendance is expected of all students, and each instructor maintains a complete record of attendance for the entire length of each course, including online, blended, and hybrid courses. You will be counted absent from class meetings or online assignments missed, beginning with the first official day of classes. Whether present or absent, you are responsible for all material presented or assigned for a course and will be held accountable for such materials in the determination of course grades.

You are able to check your absence count by clicking on “Attendance” under the “Assessments” link. If you encounter a situation that makes it difficult for you to keep up your participation in the course, please reach out to me for assistance.

In very rare cases, a grade of Incomplete (“I”) may be given when a course is not completed because of a student's absence caused by reasons acceptable to the instructor. To be eligible, you must have essentially completed the course and only be missing the final few grades. If work is not made up within the following long semester, the "I" will be changed to an "F".

Student Behavioral Expectations or Conduct Policy:

You are expected to demonstrate respect to others in the classroom (regardless of format) and to demonstrate professional behavior at all times. The classroom is an excellent place to practice behaviors that are expected to be used in the workplace with clients and coworkers. As the professor, I reserve the right to protect the learning environment for everyone in the class, including removing a student whose behavior interferes with a collaborative, professional, and respectful atmosphere.

Cheating is not tolerated. Any student who cheats will be subject to grade reduction, re-doing of assignments, and/or expulsion from the class. Examples of cheating include but are not limited to:

- copying the work of another student
- seeking excused absences/tardies under false pretense
- plagiarism
- turning in work you completed for a different class or the same class during a different semester
- using Artificial Intelligence (A.I.) outside of the permitted scope of each assignment. Please refer to the stoplight icons next to each assignment above to ensure you are using A.I. within permitted parameters.

FAMILY INTERVENTION WITH SUBSTANCE USE DISORDERS

DAAC_2307_O080

It is expected that the work you submit for this class is created solely for this class during this semester and not for another class. To write a paper, project, etc. and submit it for a grade in two different classes, even over different semesters, is highly unethical. Students caught doing this will receive a zero (0) for that assignment.

All work submitted in this course must be your own. Contributions from anyone or anything else must be properly quoted and cited every time they are used. Failure to do so constitutes an academic integrity violation, and the institution's policy will be followed in those instances.
