Course Attendance/Participation Guidelines:

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

Before the 60% point of the semester, a student who is absent for 25% or more of a face-to-face or blended course or who misses 25% or more of assigned work for an online course will be withdrawn from the course with a grade of W. A student may also request to be withdrawn with a grade of W before the 60% point of the semester. After the 60% point of the semester, the student may request to be withdrawn if the student is passing, or be assigned the final grade earned at the end of the semester after grades have been updated to reflect missing work.

Course Outline or Schedule:

The course in a nutshell:

---No book, no reading!

---Watch a video, fill out a study guide and take a quiz.

---Use Youtube to find videos of artists for our discussion boards.

---Be prepared to spend at least 3 hours a week on this class during the Fall and Spring terms and 10 hours per week during the summer terms.

---You will need to access to Netflix for the last 2 weeks of the class to view Hip Hop Evolution.

---You can stream the main documentary series: SoundBreaking and Sonic Highways. These are becoming more available on YouTube.

---All other documentaries are on Youtube.

The due dates for all work are due on a Weekly basis. Discussion Board (DB) main responses are due by midnight Thursday. Two quizzes per week are due by midnight Sunday as well as 3 DB responses. I allow for quiz make-ups but remain firm on due dates for all DB posts.

VIDEO LECTURES- (50% of your grade) These documentaries are located in various places: You can stream or purchase some from Amazon, view others on Youtube, Netflix or Dropbox. You are to view each program and then fill out the outline. There are 2 videos per week in the fall and spring semesters and 6 videos per week in the summer terms. These will cover the entire spectrum of American Music. There is a documentary on ***Jazz***, a 4 part series on ***Country Music***, a two part series on the ***Blues***, a two part series on ***Latin Music.*** ***SoundBreaking*** is a 10 part documentary series made by PBS. ***Sonic Highways*** is an 8 part series made by rock musician **Dave Grohl**. We will watch a 4 part series on Netflix called ***Rap Evolution***. Also included are overviews of decades from the 50's through the 90's. **There is overlap of alot of the material**, but that will help you see what is important and reinforce what happened in each decade.

Warning: In the Hip Hop Evolution series and Sonic Highways series there is some curse language being used by our rock and rap pioneer friends. My apologies, but the depth and scope of these series makes up for those who are using the "King's English." If this is offensive to you and you feel that you are forced to listen to this and want to complain, please consider dropping the course. (This is no worse than your average cable channel or Hollywood movie.)

SoundBreaking Link to Buy or Stream (The series is available for around $21.) Streaming episodes are $3, we will watch 7 episodes= $21.

Sonic Highways Link to buy or stream (There are used copies of the series for less than $6. Streaming episodes are $3, we will watch 7 episodes.

Netflix offers the first month free so you should be able to get by with that if you don't already have the service. We will watch Hip Hop Evolution (all 4 episodes) during the last two weeks of the semester.
All other video lectures will be on **Youtube**. These links are available throughout the course!

DISCUSSION BOARDS- (30% of your grade) You are **required** to participate in the weekly Discussion Boards (DB) that will focus on relevant topics of the week. There is two DB per week in the fall and spring semesters and 3 DB's per week in the summer terms. You are required to make a 200-300 word post and then read other classmates posts and respond to 3 of them. ANY USE OF AI GENERATED POSTS WILL BE GIVEN AN AUTOMATIC ZERO.
Short generic posts that appear rushed will not be counted. I read them all and try to respond to them. I consider this part of the course very important because you will form opinions about subject matter and get to know the famous performers of each musical decade. DB's must be completed on a weekly basis. Completing all DB's late (after a week is over) or on the last class day is not allowed. I will grade DB posts and there will be a grade in the grade book for them along with teacher comments.
Feel free to post earlier with main posts and responses, dates given are the latest acceptable dates and times. The earlier you and others post, the easier it becomes for all of us. Feel free to do more, your effort will be recognized at the end of the term!

The rules for posting; Make a main response by midnight Thursday and make a total of 3 responses to other student posts the last 3 days of the week. To be clear, that is 4 total posts per assignment. (8 week courses will have two DB's per week.) (In the summer terms there are 3 DB's per week and the due date varies, depending on which day of the week the term begins.) This will help make the DB a discussion and not just responses at the last minute. DB's are due by 11:59pm the last day of the week. Also, there is a word minimum and maximum so students don't write too much or too little. The requirement is 200-400 words per main post. Responses should be at least 100 words, so pick responses that inspire you to write!

AI POLICY (Very Important!)
For discussion board main posts, please use Wikipedia to provide Artist bio's. I like Wiki

because I can clearly see what's from the site. Please post your opinion in a new paragraph underneath the biography.

The use of generative AI tools (e.g. ChatGPT, Dall-e, etc.) is permitted in this course for the following activities:

• Finding information on your topic;
• Checking grammar and style. (Like Grammerly)

The use of generative AI tools is not permitted in this course for the following activities:

• Impersonating you in classroom contexts, such as by using the tool to compose discussion board main posts or responses.
• Writing entire sentences, paragraphs or papers to complete class assignments. You are responsible for the information you submit based on an AI query (for instance, that it does not violate intellectual property laws, or contain misinformation or unethical content). Your use of AI tools must be properly documented and cited in order to stay within university policies on academic honesty. Any assignment that is found to have used generative AI tools in unauthorized ways will result in:
• DB Main Post- You are allowed to use Wikipedia for career summaries in the DB. You are also required to include **your opinion** of the content of your post. In the case that your opinion is AI generated the penalty will be ZERO points.
• No points for an AI DB response. The response is based on your opinion or reaction to another students post. Summarizing the artist's career again is not a proper response or opinion.
• As tempting as it is to use AI for your college work, just know that it is very easy for your professor to check your work by running it thru an AI detector.

Course Grading Information:

---Video Lecture quizzes may be taken two times and =50% of your grade.

---Discussion Board posts are graded and= 30% of your grade.

---Midterm exam covers about 14 video lectures and can be taken only once= 10% of your grade

----Final exam cover about 14 video lectures and can be taken only once= 10% of your grade.

Late Work, Attendance, and Make Up Work Policies:

I allow make ups for all quizzes as follows:
---Quizzes for unit's 1-7 can be taken or made up until the midterm period is over, then unit's 1-7 are turned off.
---Quizzes for unit's 8-14 can be taken or made up until the last day of class for the semester.

I DON'T ACCEPT THE DB'S TO BE MADE UP LATE.

Sometimes life gets in the way of a semester, please notify all of your professors of life changing events and let us try to accommodate your needs as best we can. If a grade of incomplete is given, you have a semester to get it made up.

Student Behavioral Expectations or Conduct Policy:

Since we meet face to face, most of our interactions are done in class and on the Discussion Board. Please be respectful of others when responding in class and in discussion board postings. I will not tolerate foul language or disrespectful remarks. Everyone is entitled to an opinion and we can learn from everyone. This class should a "labor of love" if you love music. Please treat others with respect. I can and will remove any DB posts that are offensive in any matter. If there is a situation with another student please contact me ASAP so it can be resolved.
