A student’s financial aid will be re-evaluated accordingly and the student will only receive funding for those courses attended as of the course census date.

Before the 60% point of the semester, a student who is absent for 25% or more of a face-to-face or blended course or who misses 25% or more of assigned work for an online course will be withdrawn from the course with a grade of W. A student may also request to be withdrawn with a grade of W before the 60% point of the semester. After the 60% point of the semester, the student may request to be withdrawn if the student is passing, or be assigned the final grade earned at the end of the semester after grades have been updated to reflect missing work.

**Late Work and Make Up Work Policies:**

There is always compassion regarding this course and the processes needed to understand Liberal Arts Math but there is a personal responsibility in knowing this class exists and needs as much attention as the Math 1332 class.

- **If 3 weeks of non-participation with the response emails or metacognition pdfs occur, the penalty is receiving an email and if no response a drop will happen. This will cause you to be dropped from Math 1332 as well**

- **If there are 2 weeks without receiving the week's assignment, then an absence will occur a "0" given for that assignment**

This course is meant to address technology and offer practice in understanding Quantitative Reasoning.

**Student Behavioral Expectations or Conduct Policy:**

- Having someone else do your online assignments is a violation of the academic policy and either may result in failing grades and/or being dropped from the class. Infractions such as these will be reported to the administration for tracking and permanently placed on your transcripts as well as possible college action.
- You must be committed to participating in this course. Communication on homework problems have to be done via e- mail.
