Course Attendance/Participation Guidelines:

If a student is not in attendance in accordance with the policies/guidelines of the class as outlined in the course syllabus as of the course census date, faculty are required to drop students from their class roster prior to certifying the respective class roster. A student's financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

Before the 60% point of the semester, a student who is absent for 25% or more of a face-to-face or blended course or who miss 25% or more of assigned work for an online course will be withdrawn from the course with a grade of W. A student may also request to be withdrawn with a grade of W before the 60% point of the semester. After the 60% point of the semester, the student may request to be withdrawn if the student is passing, or be assigned the final grade earned at the end of the semester after grades have been updated to reflect missing work.

Additional Attendance Info:

Regular and punctual attendance is expected of all students. The instructor will maintain a complete record of attendance for the entire length of each course. Students will be counted absent from class meetings missed, beginning with the first official day of classes. Students, whether present or absent, are responsible for all material presented or assigned for a course and will be held accountable for such materials in the determination of course grades. Instructor will follow the MCC attendance policy strictly. For this semester, if a student has not completed any work by January 28, they will be automatically withdrawn from the course due to non-participation/attendance. Also, the 60% course date for this semester is March 26, 2026. A student who has missed 9 graded tasks (of any kind) by this date will be automatically withdrawn with a W. Students who miss more than 25% of course work after this date will receive the grade earned in the class once all completed work is graded and all missed assignments have been graded as 0. A student may only be withdrawn from this class after the 60% date by student request, and at the discretion of the instructor.

Course Grading Information:

The final grade will be based on the student’s average of 4 Unit Test Scores, a Final Exam, 13 Connect Practice Sets, 12 Assignments, and 5 Discussion Boards.

Unit Tests: The 4 unit tests will be conducted on Brightspace. **COMPLETION OF TESTS BY DUE DATES IS MANDATORY!!** If a student is unable to complete a test, the student must inform the instructor prior to the due date. **ONLY 1 TEST MAY BE MADE-UP! If a second test is missed, it will be considered an automatic 0 for the grade.** No project can replace a(n) test/exam score. If these guidelines are not followed, the instructor has the right to reduce possible grades and/or fail the student for lack of compliance with course requirements. The instructor also holds the right for alternatives at her discretion. Each test will be weighted at 10% of the final grade.

Final Exam: The final exam will cover the lessons, power points, and reading of the last 4 chapters (chapters 14-17). However, 25% of this final will also cover previous material and be cumulative of the course. The final will be available after the material has been covered and will be due at midnight on **Tuesday, May 5. No exceptions will be made for taking this test early or late!** The final exam will comprise 10% of the student’s final grade.

LIFESPAN GROWTH & DEVELOPMENT

PSYC 2314 - W081, W082, & W083

Connect Practice Sets: The average of 13 chapter practice sets will make up another 20% of the final grade. The Connect practice sets are progressive learning, so number of questions depends on students accuracy of their first answers given. **Practice Sets have strict due dates and therefore CANNOT be made up!**

Discussion Boards: This course has an introductory discussion board and 4 other discussion boards (one in each unit). Each DB requires a 100-word primary post and a 50-word reply post. Each DB is worth 100 points and the average of these comprises 15% of the student's overall grade. **DBs will NOT be opened after they close!**

Assignments: The final 15% of your final grade will be the average of your scores from your weekly assignments. These are various assignments (i.e. short quizzes, individual projects, etc.) that you complete by Sunday night of each week. They are usually connected to some topic or activity to be covered during the week. Each assignment is worth 100 points and the average of these will make up 15% of your total, final grade. (Note: There are 12 assignments.)

Assignments also CANNOT be made up past their due date!

Grading Summary:

Test 1 (Chapters 1-2) =	10%
Test 2 (Chapters 3-6) =	10%
Test 3 (Chapters 7-10) =	10%
Test 4 (Chapters 11-13) =	10%

LIFESPAN GROWTH & DEVELOPMENT

PSYC 2314 - W081, W082, & W083

Incomplete Grade:

Only students who have completed and passed 80% of the course requirements will be eligible for an incomplete. Illness, death in the family, or other extenuating circumstances needs to be present; and consultation with the instructor is mandatory.

Student Behavioral Expectations or Conduct Policy:

Each student is strongly recommended to participate in class. Due to the diversity of the students, many different viewpoints will be held. Students may not only disagree with each other at times, but the students and instructor may also find that they have different views on sensitive and volatile topics. It is my hope that these differences will enhance the class and create an atmosphere where students and instructor alike will be more encouraged to think and learn. Therefore, be assured that your grade will not be adversely affected by any beliefs and/or ideas expressed in class or assignments. Respect will be given for the views of others when expressed in classroom discussions. The instructor expects students to also treat each other with respect and manifest appropriate classroom behavior.

If the instructor becomes aware of cheating or plagiarism, an automatic 0 will be given for that task. These behaviors will be reported as per MCC policy. See MCC's policy on Academic Integrity for more information.
